

NINE PERISH IN GOAL MINE FIRE

Three Bodies Recovered, Six Other Miners Rush Into Arms of Flames.

HEROIC RESCUE EFFORTS

Seven Men Taken Out Unconscious. Twenty More Brought Up in Critical Condition—Huge Volumes of Smoke Sent Out.

BUTTE, Mont., Nov. 20.—Three strangled to death by smoke and flames, six missing, without the slightest hope of escape, and a property loss which will reach into the thousands in the gruesome receipt of a terrific fire which started from lights on miners' caps at 10 o'clock this morning and swept with savage rapidity through the fourth drift east from No. 2 slope in the Northwestern Improvement Company's coal mine at Red Lodge.

The bodies of Samuel Gasper, John Matson and Andrew Jokala were taken from the mine soon after the flames started by the heroic work of the mine's boss, William Haggerty. At 11 P. M. seven men, all of whom were unconscious, were taken from the workings, and 20 more were taken out late in the afternoon. All these were in a critical condition at the time, but will recover.

Rush Into Death by Fire.
The six missing miners attempted to escape by the No. 2 entry and dashed into that portion of the mine where the fire was raging furthest. Only through some miraculous circumstance will any of them be found alive. The rescued miners declare that not less than 60 men were entombed in the burning drift and vicinity, but the mine officials state tonight that all the men have been checked and that not more than nine fatalities will result.

Soon after noon today the fire department members and 50 volunteers started the work of rescue, and within half an hour the slope was running with rapidity down the fourth entry and a hundred men were loaded on the cars and brought to the surface, many of them completely exhausted and unconscious.

Those rescued declared there is little hope for the greater number of those remaining entombed, but this belief is not shared by the mine officials.

Boss Tries to Save Men.
Boss William Haggerty, whom carried up in one of the skips, was almost overcome, but was restored by the attending physicians. He remained bravely at his post until the very last in an endeavor to save his men, and after recuperating made frantic efforts to go back into the mine.

Everything within the vicinity of the mine is in the wildest confusion.

Property Damage to Be Heavy.
The fire is terrific, judging from the immense volume of smoke and fire emitted from the second entry. Coal cars and lumber are ablaze and the damage to property will be heavy. Iron pipes are being laid into the mines and water will be played on the flames.

Nothing itself is said to be contained in a safe area, but the gases and smoke are being moved to various workings, and it is believed that a number of men have been caught.

The company operating the Red Lodge mine is one of the largest concerns of the kind in the West. The officers of the Northern Pacific control the company, which supplies the road with fuel. Most of the miners employed are of foreign birth.

A similar disaster at this property in 1905 cost the lives of eight miners.

PROBE INTO FISH TRUST

Creditors Will Ask Full Details of Booth Failure.

CHICAGO, Nov. 20.—At a meeting of the creditors' committee behind closed doors in the Chicago yesterday, the question was seriously discussed, it is said, of asking the State's Attorney to use his judgment of laying the failure of A. Booth and Company, known as the "Fish Trust," before the Cook County grand jury. This decision came after a final audit of the company's assets, which showed that the creditors will receive, it is claimed, only 35 cents on the dollar.

The audit was started shortly after the "Fish Trust" was thrown into the hands of a receiver about three months ago.

The receivership disclosed the fact that banks in Chicago, New York and other cities held \$3,000,000 of the corporation's paper.

Some of the banks, it is said, declared it will be impossible to effect a reorganization, as desired by W. Vernon Booth, and assert they are willing to accept the 35 cents on the dollar rather than allow a reorganization of the concern and the establishment of a sinking fund to pay off the indebtedness of nearly \$4,000,000.

The meeting yesterday was attended by E. A. Hamill, president of the Corn Exchange National Bank, who acted as chairman of the bankers' advisory committee; Alexander Robertson, vice-president of the Continental National Bank; Frank O. Wetmore, second vice-president of the First National Bank; Ralph Van Yochter, vice-president of the Commercial National Bank; Attorney Jacob Newman, representing the bankers' committee and personal attorney of the various banks; besides Receiver W. J. Chalmers and his attorney, John J. Herriek.

MUST MAKE HASTE SLOWLY

Hill Views Business Conditions From Optimistic Standpoint.

NEW YORK, Nov. 20.—While inclined to view the business and industrial outlook optimistically, James J. Hill, chairman of the board of directors of the Great Northern Railroad, who is in this city, declares that matters must move slowly. He said: "Things are moving forward all over the country, but it is not well to move forward too rapidly and we must not put too much on Brother Taff's shoulders at once. A great deal of work remains to be done. Mr. Taff cannot do it all. Several millions of people must co-operate in doing it. He said: "Whether in new roads or branches, it is going to be carried on conservatively." Railroad managers are going to look into propositions of new construction much more closely before they authorize extraordinary expenditures.

Saturday Is CHILDREN'S DAY AT Olds, Wortman & King's

Thanksgiving Shoes for Boys and for Girls Linens on Sale

We have the exclusive Portland sale of the Richardson linens; best in the world. Richardson's Fine Damask Pattern Cloths—With Napkins to match. Sets priced as follows:
