

ABERDEEN RAILROAD TERMINAL RATES

Order of Northern Pacific Arouses Grays Harbor Business Interests.

PLAN TO FIGHT RAILROAD

Jobbers and Shippers Invoke Aid of Congressional Delegation and Propose to Appeal to the Courts for Assistance.

ABERDEEN, Wash., Nov. 20.—(Special.)

The entire Grays Harbor county is stirred up over a notice sent by the Northern Pacific Company through its traffic manager at Tacoma, notifying the businessmen that beginning January 1, a new trans-continental tariff will go into effect which will withdraw Grays Harbor and Willapa Harbor cities from terminal privileges and increase the rate 5 cents a 100 for coast freight and 20 cents for local freight.

Will Take Fight Into Courts.

The Interstate Commerce Commission has been asked to interfere and if necessary the Federal courts will be sought for injunctive purposes.

Blow to Development.

It would also be an effective bar to any future development here in the way of logging business of any kind, as jobs here located at this point could not compete with other points if they were obliged to pay higher rates.

Attribute the blame for this discrimination largely to the Northern Pacific Railway Company.

It is believed that the Northern Pacific could have done as much for Grays Harbor, Willapa and Willapa Bay as it has done for other points here in the hardware business.

Road Breaks Old Promise.

A contract made between the Grays Harbor Company and the Northern Pacific at the time the railroad was built to the Harbor may prevent the plan of the Northern Pacific to deprive the Harbor of the right of terminal rates.

Citizens Built Part of Road.

Aberdeen built the present Northern Pacific line from the Wishkah River to Aberdeen Junction, Hoquiam built the bridge across the river and the remainder of the road from Aberdeen to Hoquiam was turned over to the Northern Pacific free of cost.

It is proposed to raise \$5000 to be expended during the next year. One of the principal features of the proposed advertising is to call prominently to the attention of prospective settlers that this section offers special inducements in dairying, the poultry business, growing of root crops or small fruits, that Lewis County lands are much cheaper than those in any other portion of Western Washington, availability and all considered.

Over 125,000,000 Imperiales were smoked by the men of the West in 1907. The judgment of thousands of bright, energetic Americans is a good thing to go by.

And the popularity of Imperiales—we might almost say not unlike the popularity of so many of the nation's most celebrated men and women of literature, art and the stage, who first came from California—is rapidly assuming national proportions.

You can buy Imperiales everywhere. The mouthpiece Imperiales with their thin mais paper—crimped, not pasted—their clear, rich tobacco, have fenced off a field for themselves that no other cigarette has ever been able to trespass.

Smoke them all day long if you want to—no after effects.
