STEAMER IS GONE WITH ALL HANDS

Wreckage Tells of Fate of Soo City Off Newfoundland Coast.

PROBABLY 28 LIVES LOST

Lake Excursion Steamer on Way From Chicago to Gulf Goes Down Wreckage Off Cape Race Tells of Fate.

ST. JOHNS, N. F., Dec. t .- Wreckage leaves little room for doubt that the sturdy little steamer Soo City, which for 39 years piled as an excursion ves on the Great Lakes, went down h her crew in a gale that lashed Newfoundland coast two days this week. The steamer was in command of Captain John G. Dillon, of Brooklyn, formerly commander of the United States Government transport Missouri. The exact number of the crew is in doubt. It is known, however, that no less than 18 men were on board, and it has been reported that the crew was increased recently to 28 men.

Crew of 28, No Passengers.

The Soo City was sold recently by the Indiana Transportation Company to Felix Jackson, of Velasco, Tex., and was being taken to New Orleans, where ad been planned to put her into service between that city and Texas ports. She carried no passengers. She was first to have been overhauled in New York

and for that purpose had been consigned to T. H. Franklin, of that city. The Soo City salled from Michigan City on November I and reached Og-densburg, N. Y. November II. At Zat port she took on coal and added four men to her crew. Up to that time the steamer was in charge of Captain F. V Dorlty, of Milwaukee, but at Ogdens burg the command was turned over to Captain Dilion. She was last reported at Quebec, November 14. A week later, when nothing had been heard from her. much anxiety was felt, and on Monday last the vessel was listed by the Mari-time Exchange among the missing.

Known Members of Crew.

The steamer's first mate was John Casey, of Chicago, and the other known Casey, of Chicago, and the other known members of the crew follow:
Second mate, Angus McIntyre, of Chicago: first engineer, Charles Warwick, of Michigan City, Ind.; second engineer, J. Duncan, of Chicago: purser, James Anderson, of Montague, Mich.; ollers, Frank Kelley, of Alpena, Mich., and George Brown, of Chicago: firemen, Frank Schwimm, of Michigan City, and Samuel Olebiky, of Chicago: coal-passers, E. SIGNS NEW PLAYERS

McCredie Gets Four Ball Players to Sign Contracts.

COME WELL RECOMMENDED

Three From California and One From New Mexico, and All Said to Be Good Men-Three on

Team From San Diego.

In the past three days Manager Walter McCredie has secured the signatures to contracts of four promising young players to be with Portland next season. The names of the quartet are Clarence Dugan, shortstop of the St. Mary's College team of last season; Catcher Harrigan, of the Albuquerque, N. M., team; Third Baseman Hallihan, of the Alameda, Cal., State League team; and Traeger, a pitcher, of San Diego, who is now playing in the Winter League.

Manager McCredie has been negotiating with these players for some time, and is

Manager McCredle has been negotiating with these players for some time, and is highly elated at landing them, for all have been recommended most highly. Dugan played with St. Mary's College team against Portland last Spring and it was due to his phenomenal fielding that Portland lost a game to the collegians. He is now in Seattle, where his home is, and Manager McCredle received a letter from him containing his signature attached to a contract for next season. McCredle believes the youngster will make good with one of the Portland teams.

Burns Recommends Harrigan.

Harrigan, the catcher from Albuque ue, was recommended to Manager Credie by Big Bill Burns, the Washing-ton American League pitcher, who says he is a husky youngster that promises to develop into one of the greatest catchers in the business. McCredie be-lieves enough in Burns' judgment to give Harrigan a trial, and is therefore well pleased at receiving the catcher's signed contract.

Hallihan, the new infielder, is a former Santa Clara College player, who was a teammate of Hal Chase when the latter played for the Catholic College. He is a youngster and last season made a good showing in the California State League. He was with the Alameda team and his work was of such a high order that severai clubs have been after him for some time. He is a warm friend of Pearl Casey, as well as of Manager McCredie, and in this way he came to sign a Portland contract. He is an infielder who has played third hase probably better than any other position, and he will be given a chance to make that position on the Portland team.

Traeger Good Right-Hander.

