

HOT ASSAULT ON DINGLEY TARIFF

Miles Says It Gives Farmers Stone Merely Labeled as Bread.

HUGE PROTECTION ON OIL

Labor Cost Six Per Cent, Tariff 99 Per Cent of Price—Proposes to Slash Steel and Machinery Tariffs.

WASHINGTON, Dec. 6.—Although he is chairman of the tariff commission of the National Association of Manufacturers, Herbert E. Miles, of Racine, Wis., a manufacturer of agricultural implements, weapons and carriages, made it plain to the committee on ways and means of the House today that he was not appearing for the Association. He professed to address the committee "As one of the million consumers, as one of the 150,000 to 200,000 manufacturing consumers, as an employer who pays \$200,000 annually in wages and as an independent, non-trusted manufacturer."

"A stone labeled as bread," is what he said the farmer is given through the Dingley tariff.

Mr. Miles said the Standard Oil Company benefited most from the duty on oil. The Standard's wage cost is 6 per cent of the price to the consumer, and the tariff offered a protection of 99 per cent of the price.

The tariff rates on steel and its products, he said, were all in excess of the wage cost. He declared that 95 per cent of the steel output was controlled by the United States Steel corporation, Jones & Laughlin, the Republic Iron & Steel Company, the Colorado Fuel & Iron Company, the Lackawanna & Pennsylvania Steel Company.

At Mr. Miles' suggestion, he included the Cambria Steel Company. He said that these and several others were "in a commercial sense practically one concern."

"That is true as far as making one price is concerned," suggested Mr. Coker, of New York.

Mr. Miles recommended a maximum duty of 15 per cent on heavy steel products and as a minimum no duty. "Reduction of the schedule," he explained, "might result in a material reduction in the cost of agricultural implements and wagons to the farmer, and he advocated putting on a tariff on machinery on the free list. He admitted later that the entire steel schedule for rolling mill productions should be reduced from 15 to 10 per cent. "What for?"

"What for?" asked representative Champ Clark of Missouri.

"Because I want to see the Government get revenue and because I want a trading proposition whereby we can sell goods in foreign countries."

Some excitement was caused when Mr. Clark asked Mr. Miles:

"What was the difficulty you and Mr. Van Cleave, Mrs. Pazy and your associates had with the labor unions?"

Mr. Miles denied that he had any trouble.

Colonel Martin S. Mulhall, of St. Louis, came forward and became involved in a heated argument with Mr. Clark. Colonel Mulhall alleged that certain labor leaders were trying to boycott Mr. Van Cleave because he was a Republican and a protectionist.

"I don't want any political speeches," replied Mr. Clark warmly. "I want to know what the row was about between Mr. Van Cleave and the labor unions."

"The brassknuckles wanted 10 per cent more wages than was being paid in St. Louis," replied Colonel Mulhall, who continued heatedly to defend Mr. Van Cleave until Chairman Payne intervened.

PRACTICES WITH RIFLE

Roosevelt Spends Several Hours Shooting on Rixey's Farm.

WASHINGTON, Dec. 6.—President Roosevelt spent several hours late Saturday in rifle practice on the farm of Surgeon-General Rixey of the Navy at Chesapeake, Va., about five miles from the city. Accompanied by General Rixey, the President left the house much earlier than usual and behind a team of speedy horses was driven to the Virginia farm. Half a dozen rifles and plenty of ammunition were carried along.

SEIZE IMITATION BUTTER

Officers Confiscate 30,000 Pounds of Oleomargarine in Colorado.

DENVER, Dec. 6.—What is said to be the biggest raid on the manufacturers of imitation butter ever attempted in any city is being conducted in Denver by deputies of the internal revenue office. The most important seizure so far is that of 30,000 pounds belonging to the Star Creamery, of which ex-State Senator J. E. Burton is president. Several other places have been raided and more than 2000 pounds has been confiscated.

CALLS GOODWIN A FRAUD

Miller Charges Actor With Having Conspired to Cheat Him.

RENO, Nev., Dec. 6.—Suit to dissolve the Nat. C. Goodwin Company, of this city, was filed today by Warren Miller, vice president of the company, who also asks for \$100,000 damages. Miller alleges that Goodwin and George Graham Rice, the latter now being in New York, have conspired to defraud and cheat him of his rightful interests and profits in the company.

PORTLAND BOY IS WINNER

Ignacius McNamee First in Oratorical Contest at Notre Dame.

NOTRE DAME, Ind., Dec. 6.—Ignacius McNamee, of Portland, Or., speaking on "Child Labor," won the varsity oratorical contest here this evening. He will receive the Breen gold medal for oratory and will represent Notre Dame in the state contest.

FILES REHEARING PETITION

Effort Made to Reopen Case Adversely Decided by Root.

OLYMPIA, Wash., Dec. 6.—(Special.)—A

rehearing was filed Saturday in a petition to the Supreme Court asking that the court reconsider a decision written by Judge Root because of the scandal in the case of Alma Gable, administratrix, against the Spokane & Inland Electric Road. The petition is signed by A. C. Clausen, attorney for Mrs. Gable.

The suit was brought for the damages for the death of the husband, who was killed by an inland car on a grade crossing, and the decision, written by Judge Root, held the plaintiff could not recover. The attorney says that the present investigation of Judge Root "involves integrity, especially in connection with railroad litigation, to such an extent as to cast serious doubt upon the correctness and legality of his findings and the correctness of his method of proceeding to the determination of the questions of law."

The attorney asks as attorney and as a member of the bar of the state that the Supreme Court take no final action in this case unless it be to grant a rehearing pending the determination of the investigation. This petition, like a score or more in other cases, will be disposed of at the pleasure of the court. They may be taken up in a few weeks or be untouched for months.

BLAZE IN MILLINERY STORE

MISS FRAKE'S ESTABLISHMENT IS DAMAGED \$10,000.

Fireman Jumps on Wire and Loses Several Teeth—Water Not Used on Fire.

Fire and smoke caused nearly \$10,000 damage and a fireman was hurt in the blaze Saturday night at 10 o'clock in the millinery establishment of Miss L. S. Frake, 409 Washington street. The blaze was of unknown origin and followed the closing of the store, which had occurred but half an hour before the alarm. While the flames were visible from the street, the affair drew an enormous crowd.

After the front door had been broken in, the smoke inside was so dense the firemen had to crawl into the building on their hands and knees to avoid the thickest of the cloud, and even then several of them were forced back to the sidewalk, choking and unable to see. Finally the cause of the trouble was discovered in the extreme rear of the store. In the stockroom a smoldering fire was found, and quickly put out by the chemical apparatus without the use of water.

About 1200 of millinery stock material was actually destroyed by the flames and about \$5000 damage was caused by the smoke. The efforts of the Fire Department, directed by Chief Campbell and Battalion Chief Young, were applauded by the spectators and the proprietress of the store, who thanked them for extinguishing the blaze without resorting to the use of water, and in due to the delicate materials used in the business.

Miss Frake was calling at the house of a friend, only two blocks distant, when the fire first started. After hearing where the fire was, she was assisted to the home of Mrs. Gould, at 92 Tenth street, where, in a few moments she regained her feet and returned to the store, where the place had not wholly been destroyed.

Hoseman Green, of Engine Company 2, suffered the loss of several teeth during the fire. He had been ordered to prepare an opening in the rear so that a line might be introduced if it should become necessary to use a stream of water. After opening the window in the back he jumped from the sill to some steps nearby. He struck a wire stretched in front of the window, which he could not see, and it tore out several of his front teeth.

ACCUSES NIGHT RIDERS

AGED NEGRO TELLS OF RECEIVING TERRIBLE TREATMENT.

Whole Family Taken Into Woods and Severely Beaten—Attempts to Hang Old Man.

CAMILLA, Ga., Dec. 6.—Judge W. N. Spence, of the Albany Superior Court, has issued warrants for the arrest of Frank Adams and John Rodney, prominent in Miller County, charging them with a serious offense. According to the story of Andrew Moore, an aged negro corroborated by members of his family, he had a son in the Miller County chain gang who recently escaped.

