Universal Demand That Kaiser Cease Talking About Public Affairs. Bundesrath Declares Itself. Demands of Socialist.

BERLIN, Nov. 11.-Chancellor Buelow is to meet Emperor William at Klei next Monday. If they agree on the matter of future policies, and if the Chancellor is to remain in office, the German people will at once be informed that His Majenty accepts the spirit of the declarations made in the Reichstag by the Chancellor last Tuesday. Those statements were that neither Prince von Buslow nor any succeeding Chancellor could remain in office unless His Majesty is more reserved in his utterances. The Chancellor will take with him to

Kiel evidence of the feeling in the country regarding the Emperor's independent action in matters of state. He will set forth, first, that the foreign effects committee of the Bunderath, or Federal Council, is firm in the opinion formulated at the meeting held yesterday that it would be wiser for the Emperor not to express views affecting the relations of the Empire with other countries except through his responsible Ministers, which optnion derives weight from the fact that the governments of Bavaria, Wurtemburg and Saxony were represented on Kiel evidence of the feeling in the counthe governments of Bavaria, Wurtemburg and Saxony were represented on the committee; second, that the entire Reichstag assented to the assertions made by the speakers on Tuesday that the Emperor had exceeded his constitutional prerogative in private discussion with foreigners concerning Germany's attitude on controverted questions, and third, that the feeling of the people at large on this matter was accurately indicated by the press of the country.

Say Kaiser Must Be Cautious. Practically all the leading journals of the empire have taken the position that the Emperor must be more cautious in the future. The Cologne Zeitung, the most influential paper in the country, semi-official in foreign politics, but in-dependent respecting internal affairs,

"We have the right and the compre hensible desire to learn upon what the Chancelor rests his conviction that the errors committed will not be repeated; whether or not he has spoken with the Emperor and was empowered to give an explanation.

"The Chanceller has not given us an answer to this question and we can only regret that the point has not been only regret that the point has not over cleared up. Reassurance on this matter was the last that could be expected even by those who do not desire strong measures of interference or changes of organization, but only seek proof of measures of interference of change of organization, but only seek proof of an enduring and practical change in habits heretofore indulged. Perhaps the Chancellor is not in a position to give an explanation because in the absence of the Emperor he has not been able to discuse the matter with him.

Want Emperor in Berlin.

Want Emperor in Berlin.

"We must speak plainly. It is incomprehensible that the Emperor apparently regards what is happening in Bertin as so unimportant that he does not
interrupt his journeys, hunting parties
and court festivities to return to the
capital. A government on the tramp has
for long been a bitter spectacle to the
nation and it was unnecessary that the
present circumstances should again afford, apparently, proof that the coherence of the government suffers by the

ford, apparently, proof that the congrence of the government suffers by the uninterrupted imperial journeyings."

Emperor William and the Chancellor have exchanged views freely by telegraph, but there is excellent authority for the statement that nothing has been said on either side that would prevent Von ntinuing as Chancellor,

Socialists Demand Change.

The Socialists and Centrist members of the Reichstag today demanded a change in the fundamental law that shall make Imperial Chancellor respons the Reichstag instead of to the Emperor and two motions to this end were laid on the table. The Socialists demanded also that the

responsibility of the Chancellor be ex-tended to the dealings and utterances of the Emperor and that the Reichstag have the power to demand the dismissal of the

Mr. Young From Clark Case.

CAKLAND. Cal., Nov. 12.—"At the present moment the Rev. Payson Young is utterly of no value to me in my acarch for the missing Edna Clark," said Capain of Detectives Peterson today. "Yesterday I was called into the case, and today went to the rooms of Mr. Young in company with his physician, Dr. Pomeroy. I questioned him closely concerning his past life, and his recent doings and brought every phase of the case I could think of in regard to any connection he may have had with the girl's disappearance. His answers were frank and given unhesitatingly.

"He relterated statements heretofore"

AUSTRIA STILL DELAYING Withholds Consent to Congress,

While Servia Spreads Falschoods. ST. PETERSBURG, Nov. 13.-The expected note from the Austro-Hungarian government has been delayed ecause, it is believed, Baron von Achrenthal desires to note the progress of the negotiations between Austro-Hun-gary and Turkey before committing himself on the question of an interna-

tional congress.

Russia is doing her utmost to relieve the tension of Austro-Servian relations, but the statements persistently sent out by Servian representatives that Emperor Nicholas is fully committed to a pro-Servian policy have a lamentable effect upon pubus copinion here. In authoritative circles in St. Petersburg these statements are

Minister.

PISA, Italy, Nov. 13.—M. Milanovich, the Servian Minister of Foreign Affairs, was received in audience today by King Victor Emmanuel at San Rossore, the royal estate near here. The Minister explained the situation in Servia and said it is necessary for Servia to protect herself against the Austrain "invasion." He strongly stigmatizes the methods of Austria and said that after the annexation of Bosnia and Herzegovina, although the diplamatic relations with Servia were unaltered, Austria treated Servia as though war had been declared and prevented the entrance into Servia at the Austrian frontier of railroad material and military supplies ordered previously from Germany and France and even from Austria herself. Austria, the Minister continued, after having torn up the treaty of Berlin, was now Ignoring existing commercial treaties with Servia.