Tracger, the new twirler, is a clever roung right-hander who is said to be even better than Carson, the Tacoma wonder who halls from the same place. Traeger had been recommended to Man-ager Schreeder, of Tacoma, by Ike But-ier, but McCredie beat them to it and signed the player to a Portland contract. Tracger, Ferraris and Carson will make three men from San Diego on the Portland team.

Jimmy Shinn, the young player who was with Portland during the season of 1907, and who practically led the California State League in batting last sea-son, has signed again with McCredie and will try for an infield or outfield position on the Portland teams. Shinn writes that he intends to make good this time, and says that he is heavier and playing better ball than ever before in his life.

HEINRICH WANTS CHANCE

Says He Can Throw Three Times In Hour for Big Forfelt.

Joe Heinrich, the Spokane wrestler who was defeated by Ed O'Connell Thursday night, wants another chance at the Multnomah instructor. Hein-rich proposes to defeat O'Connell next time, and issues a defy worthy of con-sideration. According to Heinrich, and the appearance of the man on the mat at Merril's hall bears out his state-ment, he was overdrawn in making the ment, he was overdrawn in making the required weight to cover his forfeit. He new proposes to throw O'Connell three times in one hour, or 60 minutes wrestling time, provided O'Connell will permit him to go on the mat at his regular weight. Heinrich says that in

normal condition he should weigh in the neighborhood of 180 pounds, and announces that if O'Conneil will allow thin this handleap he will agree to throw him three times within the time specific or forfeit a sum of money to be named later as a guarantee. The Spokane boy, who is employed in a candy manufacturing concern at the Falls City also states that he will

the Falls City, also states that he will not be able to wrostle until after the first of the year because of business. After January 1 he will be willing to take up the matter, he says, and an-nounces that he will send a guarantee sum from Spokane as soon as he reaches there in order to show his good faith. He left last night for his home, and the sum he announced he would send here is merely to show that he means business, and that he will increase it when arrangements are made for the bout. He is not particu-lar whether the return match takes place in Portland or in Spokane, and wants to hear from O'Conneil or from his promoters and backers immedi-

Heinrich admits that O'Chineil dis-played more class Thurdsay night, but says it was due to the fact that he was unable to get his speed because of the training stunts he indulged in to make the weight. He also says he weighed only 162 pounds when he went on the mat that night, and that in making that weight he was weakened materially.

As O'Connell is said to have considered a similar proposition from Roller, who outweighs Heinrich something like 30 pounds at normal weight, it is quite likely that the Multnoman man will consider the Spokane boy's pro-

Indoor Baseball Game Tonight.

The first indoor baseball game of the season will be played at the Armory to-night, when Company C and Battery A will meet on the indoor diamond. Both teams are anxious for the fray, and as no admission will be charged, a good crowd should be on hand to witness this exciting Winter sport. Both teams are matched and should put up a ost interesting game.

PIGGE CHANGES HIS NAME

Not Ashamed of It, but Friends Made It Appear Ridiculous.

SEATTILE, Wash., Dec. 4.—(Special.)—
By decree of Judge Morris, of the King County Superior Court, the name of Richard Pigge was yesterday changed to Richard Bell. Mr. Pigge's name has been a source of annoyance to him for years, according to his own statement, and the court gave him the chance, on his petition, to take the family name of his mother. He stated in court that he wasn't ashamed of his name, but that friends and acquaintances were confriends and acquaintances were constantly making it appear ridiculous.

ROOT TO BE SUMMONED rent touching the integrity of Justice Root, and his recent resignation pend ing an investigation for accepting bribes cast doubt, so far as he is concerned, upon the honesty of any opinion written by him in a debatable case where the prevalling party is rich and influential, politically or otherwise." If this contention is countenanced by the court it will have the effect of unsettling and reopening scores of cases in

the decision of which Root has participated. A side light on this decision is cast by the fact that Palmer, Root and Brown were attorneys for the Seattle Electric Company before Root ascended the bench, which relation Palmer continued thereafter.

STOP KILLING OF BIRDS TWO YEARS

Law for Protection of Chinese Pheasants Proposed Game Association.

