

AUSTRO-TURKEY AFFAIR SERIOUS

Ambassador Pallavicini Says He Will Leave for Vienna.

MATTER UP TO PORTE

Marquis Will Depart Unless Turkey Takes Action Regarding Boycott Against Austria—Emperor Still Talks for Peace.

LONDON, Nov. 30.—A dispatch to the Times from Constantinople says that the tension between Austria and Turkey is becoming more serious. The departure of the Austrian ambassador, Marquis Pallavicini, will mean the complete rupture of negotiations. It is difficult to see how this can be avoided by Turkey while Austria maintains her demand for suppression of the boycott and for interference of the porte. Under the new regime this is impossible, as even if the government issued orders to that effect they would not be obeyed.

BULGARIA FEELS SECURE

Confident Turks Will Seek Her Friendship.

SOFIA, Bulgaria, Nov. 30.—M. Malinoff, President of the Council, made the following statement today concerning the present situation in Bulgaria: "The chances of a direct understanding with Turkey are not now great, but the present government views the situation with optimism. As matters stand, Turkey is bound to see sooner or later the futility of working at cross purposes, which only will result in bringing herself under the control of others. Turkey recently has been wholly under foreign guidance, but she will not again seek to impose the friendship of Bulgaria. This is realized by many enlightened Turks, including Kiamil Pasha, who is a great statesman."

"Good finances and a good army enable Bulgaria to resist the exorbitant demands of Turkey and await confidently recognition of independence, which it is believed will occur in the near future."

MARQUIS RENEWS PROTEST

Places Matter of Boycott Up to Action by Porte.

CONSTANTINOPLE, Nov. 30.—The Austro-Hungarian Ambassador to Turkey, Marquis Pallavicini, in an interview with the Grand Vizier on Saturday renewed his protest against the Austrian boycott instituted by Turkey and declared that his government could not wait many more days for a solution of the difficulty.

GUARD ON DANUBE INCREASED.

Belgrade, Nov. 30.—The Austro-Hungarian shore on the Danube, which has been guarded by small detachments, is now patrolled by full companies.

CZECHS ATTACK STUDENTS

Serious Demonstration Against Germans in Vienna.

VIENNA, Nov. 30.—Demonstrations received here state that Czech demonstrations against German students at Prague, which have been going on intermittently for several weeks, were resumed today, assuming an antagonistic character. Hereafter the Czechs have attacked the Germans only in their club quarter, but anti-German scenes occurred today in many places, while throughout the city the Germans were insulted and whipped and many of them were wounded.

HARRIMAN PROBE TO BEGIN

Government Will Gather Evidence in Anti-Merger Suit.

NEW YORK, Nov. 30.—Sylvester G. Williams, of Denver, who recently appointed special examiner for the United States Government in the anti-merger suit brought to dissolve the Harriman railroad system, arrived here yesterday and announced that he would begin the taking of testimony Tuesday.

FISCAL REFORM UNCERTAIN

German Reichstag Will Turn Down Many Proposed Taxes.

BERLIN, Nov. 30.—The conclusion of

the first reading of the government's ten financial bills and the fate of the whole scheme of fiscal reform is involved in the greatest uncertainty, although it seems practically certain that all taxes proposed will be greatly modified in committee, to which the matter has been referred by the Reichstag, or wholly rejected.

GAS WRECKS RESIDENCE

MAN DROPS MATCH ON GASOLINE-SOAKED FLOOR.

Flames Burn Off Every Hair on His Head—Rendered Unconscious for Hour.

WALLA WALLA, Wash., Nov. 30.—(Special.)—A high school match dropped by G. G. Park, an oil operator, on the floor of his cellar, shortly after 5 o'clock last night, ignited a large quantity of gas which had been formed in the room from an overturned gasoline can, causing an explosion which tore out the entire end of the Schneller residence, on Main street, and destroyed the building.

In the morning Mr. Schneller had left several bottles and a can of gasoline in the cellar and during the day the can had overturned and completely saturated the wooden floor, causing the formation of a large quantity of gas. This was held almost entirely by the close fitting door.

VERWIEBE VOICES THANKS

Writes Letter to Roosevelt in Reply to Congratulations.

CAMBRIDGE, Mass., Nov. 20.—The letter sent by President Roosevelt to Verwiede, halfback of the Harvard football eleven, following the victory over Yale, was answered by the Harvard student last night, as follows:

"Holla Hall, Harvard University. My Dear Mr. Roosevelt—I received your kind and appreciative letter of the 24th. I assure you that it was with the greatest thanks and gratitude that I read your sentiments. I agree with you that Kennard should be given much credit, but I also feel that every member of the team deserves and ought to receive just as much praise as I, as you say, it was due to my work that Kennard was enabled to kick his goal, it was in turn due to the other fellows that I accomplished what I did."

STEVENSON TO CONTEST

Thinks He Beat Deneen for Governorship of Illinois.

