QUIET BUT FIRM GRAIN

Better Demand for Lower Grades of Hops - Apples in Oversupply. Condition of the Local Potato Market.

Beginning today, the grain department of the Merchants' Exchange and hold its daily session at 11:00 A.M., instead of 1:20 P.M., as the dealers find it more convenient to meet in the forenoon than in the after-

All the grain markets were inclined to be quiet resterday. While there was very little deing in wheat, the undertoon con-tinued firm. Cables to the Marchants' Ex-change showed a sharp advance of 6 to 3d in cargoes. The December option at Liver-peol closed had lower, but there was an ad-vance of hid in May. Monell's Purchases.

Hop designs report a better inquiry from the East for the lower grades of hops, which, up to the present time, were almost beglected. Wires are also coming in ordering deferred shipments to be forwarded.

Mener Bros. have been kuying freely in the past few days, thele purchases aggregating \$25 hales. In addition to 250 hales benight from a dealer, they secured 35 hales from F. J. Miller, tox bales from Mrs. Jackson, 55 bales from Lemks & Jordan and 63 hales from Pardes, ell of Hubbard, as well as a 30-hale lot at Harrishurg and 51 well as a 90-bale lot at Harrisburg and 51 es at Mr. Angel. The prices paid ranged 16 7% cents.

Marani conditions in New York are reported by the state purpers as follows:

The market is still firm in tone, although there is but little doing in the way or Daying or selling. Holders of the best lots are not offering and as there is little or no domand for the poorer grades, buttness is practically at a exasistill just now. We hear rumors of 12 and 12 cents being paid in other places, but thus far 12% cents marks the limit of our home market.—Waterville Times.

There have been brought in the local market the paid week between 200 and 400 hales of hops of a good grade at prices ranging from 11 to 12c.—Cooperstown Farmer.

Parmers.

Dealers are busy among local growers picking up a lot here and there at former prices. It is stated that these purchases are made to cover short contracts with brewers.—Scholarie Republican. The largest share of our hops are now haled, and buying continues at from 11 to 25 cents. David "Lawyer sold his crop of 50 hales at 12% cents to Howard Shafer & Co. All indications are that choice crops and long growths will being heter prices in the near fature. Joseph Retallich, or Marshville, weld his hops to Mr. Clark, of Oneonta, at 11% cents per pound.—Cobbleskill Times. Top prices of hops in New York City, assported by the United States Department

IRREGULAR MARKET

Selling Orders From Domestic and Foreign Sources Cause an Early Decline, Which Later Gives Place to Recovery.

NEW YORK, Nov. 13.—Mixed viers over the speculative outlook found their reflec-tion in the spotty and somewhat irregular tone of the stock market today. The con-tents of letters and circulars from stock commission houses show the growth of con-servatism in that element, due to the ex-lant and the rapidity of the advance in prices which has occurred since its risc-tion. Point was given to this advice by the reactionary lone of the market at the class of last week.

The court decision that the American Tobacco Company is in violation of the Sherman anti-trust law is receiving closer attention and the further study of its contents intensifies the impression of its wide scope and the sweeping application it must have to all the great corporations. More attention also was given to the question of tariff revision and its probable bearing on husiness activity and on special interests. News of the Government suit to collect back taxes from the American Sugar Refining Company weakened that stock. A decline in General Electric was traceable to reports of the orders received and the volume of sales of the company for the third quarter of the year, showing so large a decline from the corresponding quarter in recent years as to dampen enthusiasm. This report was also published last week, but without effect until today.

Absence of Flour Trade Adds to the Weakness of the Chicago Market-Corn Easy and Oats Are Steady.

CHICAGO, Nov. 16.—Following a light advance at the opening, the wheat market was weak the remainder of the day, pit traders in general being disposed to sell. Offerings, however, were held in check to some extent by continued dry weather in many parts of the Winter wheat helt and by a report which claimed a 20 per cent decrease in acreage seeded to wheat this year in Kansas, compared with the previous year. There was no evidence of selling by the leading longs and trade during a greaker part of the session was quiet. The chief reason for the selling pressure was the continued free movement of wheat to the Northwestern and Southwestern markets. Receipts at Winniper ioday were 1206 cars against 641 the corresponding day last year, and those at Minneapolis and Dultin were also liberal. At Kansas City and St. Louis the arrivals were more than double those of inst year. The total absence of flour trade added to the weakness of the market. The close was week at almost the lowest flaures, final quotations on December being at \$1.02% and on May \$1.07%.

Corn opened firm with wheat, but soon weakened on prodit-taking and continued weak the remainder of the session. Prices at the sample tables were 15c lower and Eastern demand was very slack. The close was week at the lowest point with December \$6.6 %c lower at 62%c. May closed at 12%c.
