KEPT OFF RECORD

Federation Paper Blank on Danbury Hatters' Case.

MATTER JUST MENTIONED

Official Publication Has Little to Say Regarding Discussions on Subject—Contest Over Seating Delegates.

DENVER, Nov. 17.—Yesterday's discussion of the Danbury hatters' case and the working of "government by injunction" generally was entered into. This was followed by a discussion of how these could be remedied by political action. Those taking part in the discussion were President Gompers, Delegates McCullough, O'Sullivan, Hayes (Max S.), Grout, Gallagher, Purseath and Walker.

A major portion of the single session held today was devoted to the controversy in the Electrical Workers' Union. The discussion was acrimonious and at times personalities were indulged in. The matter came up on the report of a special committee which has been considering the credentials of delegates from the contending factions. The committee recommended the seating of F. J. McNulty, E. W. Collins and J. J. Fay, and refused the credentials for H. W. Potter, H. W. Sherman and J. J. Reid.

It recommended also that a special convention of the union be held at St. Louis January 15, 1909, and urged the two factions to "get together."

Agreed to Resign.

After the discussion of the committee's report had lasted more than two hours, Messrs. Potter, Sherman and

BISHOP IS SATISFIED

Methodist Clergyman Praises Taft's Catholic Letter.

JUDGE'S POSITION CLEAR

President-Elect Accorded Tremendous Ovation at Cincinnati When He Is Recognized in Box at Theater.

CINCINNATI, O., Nov. 17.—President-elect Taft left tonight for Hot Springs, Va.

"I have not seen a politician nor discussed any political question since coming here," said Judge Taft today. "I think I have accomplished my purpose in coming here, which was a personal business matter in which there is no public interest, nor should there be."

Bishop Oldham, of the Methodist Episcopal Church, who has spent several years in the Philippines and came to this country to attend the recent missionary conference at St. Louis, had a long talk with Judge Taft today relative to Philippine matters. Incidentally the bishop took occasion to express his hearty approval of the recently published letter written by Judge Taft to a St. Paul clergyman, in which he made clear his position relative to the Catholic Church.

Judge Taft is planning a trip to Cuba early in February to witness the relinquishment of American authority and the inauguration of the new island government.

President-elect Taft was given a cordial reception at the Grand Opera House last night, when for the first time since his election he attended a theatrical performance, witnessing the Viennese opera, "A Waltz Dream." Mr. Taft occupied a box with Charles F. Taft and Miss Taft, but was not recognized until the intermission between the first and second acts. A storm of applause then greeted him, and he acknowledged it with a bow.

The demonstration of the evening occurred, however, at the conclusion of the second act, immediately after the applause had died away after the climax, the orchestra struck up "The Star-Spanned Banner," and the entire audience

FORFEITS ART TREASURES

on two continents, and Mrs. Chadborne, a member of the wealthy Crane family of Chicago, met in Paris and, when Mrs. Gardner decided to return to America, she turned a number of her art treasures over to Mrs. Chadborne. The latter transferred her residence to England and used them in decorating her new home. When she, in turn,

from the boxes to the gallery rose and stood while the National anthem was being played. Then a tumult of applause broke forth, and a veritable mob of his friends for liberty, which carried the case before the United States Supreme Court, has attracted wide attention.

Billek, a fortune-teller, whose income was derived from the ignorant and superstitious, used arsenic in causing the death of the Yzrais, all of whose lives were insured and which money Billek is said to have planned to secure. He was first sentenced on October 7, 1907, and since that time he has been repleved four times.

Billek's last hope, a slender one in view of the previous attitude of Governor Deneen, is that the death sentence may be commuted to one of life imprisonment.

started for her native land, she decided to bring back with her the valuables entrusted to her by Mrs. Gardner, with the purpose of turning them over to their owner. When the case came to light, friends of Mrs. Chadborne declared that, ignorant of business and legal technicalities, Mrs. Chadborne believed that the works of art, having been used in her house for decorative purposes, really were household effects.

Blaze in Government Stores.
NEW YORK, Nov. 17.—The big government warehouse used as a medical supply store for the Department of

the East, at 393 to 396 Washington street, was badly damaged by fire today. The fire was confined to the sixth floor, where it started, but fully \$50,000 worth of tents, blankets, stools and other bedding stores were ruined and the floor was flooded. It is believed that medical stores valued at \$400,000 in the lower floors escaped damage.

Gas Explosion Kills Two.
KANSAS CITY, Nov. 17.—Two persons, a laborer and a boy, were killed and six others injured as a result of an explosion of gas in the basement of a commission house on North Walnut street today. The injured will recover.
