WILL CONFER ON PROPOSED LAWS

Multnomah Delegation Will Tonight Consider Bills Affecting This County.

MANY SEEK LEGISLATION

Chamber of Commerce, Humane Society and Others Will Present Requests Before Meeting in Commercial Club Auditorium.

Various measures of proposed legislation will be considered at a meeting of the Multnomah County legislative delegation which will be held tonight in the convention hall at the Portland Commercial Club. It is the intention of the delegation to restrict its consideration to purely local bills affecting Multnomah County. When this has been done, other measures will be discussed if there is time. There are, perhaps, a dozen proposed bills of particular concern to Multnomah County that will be submitted.

Members of the legislative committee of the Portland Chamber of Commerce will appear before the delegation to urge the amending of the pilotage law to conform to the Port of Portland towage law. The same organization will ask for a law repealing that provision of the insurance law which requires foreign companies to deposit $50,000 before being allowed to engage in business in the state. In the same connection the Chamber will propose another law creating the office of State Insurance Commissioner.

Want Two More Judges.

A bill creating two additional Circuit Court Judges will be recommended to the delegation by members of the Multnomah County Bar Association.

The Oregon Humane Society, through its officers, will ask for the indorsement by the delegation of a bill providing for an appropriation of $3000 annually for two years for this society.

"This organization has been in existence for 30 years," said Otto J. Kraemer, its secretary, yesterday, "and has never received any state aid. In carrying on the work of the society we have depended entirely on contributions and bequests. We now have a fund of $4000 but by the terms of the bequests we are permitted to use only the interest accruing from that money. This has not enabled us to accomplish much.

"There is urgent need for a salaried officer to assume charge of the work in the state. The installation of a large number of public drinking fountains for man and beast in the city during the last few years has been possible only through private contributions and the energy of the society. That the organization is alive and active may be judged from the fact that between 50 and 60 cases of reported cruelty to animals are investigated every month."

Fields Has Five Measures.

County Clerk Fields will submit to the delegation five measures he considers should be enacted into laws. One of these bills proposes creating the office of State Auditor, at a salary of $6000 per annum. Such an officer, Mr. Fields believes is essential if a uniform system of record-keeping shall be introduced in the different counties of the state. Under the present system, Mr. Fields says, the same department of the county government is not conducted alike in any two counties in the state. He argues that the adoption and regulation of a uniform system in all of the counties would do a great deal towards simplifying and expediting the transaction of county business generally.

Another bill that will be suggested by Mr. Fields proposes an amendment to the registration law, providing that electors may be registered in the body of the county by duly authorized deputies from the County Clerk's office. The same bill was passed at the 1907 session, but was afterwards vetoed by Governor Chamberlain, who contended that the adoption of such an amendment might open the way to irregular registration and possible colonization of voters. Mr. Fields thinks such a danger is not possible in the amendment, which he argues would greatly expedite the matter of registering the electors in every county.

Another bill prepared by the County Clerk provides for inspectors of election in all precincts casting 300 votes or more. This officer will be appointed by the County Court and shall have charge of the board of judges and clerks of election in his precinct. The endless amount of confusion that has resulted in numerous precincts in this county at elections is urged as a strong argument why some capable officer should be provided for the large precincts, that the voting may be carried on entirely regularly.

Amend Marriage Laws.

If another bill drafted by Mr. Fields should become a law, all persons authorized to perform marriage ceremonies will be required to file proper credentials in the office of the County Clerk. In the absence of any regulation of this matter, Mr. Fields says many marriages are being performed by persons not legally authorized to officiate. The bill provides a penalty for all persons performing marriage ceremonies unless they are legally authorized to do so. In the same connection an amendment is proposed to that provision which requires officiating clergymen to return to the office the marriage certificate within 30 days following the ceremony.

