STORIES OF GUNNESS FIRE

First Men on Scene Testify—Defense Theory Is Suicide.

LA PORTE, Ind., Nov. 19.—Carefully working up to the evidence with which he will try to show that Ray Lamphere set fire to the home of Mrs. Gunness and thereby supposedly caused the death of Mrs. Gunness and her three children, Prosecutor Smith, in the trial of Lamphere yesterday, unraveled before the jury stories of the fire told by men who were earliest on the scene. The greatest interest naturally centered about the testi-

mony of Joseph Maxson, Mrs. Gunness' hired man, who escaped from the burning Gunness home. Indirectly Mr. Weil, attorney for the defense, on cross-examination tried to imply that Mrs. Gunness on the night of the fire had "doped" Maxson in the oranges which he ate, but he denied this absolutely. Associate Counsel Sutherland, of the state, announced today that the state would not use a number of witnesses originally subpoenaed because it was felt that certain propositions had already been fully established, and that further evidence along these lines would be superfluous.

FROM A CIVIL WAR VETERAN

Tells How He Was Cured of Rheumatism After Fifteen Years of Suffering.

Mr. John D. Laughlin, whose address is R. F. D. No. 1, Burns City, Marion Co., Ind., is known and highly respected throughout that county and has lived on his present farm for 68 years. During the Civil War Mr. Laughlin served in Company B, 27th Indiana Volunteers and his sickness was the direct result of the hardships of the war. After years of pain he found a cure in Dr. Williams' Pink Pills and his statement should be read by every rheumatic sufferer.

"I was discharged from the army in September, 1864, a physical wreck, weighing only 97 pounds," he says, "and soon after became seriously afflicted with rheumatism. My feet and ankles were swollen and my arms were drawn up stiff and at times I could not lift them for they felt lifeless. There were darting pains that shifted from one part of my body to another and kept me in misery all the time. At night I could not sleep and my heart troubled me. I was frequently confined to my bed.

"I tried several doctors but got little help and no encouragement from them for they said I could not expect to live for more than a year or so even with the best of care and advised me not to try and work. I then tried many remedies but with little benefit until I began to use Dr. Williams' Pink Pills. I had been sick for about fifteen years before I read about these pills and bought two boxes for a trial. These helped me some so I kept on taking them until cured. I always keep them on hand to take occasionally if I feel I need a tonic. I gained in weight and have done as much work as most of my neighbors. I often recommend Dr. Williams' Pink Pills for I can't help speaking well of them."

Dr. Williams' Pink Pills are a tonic for the blood and nerves and have proved especially helpful to women and growing girls. They were used extensively in private medical practice and, proving efficient in a wide range of diseases and absolutely safe in all cases, were placed upon general sale with directions for use prepared by the doctor himself.

These pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.
