BULK OF CROP GONE

Sudden Falling Off in Domestic Movement.

FOREIGN NEWS BULLISH

Combination Sends Prices Up 1 3-4 Cents at Chicago—Unfavorable Harvesting Weather Reported in Argentina.

The grain markets all showed a very strong tone yesterday, the stimulation being mainly the result of the California demand. Among the deals closed at the morning session of the Merchants' Exchange was one for 800 tons of wheat and another for 150 tons of barley, both for shipment to San Francisco.

There is practically no export inquiry now for wheat, but the California buying and the local milling demand, especially for bluestem, keep prices up at the top notch.

Private cables yesterday were less satisfactory than those of the preceding day, but public cables quoted a firmer feeling in cargoes, owing to less offering, and Walla Walla prompt shipment 6d higher at 37s 6d. At Liverpool wheat options were very strong, December gaining ⅜d over the previous day's close, while May advanced a full penny. December wheat at Chicago went up a cent on the day's operations.

Oats and barley are very firm locally, the former particularly so, because of the light offerings. White oats are quoted on this market at $31.50 per ton.

The flour market is strong, with an upward tendency. Monday's advance of 20 cents at Seattle puts that market 10 cents above Portland.

Receipts, in cars, as reported by the Merchants' Exchange, follow:

	Nov. 28-29	Nov. 30	Total Last wk.
Wheat	74	40	281
Barley	15	20	50
Flour	10	5	47
Oats	2	4	24

SELLERS PRESS HOPS FOR SALE.

Weaken the Market on the Prime Grades of the Commodity.

The hop market wore a rather weak appearance yesterday. The selling pressure was more pronounced than it has been for some time. Growers desiring to find buyers were numerous at all the offices. The hops offered for sale, however, were mainly of the lower grades, for which there has been but little demand at any time this season. Choice grades of hops, at least those in the possession of growers, are not being pressed for sale, though it is said that some dealers, having this quality on hand, are trying to find buyers for their stocks.

McNeff Bros. were heavy purchasers during the day, but so far as could be learned little business was transacted at the other offices. Among the McNeff purchases were 80 bales from Kelley, Western Washington, at 5 cents; 50 bales from Jordan & McKinney, of Hubbard, at 6 cents; 32 bales from Miller and 25 bales from Barber, both of Hubbard, at 6 cents; 55 bales from Bissenger, of Butteville, at 5½ cents; 42 bales from Meacher, of Silverton, at 5 cents, and 100 bales from a dealer at 5¾ to 6 cents.

Ironmonger, of London, cabled to Isaac Pincus & Sons, of Tacoma, yesterday:

"Market dull, with only few buyers. No improvement anticipated in the near future."

Consul James W. Ragsdale reports from St. Petersburg that the extremely unsettled weather of the past Summer, with its sudden and sharp changes, was most unfavorable for the growing of hops in Russia, and that the crop was one of the poorest, the results being as follows:

The yield was 270,000 poods (pood, 36.112 pounds), which is even poorer than in 1904, when the yield was 280,000 poods. In 1905 the crop of hops amounted to 400,000 poods, in 1906, 300,000 poods, and in 1907 350,000 poods, consequently the present year falls behind the average by 130,000 poods. Generally speaking the total crop does not exceed 6 per cent of the normal average and is 25 per cent less than the crop of the preceding year. Thus, although the area of hop plantations has largely increased, the crop of hops is the worst for the past ten years.

In regard to quality, the hops turned out much better than could be expected in view of the unfavorable weather. In certain places, Volhynia, for instance, it was excellent, which is attributed to the regular cultivation of hops during a number of years. The fruit obtained was fair, without any organic defects, the contents of lupuline normal, 9 to 12 per cent, the odor excellent, seed insignificant.

ORANGES ARE MOVING READILY

Ripe Bananas Cleaning Up—Apples Abundant and Slow.

There was no special feature in the fruit and vegetable market yesterday. Trade on the whole was light.

There was a steady demand for oranges at the new prices, which range from $2@2.50 for 216s to 324s, and $2.50@3 for 96s to 200s. Ripe bananas were well cleaned up. Persimmons offered at $1.50 per box. Apples continue to drag.

The steamer brought up the usual assortment of Southern vegetables. Beans and peas are higher, because of rain in California. Some fine Oregon hothouse peppers were received and quoted at 20 cents per pound.

