HOMEWARD BOUND INJURED BY STORM

Bark Reaches San Francisco With Compass Gone and Short on Stores.

ONCE OTTO GILDEMEISTER

Cabin Was Flooded and Furniture and Stores Destroyed - Several of Crew Frostbitten-Chronomcters Turn Upside Down.

The American bark Homeward Bound has reached San Francisco from Swan-sea in a battered condition. A hurricane was encountered October 3 in latitude 56:42 south, longitude 75:18 west, which flooded the cabins and forecastle, de-stroyed furniture and provisions, carried one compass overboard, turned chro-nometers upside down, and did much other damage. Storms of snow and much cold weather were encountered and several members of the crew were frost-bitten. The vessel crossed the equator November 11, and reached port without

While in bad shape this time, it is much better than at the time she put into the same port when under the name Otto Glidemeister, and flew the German flag. At that time she was so badly damaged that the underwriters declared her a total that the underwriters declared her a total constructive wreck. She was sold to Hind, Roiph & Co., and named Homeward Bound. She cleared from Portland with a cargo of wheat for Europe December 15 of fast year, and succeeded in making the run out in 108 days. The Homeward Bound is commanded by Captain Thompson. She is under charter for outward loading from this port this season. In spite of all the trouble the craft came around from Swansea in 132

A memorandum, taken from the log of the Homeward Bound, reads as follows: "Sailed from Swansea on July 25; was 33 days to the equator, which was crossed in longitude 22 west; had fresh south-east trades from there to latitude 22 works, there were able to Cane Horn. east trades from libere to latitude 12 south; thence variables to Cape Horn; was 20 days from 50 to 50 South, with succession of west northwest gales, with ice and snow; several of the eraw were frostbitten; on October 2, latitude 55:42 south, longitude 75:18 west, had hurricane from south southeast, with high seas, filling the decks to the rails, flooding cabin and forecastle, destroying stores, cabin furniture, and washed compass from midship house, shifted main pass from midship house, shifted main tanks and started them to leak; blew away several sails, and turned chronom-eters upside down and did other slight damage around decks; thence southwes gales to latitude 45 south; had moderat winds to 32 south, where we got south whils to a solut, where we got solution east trades, carrying them to latitude 8 north; crossed equator November 11 in longitude 115:08 west; got northeast trades in latitude 10 north, carrying them to latitude 32 north; thence to port

SOL BLUMAUER TO VISIT EURO-PEAN FIESTAS.

Portlander to Boost Rose Festival and Gain Tips From Old

World Cities.

Sol Blumauer leaves this morning for a six months' tour of Europe. He will visit many of the world-renowned watering places, resorts and points of inter-est on the Continent during his absence. He is provided with credentials of the Portland Rose Festival Association and will make it a point to take in the midwinter and Spring floral festivals which are held annually at Florence, Milan, Naples, Nice and Rome, Italy, as well as the carnivals of Switzerland and Germany. His litnerary will include, Naoles, Rome, Florence, Verona, Venice, Milan, Paris, Frankfort, Stuttgart, Munich, Vienna, Vienna, Buda-Pest Marienbad, Hamburg, Berlin Karlsbad and numerous other places. Mr. Blumauer will be accompanied by

Mrs. Blumauer and their daughter, Hazel Blumauer, and they will return to Portland during the early Summer. "I shall be more than glad to act as the official representative of the Rose Festival," said Mr. Blumauer yesterday. "Our party expects to take in several f the most noteworthy floral feasts of italy. France, Switzerland and Germany while we are away. The celebrations at Nice, Naples, Milan and Florence are each magnificent in their scope, but am persuaded with what I saw that Portland did last June that none of them

is on a par with what we have already done here, and certainly not to be com-pared with what we shall be able to do next June. "I have made all arrangements to secure photographs of the parades and other features of the flestas which I shall attend and I shall be only too glad to forward them immediately to Port-

for the big Portland show." The Blumauers will spend several days in Chleago and will sail from New York January 5, direct for Naples, so as to be there in time for the great annual celebration to be held there. A tour of the continent will take them through Italy, Greece, Turkey, Austria, Germany, France, Belgium, Holland, Spain, Eng-

iand, Scotland and Ireland. In this connection the Rose Festival is anxious to secure the names of any Portland people or citizens of other Northwestern points who are going East or going abroad, so that it may enlist their efforts in behalf of the forthcomefforts in behalf of the forthcom-lebration. Father and Son on Trial in Circuit Court as Result of Saloon Brawl.

STATE MAKES CLEAR CASE

Testimony Seems to Show That Holock Was Shot Down Without Any Provocation by Matt Johnson.