"I am satisfied that party of night riders led by Adams and Rodney, the latter a Deputy Sheriff, went to the old negro's house in Baker County and changed his family with hiding the escaped convict. This they denied, whereupon the night riders, it is charged, took them into the woods and severely whipped the old man, his wife, his son and his son's wife. This bringing forth no confession, it is charged, a rope was put around the old man's neck and thrown over a limb of a tree and he was being slowly choked to death when the rope broke and he managed to escape, followed by a volley of shots.

"The National collections are very deficient in natural history materials from the Dark Continent and an effort will be made by the expedition to gather general collections in zoology and botany to supply some of its deficiencies, but the main effort will be to collect the large vanishing animals."

Cunningham Old African Hunter.

"R. G. Cunningham, who is now engaged in assembling the materials for Mr. Roosevelt's use, has been employed to act as guide and interpreter of the expedition. Mr. Cunningham is also an experienced collector of natural history specimens, having made collections for the British Museum, Norway and Africa. He is an Englishman who has guided numerous hunting parties in Africa and who was chief hunter for the Field Columbian Expedition.

Heller Is Born Collector.

"Edmund Heller, a graduate of Stanford University, class of 1901, is a thorough collector of natural history specimens. He is a graduate of the University of California and has been in the field of collecting for several years. He is a graduate of the University of California and has been in the field of collecting for several years. He is a graduate of the University of California and has been in the field of collecting for several years.

Loring Holds Record.

"J. Alden Loring is a field naturalist whose training comprises service in the biological survey of the Department of Agriculture and in the Bronx Zoological Park, New York City, as well as a specialist in collecting birds and mammals. He is a graduate of the University of California and has been in the field of collecting for several years. He is a graduate of the University of California and has been in the field of collecting for several years.

NIPS REVOLUTION IN BUD

President of Salvador Says That Alfaro Is Under Permit.

NEW YORK, Dec. 6.—Ernest Schernikow, Consul of Salvador in this city, today received a cablegram from the President of the Republic, stating that the Alfaro revolution was nipped in the bud.

Many of the leaders were caught, the dispatch added, and Alfaro was under pursuit.

President Figueroa, of Salvador, has cabled Minister Mejia, declaring that the report regarding an uprising in that country is sensational and that while there was no doubt that some of the implicated were promptly arrested. The leader, ex-Vice-President Prudencio Alfaro, escaped and is supposed to be making for the frontier.

WATER-USERS STAND PAT

Refuse to Pay Government Over \$18.60 an Inch at Klamath.

KLAMATH FALLS, Or., Dec. 6.—(Special.)—The directors of the Water Users' Association, at their regular monthly meeting this afternoon, took a determined stand not to pay over \$18.60 per acre for Government irrigation. They will gather hundreds of affidavits showing that the water users are promised water at \$18.60 per acre, including maintenance, and that the cost would not exceed \$20 per acre in any event.

If the Reclamation Service insists on the payment of \$30 per acre and 75 cents maintenance charge, the association will go before Congress with a release bill for the difference.

REFUGEE ORDERED BACK

Russian Must Return to Native Land for Trial.

CHICAGO, Dec. 6.—Christian Rudowits, a Russian refugee, must go back to Russia to stand trial on a charge of having murdered three persons, unless he is saved by the intervention of the Department of State or of the President. This decision was clearly indicated by United States Commissioner Foote, Saturday, after a hearing lasting more than a month.

Rudowits is accused by the Russian officials of having participated in the murder of Mrs. Wilhelmina Kinze and her parents at Tubuk, Province of Courland, Russia, in January, 1906. Although admitting that he was a member of a revolutionary body, which "condemned to death" the Kinze family, on the ground that they were "spies of the Czar," Rudowits contended through interpreters that he did not participate in the murder and claimed the right of asylum in this country as a political refugee.

The murder of the Kinze family took place on the night of January 8, 1906, when a band of armed men knocked at the door of Theodore Kinze. Some one opened the door and the band rushed in and, after looting the place, killed Mrs. Kinze and set fire to the house. They then went to an adjoining house, where the woman's parents lived, and killed the occupants.