STATUTE BEING DRAFTED

Several Years Closed Season for Elk

Officers of the Oregon Fish and Game Association will propose extensive amendments to the existing game laws of the state at the coming session of the Legislature. A committee, representing the association, of which A. E. Gebhardt is secretary, is revising the various sections of the code with reference to the protection of fish and game. It is the purpose of the com-mittee to simplify the state's statutes on this subject so that the average citizen by reading the law will be able to place an intelligent construction or

"The committee expects in about two weeks to complete the first draft of the law as we will seek to have it amend-ed," said Mr. Gebhardt yesterday. "We are taking considerable pains and de-voting a great deal of our time that laws which will protect our fish and laws which will protect our fish and same may be formulated for the consideration of the state's lawmakers. A mistaken impression prevails that those laws in the past have been framed in the interest of the city sportsman exclusively rather than for the protection of the fish and game. In its work the committee is doing everything in its power to dissipate that idea. What is needed in this state is legislation that needed in this state is legislation that will protect and multiply the state's fish and game regardless of any selfish in-terest. What is more it is the intention of the committee to suggest uniform laws that shall apply in all countles alike. Endless confusion we find has resulted from the laws as they are new con-stituted from the fact that different re-strictions are imposed in practically every

county of the state. In response to a general demand alike from the hunters and the farmers, the committee will recommend a law establishing a closed season of at least two years for the protection of the Chinese pheasant. Another law will be suggested prohibiting the killing of elk for a period of five or six years. The Legislature also will be asked to

provide a bounty fund on crows, wolves and cougars. Between crows and the animals named it is asserted by members of the committee that more birds and other game are killed annually than by the sportsmen. It is for that reason the committee believes the state should make provision for this sort of protection Under the present law the county court are empowered, if deemed expedient, to provide such a bounty fund, but the members of the committee feel that the expense should be borne by the state directly rather than by any one county or group of counties since the benefits following such a policy are state-wide and not confined to the community in which such a tax is levied.

As a result of considering several bills amendatory of the state law relating to the tax the law relating to the tax the law relating to the tax the law relating to the law relating

There is a demand from many sources that the law which forbids the sale of ducks in the market be repealed. It has ducks in the market be repealed. It has been suggested to the committee that in arranging for the sale of ducks in the market, the limit that can be taken any week be reduced from 50 to 35. In recommending this legislation, the committee will propose that dealers in game be required to keep a record of all purchases, the number of ducks bought together with the date and the name of the man from whom they were bought. This woord shall be oven to inspection by the record shall be open to inspection by the State Game Warden. Various other provisions of the game

The Oregon Agricultural College squad arrived at the Hotel Danmoore last night and each player is confident that fits team will be able to repeat the trick turned by the University of Oregon in lowering the colors of the clubmen, Cady, one of the Aggies' star men, is incapacitated by injuries and will not play, while Captain Carl Wolff is also on the hospital list through a severe

sprain received at Seattle, Like all players, however, Wolff de-sires to get in the game, and may do so despite the advice of his coach, for he realizes that the Aggles will be capped without a man who can kick the ball for goodly gains. In the event that Wolff is eliminated. Engierg will play ils half, and do the kicking, alternating with Keck. Cooper and Wallace are als on the hospital list, not having recov ered from the grueiling battle at Seattle on Thanksgiving. However, their in juries are not so serious that they will be prevented from playing, and each may be able to get into the game in the nd half

The Multnomah Club eleven is in fair good shape, although several of th ly good shape, although several of the players have not recovered from the effects of the Oregon game. The team will enter the game practically intact, though Forrest Smithson may not play. He was slightly injured in the Oregon game and in view of the fact that he is anxious to participate in the A. A. U. games at Seattle next year, he does not care to jeonardize his chances by playcare to jeopardize his chances by playing football. He has informed Manage Pratt that, if it is absolutely necessary he will play this afternoon, but that i will be his last game this season. Smith son is the world's champion high burdler and as his old rivals, Garrels and Shaw are coming to the Scattle mest, Smith son desires to be in his best form to meet them.

Dow Walker, the former O. A. C. star player, and Bert Pilkington, another graduate of the Corvailis institution, will play today for the first time against their alma mater. Both players will work as hard for Multnomah as they did in former days for the Farmers. It will be interesting to watch the battle between Walker and Jamieson, the latter Oliver M.