Tertimony to the effect that Fred J. Holock was deliberately shot down September 11. by Matt Johnson, was given before a jury in Judge Cleland's department of the Circuit Court yesrday afternoon. The evidence so far ken shows that Johnson had no provecation for killing Holock, who had attempted to act as a pedcemaker be-tween the Finn and several others. The murder occurred outside the sa loon of Joseph Turk, known as the Nicolai Exchange, at Twenty-fourth and Nicolal streets. Both Matt Johnson and John Johnson, his son, are on trial for murder in the first degree, the son having been sent for the reolver his father used in the shooting. The jury was drawn in record time. The opening statements were briefly made at 2 o'clock yesterday afternoon by Deputy District Attorney Fitzgerald for the state, and Attorney J. A. Jeffrey for the defendants. Eight witwere called during the after-

Joseph Turk, the saloonkeeper, sald that on the night of the shooting he left the saloon in charge of his son John about 8 o'clock, when he went to the meeting of a German society. He returned about 10:30, he said. All the men in the saicon, he said, had some drinks, and Holock, who was bartender at the North Portland Hotel, a few blocks away, had a little whisky

Brawl Starts Trouble.

The murderer, with his son and two Finns who were boarding with him, were playing cards, said Turk, while several others were playing pool. Later the pool players began shaking dice on the end of the bar, and Johnsor made himself obnoxious, with the result that he was ordered away. Holoek is said to have told him he had

better go home.
Outlining the case of the state, Mr.
Fftzgerald said that it would be proved that Johnson, with the three others, started home. After they had gone a short distance the son left the party on the run, and the father was heard to call out; "Fill it up with cart-

Returning, the son wished to keep the revolver which he had brought, as-suring his parent that he could use it if it were necessary to do any shooting But when the father insisted on carrying the weapon, the boy made no fur-ther protest. Mr. Fitzgerald said the state would show that Holock was rolling a cigarette when Johnson ap-proached him, and that Holock said 'Now you wouldn't shoot me, would

Murderer Shoots at Crowd.

Mr. Fitzgerald said witnesses would testify that Johnson broke away from the crowd on the run, Pat Devine and others following. The murderer shot twice at his pursuer, but missed. He was thrown and pinned to the grou by Devine, when somebody called "He was shooting blanks" and Johnson was Then came the word Holock was very badly hurt. Devine gave chase and again caught Johnson,

John Turk said that Joe Cole. Chris Felske and Jack Bingham were the three who were playing pool. He said that he informed John Johnson that he would give his father no more drinks would give his father no more drinks because he was making a disturbance in the saloon. Soon afterward Matt Johnson came to young Turk with the remark "You don't like me." Turk said he told the man he liked him if he kept quiet. He testified that no blows were struck by any of the men, and that there was no quarreling.

On the milk question she spoke with earnestness, and declared that under present conditions it was almost impossible to get pure milk. It was either dirty or delivered in dirty Dr. Pohl urged that the conver tion indorse the ordinance introduced by Councilman Cottel, as it was a step in the right direction and ought to be passed by the Council.

With reference to the ment markets of the city the speaker made some start-ling statements, and pointed out to her astonished audience that pure meat was not easily obtained, showing the reason why this is so. She urged the impor-tance of having in Portland a bacteriologist to make tests when complaints are made about meats bought in open market and said that until there is such an officer the pure food law cannot be en-forced in this city. The hands of the spector, Mrs. Evans, she said, were

Dr. Pohl declared that it was the duty of every woman to protest against im-pure food, and no longer be indifferen to the enforcement of the law. She gave instances of where she had seen women purchase bad meat in the open market because they were ignorant of what was bad and what was good meat. At the conclusion of the address of this subject the convention adopted a resolution urging the enforcement the pure food law, and the adoption of ordinance prepared by Councilman Cottel.

Mrs. L. H. F. Additon introduced a res-lution demanding that the state law for bidding women to enter saloons be en ed. She declared that the Portland Council was wasting time when all that was necessary was to enforce the state law governing the saloons and the whole object would be reached. I Cure Men

Consult Me First

Even though your case may be one that some other doctor is able to cure, and though his cure be absolutely thorough and permanent, there is yet good cause for your coming to me for treatment. The service I render is entirely unlike and better than the ordinary. I have devised new and scientific methods of treating men's discases in all their phases. I cure cases that others cannot cure, and cases that others can cure I cure in less time and without pain or possibility of injury. All my forms of treatment have been perfected along the lines of nature's requirements and are in exact barmony with the natural recuperative forces. Therefore, my cures are painless prompt and thorough.

My Fee in All Uncomplicated Cases

Contracted Disorders

The serious results that may follow neglect of contracted diseases could scarcely be exagerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific Coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising, and my treatment is equally effective in both recent and chronic cases.

I Treat Men Only

The vast multitude of mon who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life, and on them all my facuities are concentrated.

Varicocele

Cured

There is no necessity for surgical operations in the treatment of Varicoccie. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the hursh and dangerous practice of cutting. But one week is required, and seidom is it even necessary to detain the patient from his business.

Stricture

In the frestment of stricture I have again triumphed over surgery. I employ an original method by which the obstructing tissue is completely dissolved, and all inflammation and irritation throughout the system expelled. No pain, no cutting, no dilating, and a surecure in every instance.

Consultation and Diagnosis Free I do not charge for advice, examination or diagnosis. If you call for a private talk with me you will not be urged to begin threatment. If you cannot call, write for Diagnosis Chart, My offices are open all day from 9 A. M. to 9 P. M. and Sundays from 10 to 1 only.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but secrets of suffering, and they have be R. V. Pierce in the hope and expectation of advice and help That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent, of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the eases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a- million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the

specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest.,