OUTLOOK HAS OILY HUE President, However, Unruffled Con-

cerning Ownership of Magazine.

NEW YORK, Nov. 12.—Much interest was occasioned here today by the publication of a report that James Stillman, President of the National City Bank, popularly known as the "Standard Oil Bank," is controlling owner of the Out-Bank," is controlling owner of the Outlook, of which President Roosevelt is to become a "contributing editor," when he retires from office. Officers of the Outlook Company refuse to make public the name of any of the owners of its \$150,000 capital stock. The published report credited Mr. Stillman with owning 1000 of the total issue of 1550 shares. W. B. Howland, treasurer of the Outlook Company, stated today that Mr. Stillman had owned 10 per cent of the publishing company's stock for the past 30 years, but had no active voice in the management. the management.

WASHINGTON, Nov. 12.—The publica-tion in New York today of the story that the Outlook Magazine, with which Presi-dent Roosevelt has signed a contract to become an associate editor, is controlled by James H. Stillman, designated as the "silent man of the Standard Oil party, the trustee and business associate of the malefactors of great wealth," brought forth from the White House today the fol-lowing statement:

lowing statement:

"The President has not the slightest concern with the question as to who are the stockholders of the Outlook. His concern is with the general policy of the paper, which is, and has been, consistently admirable in every respect. The President will be responsible only for what he himself writes, and his probable future attitude must be judged by his action in the past."

Y., who probably will be chairman of the House committee on foreign affairs the House committee on foreign amairs in the Sixtry-first Congress, and who visited the President today, nothing will be done at the coming short session of Congress with the Japanese exclusion bill, now pending before the foreign affairs committee, unless there is an urgent demand for immediate action on the measured of the control of the postion of the postion. re, either affirmatively from the Pacific coast or negatively from the Japanese lovernment. BAN ON ALL FRATERNITIES

Berkeley Superintendent Issues Ultimatum to High School Students.

BERKELEY, Cal., Nov. 13 .- No suc ultimatum to the high-school fraterni-ties has ever been issued in this state as was uttered yesterday by Superin-tendent Frank F. Bunker, of the Berke-ley schools. The students were told that unless the charter of every fra-ternity and serority in the school is returned at once to the National head-quarters, those who retained member-ship would be aummarily expelled from the schools. In a lengthy denunciation the schools. In a lengthy nenunciation of the societies, which have existed in spite of several rulings of the Board of Education, Bunker declared that the fraternities not only discupted the school, but also aroused a false social feeling by the promotion of cliques. In addition, he contended, membership was an interference with studies.

MILLION FOR SLUM WORK

Topeka Meeting Appropriates Vast Sum for Home Missions.

TOPEKA, Kan., Nov. 13.—The feature of today's meeting of the Home Missions of the Methodist Episcopal Church was the appropriation of \$800,000 for mission.

for church extensions, but the motion was laid on the table.

BULLET GREETS APOLOGY Congressman's Son Shoots Down Traveling Man on Street.

NASHVILLE, Nov. 13 - A dispatch from Waynesville, N. C., today, amounces the fatal shooting of David Vaughn, a travelthe appropriation of \$60,000 for mission work in America and the request for \$1.560,000 for the church. The funds are to be used largely for work at the frontier posts and in the city slims. Eighteen out of the 20 bishops of America took part in the proceedings.

Of the \$90,000 appropriated today, \$5.50 per cent was declared for church extension and the balance for home missions. The sum of \$41,000 was first deducted from the total for debts and about \$100,000 for administration expenses. After the grand total had been decided upon the rest of the day was occupied in apportioning the disbursements by states California asked for one-fifth of the total appropriation.

THEOSOPHISTS WIN CASE

Court Refuses to Take Child From Point Loma School.

SAN DIEGO, Cai., Nov. 13.—Judge Lewis, of the Superior Court. today rendered his decision in the case of John Fitzpatrick against May Fitzpatrick, for the custody of their child, which has become of especial interest because the Universal Brotherhood and Theosophical Homestead were involved, in that the child has been in the custody of the homestead. The decision leaves the custody of the child with the mother, and therefore at the Theosophical Homestead, where the mother resides. In a petition to modify the decree of Homestead, where the mother resides.

In a petition to modify the decree of divorce by which the custody of the daughter was awarded to the mother. Fitzpatrick asked that the child be given to him on the ground that the mother had abandoned it to the homestead; that it was not properly nour-

ished, and that it was taught Theosophy instead of Christianity.

Judge Lewis decided that these charges had not been proved, but it had been proved that the people at the homestead had been particularly watchful of the welfare of the child.

The Judge decided that the law would not permit him to go into the question of religion, but that the testimony showed that Theosophy as a religion was not taught in the school.