CHICAGO, Nov. 30.—Adlai E. Stevenson purports a contest against Charles E. Deneen for the Governorship of Illinois. The Democratic candidate has come to the belief that he received a majority of the votes cast as between himself and Governor Deneen in the last election. Chairman Boesch, chairman of the state committee, after a conference with Democratic leaders, said last night:

NEW RECORD MADE

Motorcycle Goes Mile in 53 Seconds.

FAST TIME AT LOS ANGELES

George Blaylock Makes New Ten-Mile Record, Going Distance in Nine Minutes and 40 Seconds.

LOS ANGELES, Cal., Nov. 30.—Fred Park's motorcycle turned the Ascot Park oval yesterday afternoon in 53 seconds for one mile, one second faster than the world's record of 54 seconds that he already held.

With a standing start he made the first mile of ten in 1:31, which was another world's record and for five miles he had another to his credit in 4:58.

George Blaylock rode ten miles in 2:40, which is another world's record. The races for the championship of California in the single and double classes were the best races of the day. In the single classes for ten miles Scheidt, of San Francisco, won from Balke, who finished second, and from Graves third and Seymour fourth.

Blaylock rode a fast race in the championship for doubles and won by a half mile from Shafter, who was second.

Blaylock set a new record in the championship race, making the ten miles in 3:40.

The one-hour race proved a serious disappointment, as Huyck had to drop out owing to an accident to his machine. Blaylock, on the big seven-horsepower machine, took first prize, riding 57 1/2 miles in an hour.

SHIP TRIES LONG TO ENTER

CRAIGMORE KEPT OUTSIDE FUCA STRAITS 31 DAYS.

Storms Arise and She Cannot Get Near Enough to Signal Tow-boat—Food Short.

SEATTLE, Wash., Nov. 30.—A special dispatch from Port Townsend to the Post-Intelligencer says: "The British ship Craigmore, which reached port yesterday reports an experience in attempting to gain an entrance to the Straits of Fuca that is unparalleled in the memory of local mariners. For 31 days the master tried ineffectually to make a position near inside Cape Flattery, where a towboat could be sighted. Storms arose and the vessel has been buffeted off the Washington and Vancouver island coasts."

CENSUS COST \$12,930,000

The director will pride to the fact that this sum is but \$400,000 more than the cost of the census of 1900 and says this will be accomplished in spite of the enormous growth in the population during the last decade.

debate had stood adjourned from last June. The usual arguments were brought out for and against the death penalty. Opponents read statistics to show that crimes punishable by death under the Napoleonic code had not increased in countries where capital punishment has been abolished. Supporters read other statistics to prove that in countries where the death penalty is still enforced murders have not at all diminished. The conclusion was that abolitionists and non-abolitionists remained of the same opinion as before.

The Minister of Justice, M. Briand, is an opponent of the capital penalty, a motion for the abolition of which has already before been carried by the Chamber. He pointed out that a confusion among different classes of crimes of violence was made by several speakers. Supporting it were granted what French law calls "meurtre," as distinguished from "assassinat," is proved to be on the increase. The admission would, in the present state of the law, be entirely without effect, for the retention of the death penalty, for the good reason that the latter, under the code of Napoleon, is applicable only to "assassinat," that is to say, murder aggravated by premeditation, conspiracy or certain circumstances, and not extenuated on any plea, that of passion, for example. "Meurtre" is punishable only by labor and the term covers "crimes passionnels," which are precisely those said to be on the increase.

INFLAMMATORY RHEUMATISM

Cured by Dr. Williams' Pink Pills and the Proof is Right Here.

Nothing better demonstrates that rheumatism is a disease of the blood than the fact that it is hereditary in certain families. It may not develop until conditions of cold and dampness favor it because nature is always fighting to keep the body in health. When disease does get the upper hand and rheumatism is seated in the blood, a remedy that will revitalize and renew the blood is the simplest and best means of relief.

A remarkable instance of the value of Dr. Williams' Pink Pills in this disease is shown by the cure effected in the case of Mrs. O. E. Taylor, whose address is R. F. D. No. 8, Columbus, Ohio, who says:

"I suffered severely with inflammatory rheumatism for three years and was helpless in bed for weeks at a time. The attack followed exposure to dampness. Every bone in my body seemed to ache and my joints were swollen to such an extent that I could not move. During the first attack I had to be fed as I could not raise my arms and was so perfectly helpless that I couldn't turn over in bed. The least bit of a jar would hurt me and on damp days the sharp pains were worse and almost unbearable. I was not able to work for months, could not sleep and had no appetite."

"I was treated by different doctors at London, Ohio, who gave me only temporary relief. Upon the advice of a cousin, who had used Dr. Williams' Pink Pills with benefit, I decided to give them a trial. I soon had an appetite and could see that the pills were helping me. I took several boxes and was cured as I have not been troubled with the pains since and am a healthy woman in every way."

Dr. Williams' Pink Pills actually move blood and have cured such diseases as rheumatism, nervous and general debility, indigestion, nervous headache, neuralgia, and even partial paralysis and locomotor ataxia. As a tonic for the blood and nerves they are unequalled.

Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

The enormous saving, says the director will be effected by reason of existence of the permanent Census Bureau and institution of the Bureau's own tabulating machines.