As it now reads this section provides that the delinquent clergyman or other person authorized to perform marriage ceremonies who wilfully fails to return the certificate within the prescribed time shall be subject to a fine. The amendment proposes that the word "wilfully" be stricken out. Another slight amendment to the same law requires the County Clerk to take the names and addresses of parties applying for marriage licenses, so that their assistance may be asked in locating the missing certificate, that the records in the Clerk's office may be complete.

Mr. Fields will also ask that the law regarding plats be amended. He would have the statute amended so as more stringently to regulate the naming and vacating of plats.

MASONS INSTALL OFFICERS

Joint Ceremonies Are Held by Three Local Lodges.

Joint installation of the officers of Washington Lodge, No. 46; Sellwood Lodge, No. 131, and Doric Lodge, No. 132, of St. John, A. F. and A. M., was held in the hall of Washington Lodge, at the corner of East Burnside and East Eighth streets, Saturday night. There was a large attendance from all the lodges. Past Master William A. Dempsey was the installing officer, and Past Master E. F. Hitchcock was grand marshal. The following are the officers of the three lodges:

Washington Lodge—Worshipful master, Berlin E. Davis; senior warden, Holman G. Morton; junior warden, H. M. Ogden; treasurer, R. B. McClung; secretary, J. H. Richmond; chaplain, S. D. Dewart; senior deacon, John S. Week; junior deacon, Joseph W. Beveridge; senior steward, C. V. Howard; junior steward, E. F. Crosby; tyler, T. H. Brickell.

Sellwood Lodge—Worshipful master, J. G. Grim; senior warden, Henry Jordan; junior warden, R. W. Rassmussen; treasurer, C. A. Merbe; secretary, Thomas J. Elkins; senior deacon, J. G. Hoard; junior deacon, W. C. Githens; senior steward, A. J. Nye; junior steward, J. M. Walgemet; tyler, George D. Reed.

Doric Lodge, of St. John—Worshipful master, James McChessney; senior warden, A. R. Jobes; junior warden, S. C. Davis; treasurer, C. F. Hendricks; secretary, E. S. Harrington; senior deacon, W. H. Jobes; junior deacon, Charles E. Bailey; senior steward, P. J. Miller; junior steward, Joseph Smith; tyler, A. Sacket.

At the conclusion of the installation ceremonies, Past Grand Master W. T. Williamson spoke briefly on the fraternal spirit of the Masonic order. In behalf of Washington Lodge, he presented Past Master A. M. Wright with a beautiful past master's jewel. Remarks were also made by visitors and others. The entire membership present repaired to the banquet hall, where refreshments were served. Both Sellwood and Doric Lodges, the guests of Washington Lodge, had their origin in Washington Lodge, and were started the past year. The installation was the first held in the new East Side Masonic Hall, which was greatly admired by the visiting brethren.

J. B. Coffey, Chairman Multnomah Legislative Delegation Which Meets Tonight.

ADMINISTER TWO ESTATES

Women Administratix of Husband and Former Husband's Property.

OREGON CITY, Or., Dec. 27.—(Special.)—Mrs. Kate McDonald, of Boring, twice widowed, has filed petitions in the Probate Court to be appointed administratrix of the estate of John McDonald, who died December 6, 1908, and to be named as executrix of the estate of John Haley, her former husband, who died January 12, 1901.

The property of McDonald is valued at $500 and Mrs. McDonald is the only heir. Haley left property worth $5000 and made a will, which was never probated until Saturday. His widow was given a life interest in his property and after her death it is to go share and share alike to his six children.

WEATHER CONDITIONS.

A new low-pressure area has made its appearance near Vancouver Island and southwest storm warnings were ordered at all stations in this district as far south as the mouth of the Columbia River at 5:20 P. M. today. During the last 12 hours rain has fallen in the Willamette Valley and Western Washington and cloudiness has increased in Eastern Oregon, Eastern Washington and Idaho. A maximum wind velocity of 48 miles from the south occurred at North Head shortly before 5 P. M., and while winds have been moderately strong from the south all day along the Washington coast and the Sound country they had not reached a gale force at the time the last reports were received. The temperatures have remained nearly stationary since yesterday, and as a rule they are slightly above normal, except in California, where it is colder than usual.

