Let Women Rule Home.

I am, for the reasons given above, rather than you would regard as lukewarm or tepid in my support of it, because, while I believe in it, I do not regard it as of very much importance. I believe that men and women should stand on an equality of rights, but I do not believe that equality of rights means identity of function; and I am more and more convinced that the greatest field for woman is as the mother of the family. It is her work in the household, in the home, in her bearing and rearing the children, which is more than any man's work, and it is that work which should be normally the woman's special work, just as normally the man's work should be that of the breadwinner, the supporter of the home, and, if necessary, the soldier who will fight for the home. There are exceptions as regards both men and women, but the rule applies to the life of the highest happiness and of highest usefulness to the state is the life of the man and woman who are husband and wife, who live in the partnership of love and duty, the one caring enough to keep the home, the other managing the home and children.

CHICAGO, Dec. 4.—Miss Grace Reed, principal of the John Drake School, will lose her job if the Chicago Woman's Christian Temperance Union has its way. In a speech delivered last Saturday at a suffrage meeting held in the Fine Arts building, Miss Reed declared that as a saloonkeeper of good character should receive as much consideration as the business man, as a banker or a baker. The prohibition sections of a city, she added, are dead sections, being crippled in one of their legitimate arteries of business. The remarks did not please the temperance women, and they held a meeting yesterday in the Women's Temple, passed a resolution which was sent to President Schneider, of the Board of Education, condemning Miss Reed's speech.

GIVE WOMEN BALLOT

Roosevelt Favors Suffrage if They Want It.

MAIN FUNCTION IS WIFE

President Not Enthusiastic on Subject and Root Opposes Change. Both Believe General Demand Would Win Suffrage.

Let Women Rule Home.

Practically I believe in woman suffrage, but I am not an advocate of it, because I don't regard it as a very important matter. I am unable to see that there has been any special improvement in the position of women in those states in the West that have adopted woman suffrage, as compared with those that have not. I do not think that giving the woman suffrage will produce any marked improvement in the condition of woman. I do not believe that it will produce any of the evils feared, and I am very certain that when women, as a whole, take any special interest in the matter they will have the suffrage if they desire it. But at present I think most of them are lukewarm. I find some activity for it and some activity against it.

CHICAGO, Dec. 4.—The certificate of Attorney-General Bonaparte requesting that the Government's case to compel the New Haven Railroad Company to relinquish its holdings of stock of the Boston & Maine Railroad be expedited was granted today by three judges of the United States Circuit Court and the contention of the attorneys for the railroad that the expediting act is unconstitutional was overruled. Counsel for the New Haven Company intimated that this phase of the suit would be fought through the court of last resort, therefore an appeal is expected.