BETTER TRADE IN POULTRY.

Good Demand for Chickens and Ducks, Eggs Scarce and Firm.

The poultry market recovered to a great extent yesterday. There was a strong demand for chickens and ducks, though geese were slow. There is practically no inquiry for turkeys.

The scarcity of Oregon eggs on the street makes them hard to quote, but those who have any move them at prices ranging from 40 to 45 cents.

Butter and cheese continue firm at the last quotations.

Bank Clearings.

Clearings of the Northwestern cities yesterday were as follows:

PORTLAND LIVESTOCK MARKET.

Prices Current Locally on Cattle, Sheep and Hogs.

Local receipts of livestock were light again yesterday and the advanced prices of the previous day were well maintained. Local prices current yesterday were as follows:

CATTLE—Best steers, $4@4.25; medium, $3.75@4; common, $3.25@3.50; cows, best, $3@3.25; medium, $2.75@3; common, $2.25@2.50; calves, $3.50@4.50.

SELL STEEL FREELY

Offerings Prompted by Fear of Radical Tariff Action.

STOCKS ARE UNSETTLED

Arrangement Made for Exporting Gold to Paris—Shipments May Run to Twelve Million Dollars.

NEW YORK, Dec. 1.—The professional operators in stocks did most of the business in the day's market. Their transactions were in the class of securities designated specialties for the most part, the market pools making their influence felt in more than one case in moving prices much at will. The course of affairs in their broader aspect did not receive much attention in the superficial explanations offered for these movements. In the less-observed movements in the market there was some reflection of views supposed to be held by large holders of securities in some of the larger aspects of affairs.

Yesterday's heavy fall in the price of United States Steel shares was followed today by further free offerings of that stock. Dealings in it were on a scale unusually heavy, even in so unwieldy a market medium as this security is by reason of the huge bulk of its capital. A single transaction of 20,000 shares of Steel was made on the floor during the day, the block being taken by one purchaser, although several sellers contributed to the trade. The selling of this stock is regarded as being prompted, to some extent at least, by the growing probability of more radical action on the tariff than has been the expectation in financial quarters. The movements of United States Steel are of such impressive influence on speculative sentiment toward the whole market that it is difficult to overcome it by contrary movements in other stocks.

Another development of the day was the definite arrangement by international banking houses to ship gold to Paris on Thursday. Another rise in the foreign exchange rate today wiped out the margin separating the price from the point of profit on gold shipments. It was denied that allowance of interest on the shipment while in transit by the Bank of France figured in the transaction. Bankers estimate that the shipments may run to $10,000,000 or $12,000,000.

This insatiable demand of the Bank of France for gold in face of an unprecedented volume of holdings aroused no little wonder among bankers. It is believed that uninterrupted selling of American securities by foreigners is the dominating cause of the movement. The call loan rate was affected but in a slight degree today. Next Saturday bids are to be submitted for the $30,000,000 of Panama bonds. The market closed in considerable unsettlement.

Bonds were irregular. Total sales, par value, $7,722,000. United States bonds were unchanged on call.

CUTTING BUTTER PRICES

SEATTLE DEALERS SHADING ON OUTSIDE ORDERS.

Car of Florida Pineapples Put on Sale—Japanese Oranges Move Slowly.

SEATTLE, Wash., Dec. 1.—(Special.)—A car of Florida pineapples reached this market today. The stock was in excellent condition and will be quoted at $4.50. The stock reached a depleted market. There is a good demand for pines here at present.

Cranberries were advanced again today 50 cents per barrel, making the price $14 for the best Jersey stock. Retailers are booking large orders nearly a month in advance of the date of delivery. Grapes are about out of the market, although there is a good demand for choice stock. Japanese oranges do not find a very quick sale, although quoted at only $1.75 a bundle. California oranges offered are green and poor sellers. Apples are cleaning up somewhat this week. Poor stock is being sacrificed.

Butter is steady, but conditions outside of the city are not as smooth as dealers might desire, owing to some strong competition that has recently developed. Butter that is being wholesaled here at 36 and 37 cents is being sold very much less by Seattle firms outside of the city. Eggs were not as firm or active today, 52 and 53 cents being about the best price that retailers would pay.

Poultry was active and the market is well cleaned up tonight.

Strong California Demand for Wheat, Oats and Barley.