Attempts to steal into the city with his bride just as quietly as he had departed in quest of her two weeks ago. Municipal Judge John Van Zante returned from the East at 2:30 o'clock Saturday night accompanied by Mrs. Van Zante. However, his efforts were all in vain, for awaiting him at the home of his bride, to which he went immediately on his arrival, were two score or more friends, who welcomed the Judge and his wife most heartily. "I am willing to talk now," he said, when asked about his trip last night, "but I wasn't willing before I left. But the Portland papers were sent me and I see I didn't fool any one as I thought I would. But Mrs. Van Zante is with me and if there's anything you want to know about the wedding or the trip, just ask her about it."

Two weeks ago Judge Van Zante quietly left the city. It was not generally known whether he had gone, but to a few friends he imparted that information and it must have been one of those intimate friends who were told of his journey to a little town in Iowa to marry a young woman. She had known and loved for some time Miss Rachael Donselaar, and she lived at Pella, Ia., a village about 45 miles southeast of Des Moines. They returned last night and went from the station to the home of Judge Van Zante's brother, D. Van Zante, 423 East Eighth street.

PLANS FOR GREAT ROOSEVELT HUNT

President Tells of Party He Will Lead into Central Africa.

WILL COLLECT SPECIMENS

Takes Party of Naturalists and Marksmen to Uganda to Kill Big Game for Smithsonian Institution.

PLANS FOR GREAT ROOSEVELT HUNT

President Tells of Party He Will Lead into Central Africa.

WILL COLLECT SPECIMENS

Takes Party of Naturalists and Marksmen to Uganda to Kill Big Game for Smithsonian Institution.

WASHINGTON, Dec. 6.—President Roosevelt, in a statement prepared by Secretary Walcott of the Smithsonian Institution made his first official announcement yesterday regarding the hunting trip to Africa on which he will start within two weeks after he retires from the Presidency. The expedition is to be outfitted by the Smithsonian Institution, the President defraying his own expenses, and will gather natural history materials for the new National Museum. It will be reached in April next year, but no detailed itinerary beyond that place has been made except the general route to Victoria Nyanza and thence down the Nile to Khartoum, where it is expected the party will arrive about April, 1910. The official statement follows:

"Collect Museum Specimens.

"In March, 1909, Theodore Roosevelt will head a scientific expedition to Africa, outfitted by the Smithsonian Institution and departing from New York. This expedition will gather natural history materials for the Government and will be deposited by the Smithsonian Institution in the New United States National Museum at Washington, D. C. Besides the President and his son, Kermit Roosevelt, the personnel of the party on leaving New York will consist of three representatives of the Smithsonian Institution, Major Edgar A. Mearns, medical corps, U. S. A., retired; Edmund Heller and J. Alden Loring. On arriving in Africa the party will be enlarged by the addition of R. G. Cunningham, who is now in Africa preparing the President's outfit. He will have charge of a number of native porters, who, with necessary animals, will be formed into a small caravan.

Roosevelt to Kill Big Game.

"Mr. Roosevelt and his son will kill the big game, the skins and skeletons to be prepared and sent to the United States by other members of the party. Mr. Kermit Roosevelt is to be the official photographer of the expedition.

"The National collections are very deficient in natural history materials from the Dark Continent and an effort will be made by the expedition to gather general collections in zoology and botany to supply some of its deficiencies, but the main effort will be to collect the large vanishing animals."

Cunningham Old African Hunter.

"R. G. Cunningham, who is now engaged in assembling the materials for Mr. Roosevelt's use, has been employed to act as guide and interpreter of the expedition. Mr. Cunningham is also an experienced collector of natural history specimens, having made collections for the British Museum, Norway and Africa. VANCOUVER VOTES TUESDAY

COMPLETE CITY TICKET TO BE SELECTED.

Municipal Ownership and Improvement of System Chief Issue Before People.

YANCOUVER, Wash., Dec. 6.—(Special.)—At the regular municipal election to be held in Vancouver on Tuesday, December 8, there will be elected a Mayor, a Councilman-at-large, a Councilman for East, West and North Vancouver, a City Clerk, a City Attorney and a City Treasurer.

