SEATTLE DEALERS BROADCAST FOR BIRDS.

Demand Strong and Practically No Supply-Light · Stocks of Holiday Fruits.

SEATTLE, Wash. Nov. 24.—(Special.)—
Scattle turkey dealers into this afternoon sent
telegrams broadcast all over this state and
Oregon, virtually begging shippers to send
turkers to this market. Receipts today
amounted to nothing compared to the demand. Wholesalers were out of stock all
day and butchers inade offers to same retailers who had fall slocks at prices higher
then the ratalices were securing. Retail inliers who had fair stocks at prices higher than the retailors were securing. Refall prices jumpsed from 15c to 30c during the day. There are pleaty of during and speak and a fair supply of hems and Springs.

The sopply of crasherries is light, not more than 17c herrest. The heat Jersey stock is held at \$12.50, which is said to be less than the f. 0. b. price at New York.

Mahasa grapes are in limited supply. The available supply, which must be made to last for the Christians and New You's trade does not exceed the Revented to the control of the Court of the Christians and they can buy in Seaton Washington or the White Hiver Valler.

The street is overstocked on onloss, Several cars are on the track unsold, shippers being willing to make concessions to class out fair stock.

Stocks Benefited by Southern Pacific Announcement.

BROADENING OF MOVEMENT

Wall Street Looks for Important Financial Projects Affecting the Two Leading Harriman Properties-Bonds Are Strong.

showed a tendency toward recovery from the outset of the day, but the movement had shown signs of flagging when a stimulating effect was felt from the application to the stock exchange to list \$7.80,400 additional Southern Pacific common stock, to be lested energ was felt from the application to the stock exchange to lat \$7.486, 400 additional Southern Pacific common stack, to be issued in exchange for the preferred stock, which is cutatanding to that amount. The preferred stock while entitled to 7 per cent dividends prior to common stock drydend claims, is subject to redemption at 115 at any time prior to July 1, 1910. It is also exchange able for common stock up to that time. As the common stock has never paid more than 6 per cent dividends and has cold lower than the preferred stock, there has been no attraction in the exercise of the privilege of exchange. The price of the stock has new rises above redemption price of the preferred stock, which is 115, but still sells below the market price for the preferred, which was 1215, today.

For these reasons and general ignorance of the fact that the new stock had been actually authorized, the bare aunouncement of the application to place it on the list of the stock exchange had in it something of mystery. The step was an indication that some actual demand was being mode for Southern Pacific common stock by preferred stockholders and there is also the fact that the Southern Pacific holds in the treasury \$14,000,000 of this Southern Pacific stock, thus

the Southern Pacific midds in the treasury \$14,000,000 of this Southern Pacific atock, thus liable to redemption at 115 or with the privilege of conversion into common stock. The movement to convert would imply a belief in a higher dividend on common stock, while the preferred stock would remain limited to 7 per cent dividends. From the standards. per cent dividends. From the standpoint of Sguthern Pacific finances, however, the acresses in the volume of common stock, with listing on increased dividends, would encouch on the claims to profit of the present outmon stockholders.

es been authorized finds no place in the tatement of the manuals regarding Southern

statement of the manuals regarding Stattern Pacific frances. It was stated in connection, with techny's application to list the new stock that its authorization had been carried with that of the preferred stock, in view of the conversion privilege of the latter.

In the case of the Union Pacific, the stock to provide for the conversion privilege of the conversible honds has been expressly authorized and finide a place in the financial manuals. In fact, today's perfunctory action makes so little change in the existing status of Bouthern Pacific and there was so much confusion reserving its significance that it was simply made the basis of an assumption that more important financial projects affecting he less favorts. Harriman properties were thus heralded. It was this assumption that was the real reviving force in the market and in the broadening of the movement as the day progressed. The closing tone was very strong and with prices generally upfrom 2 to 3 points on the day.

Bonds were strong. Total sales, par value, Testions. Instate States bonds, were the

Late Rally in Wheat Market at Chicago.

CLOSING TONE IS FIRM

Market Is Again a Weather Map Affair-Liberal Receipts at Leading American Points-Deeline at Liverpool.

CHICAGO. Nov. 24.—The wheat market opened weak with prices \$10 to \$50 \$6 lower, became still weaker during the first part of the day, but railled in the final hour and closed firm Final quotations on December were \$1.03\footnote{a}_1\$ and on May \$1.07\footnote{b}_2\$. The market was again a "weather map' affair similar to that of yesterday, but differing from yesterday in that today the early loss was practically all regained before the end of the session. According to the Weather Buread, procipitation had been aimost general between the Appaiachian Mountains on the East and the Pacific Coast on the West and the indications were for additional rain tonight and temorfow in a large part of this territory. The market was also depressed by a decline of \$4\text{d}\$ at Liverpool and by continued liberal receipts in this country. Demand for cash wheat at the sample tables here was dull and prices were weak \$1. Louis reported that the demand for cash wheat the demand for cash wheat there was exceptionally quiet.

Corn was weak all day. The market closed weak with prices a shade to \$5\tilde{c}\$ lower, with December at \$6\tilde{c}\$ c, and May at \$600 \$6\$.

Oats \$400. The market closed steady with prices unchanged to \$6\tilde{c}\$ lower, with December at \$6\tilde{c}\$ c, and May at \$600 \$600.

Oats dull. The market closed steady with prices uninanged to \$c lower, with December at 40% c and May at 46% c.
Liquiffation was general in provisions nearly all day because of continued enormous receipts of hogs at Western packing centers. Total receipts of hogs indiay at these points were 137,700 head compared with 47,000 the corresponding day a year ago. Some of the smaller Western packers were sellers of provisions. Prices at the close were 18 to 25c lower.

EXERCISE YOUR LIVER

EXERCISE YOUR LIVER

The value of proper exercise as a means of gaining and preserving health has become generally well known. There are a number of good ways of exercising the various outer muscles and parts of the body.

There is also one good way of exercising the inner organism is a sent of automatic machine, and the principal thing necessary to its proper performance and exercise of its parts is to keep it clean and well olied, so that it doesn't clea and run irregularly.

The liver is one of the most important parts of this machine. When it stops, the machine stops When it works badly, the machine stops When it works badly, the machine works badly—and it it's your machine, you suffer. A very simple and good way to keep your liver going right and to avoid all ills, such as constipation, billiousness, headache, jaundice, giddiness, sour stomach, rising bile, is to take Lane's Pilis—the one best liver exerciser.

Lane's Pilis act directly on the liver and never grips. Gentle hit wire. One pill is a done, and there are twenty-five doses in the 25c bottle. Mose of the principal of their contracts. I Louis Mose Company at their four stores—Third and Thurman and at East 25th and Thurman and at East 25th and Thurman and at East 25th.