KEEPS PRICES AT THE TOP

Portland Flour Quotations Likely to Advance to a Parity With Seattle—Weak Feeling in the Hop Market.

CHICAGO, Dec. 1.—The market for wheat opened strong with prices up ¼@⅜ to ⅝c and became stronger as trading progressed, the close being at the highest point of the day and net gains of 1-3@1⅝c for December and 1⅝c for May. The most important factors contributing to the sharp upturn were unfavorable harvesting weather in Argentina and a decided falling off in receipts in this country, especially in the Northwest. Several dispatches were received today claiming that rains still prevailed in the northern districts of Argentina. The decreased movement in the Northwest, however, was perhaps the most potent influence. A severe blizzard, which was raging in the Canadian Northwest, was said to have checked the movement to some extent, but the chief reason for the sudden falling off in receipts was said to be the fact that the great bulk of the crop has already been marketed. A brisk export demand for durum and low-grade Manitoba wheat at Duluth helped to strengthen the local market.

Liquidation of the December delivery was the feature of the trade in the corn market. Delivery today on December contracts was 260,000 bushels. The market closed easy with prices ⅛@¼c higher to ⅜@½c lower. December closing at 61⅞@62c, and May at 62⅝c.

Oats were inclined to be easy on account of the profit taking in the December option. The market closed easy with prices a shade higher to ⅛@⅝c lower. December closed at 48¾@48⅝c, and May at 51@51⅛c.

Provisions were firm. Trade, however, was quiet. At the close prices were 7½@10c to 15c higher.

RAILROAD WORK BEGINS

EQUIPMENT IS DISTRIBUTED FROM CENTRALIA.

Union Pacific Preparing to Reach Grays Harbor—Hill Line Also Active.

CENTRALIA, Wash., Dec. 1.—(Special.)—The active railroad building between Centralia and Aberdeen and between Tacoma and Portland is further indicated by the fact that railroad contractors are now distributing railroad building equipment along the right-of-way of the Union Pacific, between Portland and Tacoma. Several flatcars loaded with dump cars have been switched in on points along the Northern Pacific. It is understood that they belong to the Porter Brothers' outfit, which was used in building the North Bank road. Two carloads of dump cars were sent from Tacoma to Aberdeen, via Centralia today.

Local men within the past few days put through a number of minor deals in which the parties to the deals were the Northern Pacific and the Union Pacific and which leave little doubt that actual railroad building is to begin soon on the part of the Union Pacific and that the Union Pacific will use the old Union Pacific grade between Portland and Tacoma.

It was stated today that the Northern Pacific had decided to lay heavier steel on its Aberdeen line, which is taken as an indication that the road does not expect to continue to hold a monopoly of that business and is preparing for competition. Two carloads of steel for the Northern Pacific passed through Centralia consigned to Montesano today.

The new regulations will go into effect on January 1 by simultaneous proclamations of the Canadian and American goverements.

RUNS AWAY ON MOUNTAIN

Train Wrecked on Slippery Track, but Operator Saves Crew.

BUTTE, Dec. 1.—An entire freight train of an engine and 14 cars was piled up in the ditch and wrecked on the west side of the Blossburg Hill on the Northern Pacific branch between Garrison and Helena west of here this morning. The train got beyond control while descending the mountain, due to the accumulation of ice and snow on the rails. An operator grasped the situation as the train thundered past and wired on ahead to Weed, where a derailing switch was thrown. The fact that the engine remained upright saved the lives of the engine crew. Brakemen J. J. McStay and C. H. Ostrander were slightly injured.

HERE'S YOUR PILL

It's Lane's Pill—the best liver pill. You have a liver, and all livers need pills—sometimes. Your liver is like any other liver, and it's up to you to take care of it.

When you forget about your liver, your liver bothers you with constipation—nags you with indigestion, makes you sick with biliousness, tortures you with sick headache, turns you yellow with jaundice, puts that nasty, tasting, furry coat on your tongue, or cramps you with bowel troubles. And then you'll surely bother about your liver—and you'll find that the reason it's out of order is because it's clogged up and can't work right.

To get relief you must make it work—and to do this Lane's Pills are the pills for you. They help the liver do its work. Lane's Pills never gripe or cause pain, never leave any after effects. Are safe for the most delicate woman and for children. Sold by druggists, twenty-five in a bottle, for 25c—and one pill is one dose. Made by Chas. E. Lane & Co., Chemists, St. Louis, Mo.