All the candidates elected will hold office for one year. The Councilman for East, West and North Vancouver, and they will be elected for two years. Three of the present Councilmen hold office, namely, W. E. Greene, E. S. Biecker and J. P. Kiggins. Councilman Biecker has resigned and his resignation will take effect January 1, and his successor will be appointed by the Council. Councilman Kiggins is a candidate for Mayor on the Republican ticket. If he is elected his seat as Councilman will be vacant the first of the year. Councilman Greene will have to select his successor. In that event Councilman Greene would be the only member of the present City Council who would retain his present office next year. Four Councilmen, namely, W. W. Sparks, T. Hendrickson, J. C. Ernst and William Tenney, go out of office December 31. Mr. Tenney is the only one who is a candidate for re-election.

The following is a complete list of the candidates:

Mayor—Republican, John P. Kiggins; Democrat, R. P. Wiswall.

Councilman-at-large—Republican, J. C. Huston; Democrat, R. P. Wiswall.

Councilman, East Vancouver—Republican, W. B. DuBois; Democrat, E. M. Mack.

Councilman, West Vancouver—William Tenney.

Councilman, North Vancouver—Republican, C. P. Bennett; Democrat, L. M. Hildebrand.

City Clerk—Republican, F. W. Bier.

City Treasurer—G. W. Daniels.

R. H. Rock the present City Attorney, a Republican, was nominated as City Attorney by the Democrats, the nomination being made by two Democratic votes, the Democrats themselves having no candidate for that office. But Mr. Rock

refuses to accept the nomination, hence his name will not appear on the ballot. Mr. Kiggins, Republican candidate for Mayor, stands for a complete new gravity water system and municipal ownership, the water to be piped from Lewis River. He says he has nothing against the present water system and its management, but that the system is not furnishing adequate fire protection, nor is it, in his opinion, in a position

adequately to meet the wants in all respects of a growing city. Insurance rates, too, he says, would be cut in two were the new gravity system put in.

Mr. Kiggins also, in speaking of his position, said that if he were elected Mayor, he would insist on all departments of the city government being managed in a more businesslike way than at present.

Dr. Wiswall, the Democratic candidate for Mayor, in a signed statement, says that he has made no anti-election promises; that he believes in civic improvement according to the growth of the city, and that he will endeavor to promote the same; that he believes in the enforcement of all the laws governing the city and that he is in favor of the municipal ownership of city water.

All Good Rifle Shots.

"No fears may be entertained for the President's safety from the attacks of man or beast, as every member of the party is an excellent rifle shot.

"The party will reach Mombasa in April, 1909. No detailed itinerary has been decided upon, but the general route will be up the Uganda Railway to Nairobi and Victoria Nyanza, a distance of about 50 miles by rail, then crossing into Uganda and finally passing down the Nile to Cairo. Much of the hunting will be done in British East Africa, where the Uganda Railway can be used as a base of supplies and means of ready transportation. At least one great mountain, possibly Mount Kenya, will be visited.

"Khartoum will be reached, if all goes well, about April, 1910. The expedition may be expected to spend about one year on African soil."

REFUGEE ORDERED BACK

Russian Must Return to Native Land for Trial.

CHICAGO, Dec. 6.—Christian Rudowits, a Russian refugee, must go back to Russia to stand trial on a charge of having murdered three persons, unless he is saved by the intervention of the Department of State or of the President. This decision was clearly indicated by United States Commissioner Foote, Saturday, after a hearing lasting more than a month.

Rudowits is accused by the Russian officials of having participated in the murder of Mrs. Wilhelmina Kinze and her parents at Tubuk, Province of Courland, Russia, in January, 1906. Although admitting that he was a member of a revolutionary body, which "condemned to death" the Kinze family, on the ground that they were "spies of the Czar," Rudowits contended through interpreters that he did not participate in the murder and claimed the right of asylum in this country as a political refugee.

The murder of the Kinze family took place on the night of January 8, 1906, when a band of armed men knocked at the door of Theodore Kinze. Some one opened the door and the band rushed in and, after looting the place, killed Mrs. Kinze and set fire to the house. They then went to an adjoining house, where the woman's parents lived, and killed the occupants.

Attempts to steal into the city with his bride just as quietly as he had departed in quest of her two weeks ago. Municipal Judge John Van Zante returned from the East at 2:30 o'clock Saturday night accompanied by Mrs. Van Zante. However, his efforts were all in vain, for awaiting him at the home of his bride, to which he went immediately on his arrival, were two score or more friends, who welcomed the Judge and his wife most heartily.