The indications are for rain Monday in Oregon, Washington and Idaho, except in Southeastern Idaho, where fair weather will probably continue.

FORECASTS.

Portland and vicinity—Rain; southerly winds.

Oregon—Rain; southerly winds.

Washington—Rain, with a fresh southwesterly gale along the coast and in interior west portion.

Idaho—Probably rain, except fair southeast portion.

As to the Matter of Whiskers.

HUBBARD, Or., Dec. 27.—(To the Editor.)—In last Thursday's Oregonian, under the heading "French Servants Demand Whiskers," the expression "side burns" is used. I have heard the word from illiterates, but this is the first time I have seen it in print. My impression is that the phrase "Burnside whiskers," or "Burnsides" originated during the Civil War, about the time that Major-General Ambrose E. Burnside took command of the Army of the Potomac. Then it became common for soldiers and civilians to shape the hirsute appendage a la Burnside. If there is such a word as "side-burns" it is new to me. J. S. YODER.

OVER 900 HOLD MUNICIPAL JOBS

Tax Estimates Must Provide for City Payroll Amounting to $75,000 Monthly.

COULD BE PRUNED DOWN

Intrenched Behind Civil Service Rules, Larger Force Is Carried Than Would Be Necessary in Private Business.

With a payroll of $75,000 a month, and a list of more than 900 employes, the city government is wrestling with tax estimates for the coming year. Inspection of the salary rolls in the City Hall reveals a surprisingly large number of employes. In private business, many of them would undoubtedly be lopped off, but such is the system of public affairs that this cannot be done.

In the City Hall are seven regular janitors at $80 a month and two extras, whereas other buildings of equal size employ a lesser force. The Auditor has 13 deputies and seven clerks; the City Attorney, three deputies and two clerks; the Plumbing Inspector three deputies; the Pound Master, four deputies; the City Engineer, 67 employes and more than a score of inspectors; the Building Inspector, three deputies and one clerk; the Health Department, 13 employes; the crematory 11 and several extra laborers; the Street Cleaning Department, 12 regular employes and some 90 day laborers; the Fire Department, 254; the Police Department, 152; Water Department, 78, plus about 100 men and other extra hands.

This army of city employes, as paid in November, numbered 925 persons, practically all of them "protected" in their jobs by civil service, which makes it impossible for the city departments to engage or discharge men as a private employer does, with a view to fitness and competency.

In November monthly salaries were paid as follows (not including wages of day laborers):

Number Employes and Salaries Paid.

Fire Department	254	$29,080
Police Department	152	15,740
Water Department (not including 104 day workmen)	78	7,244
City Engineer's Department (not including 25 inspectors)	68	7,380
Auditing Department	21	2,750
Health Department	13	1,395
Street Cleaning Department (not including 92 laborers)	12	1,075
Park Department, (not including 25 laborers)	12	1,163
Crematory (not including 3 laborers, 1 carpenter)	11	870
Building Department	5	640
City Hall janitors (not including 2 extras)	9	755
Pound Department	5	390
Sealer Weights and Measures	2	225
Plumbing Inspectors	4	525
City Attorney	6	760
City Treasurer	4	625
Civil Service	2	165

She Broke the Engagement—

or, at least, she made other people think so—but what **she** thought and how **she** felt and what **she** did makes a story that will hold your interest to the end. Read "The Pride of a Girl" in the January WOMAN'S HOME COMPANION, and read the other stories too—those by Anna Katharine Green, Mary Heaton Vorse, Anne Warner, Florence Morse Kingsley—nine good stories for all the family. "My Reminiscences," by Edward Everett Hale, and a famous love scene by Howard Chandler Christy, are also in this

Great New Year's Number

—a big holiday magazine, filled to the covers with good stories, charming pictures, strong, helpful articles, and forty pages of practical departments for women—all and more in the January
