THOUSANDS ARE POURING IN

From All Sections of the Nation the Relief Funds Come.

NEW YORK, Jan. 1.—A general relief committee to collect all subscriptions for the earthquake sufferers contributed by the Italians of New York was organized today at a largely attended meeting of representatives of Italian citizens.

All present joined in passing a unanimous vote of thanks to the American people and press for their sympathy and aid.

Relief Is National.

The spontaneous action throughout the country to succor the distress of Italy has assumed the character of a national movement.

At Boston an appeal to the 200,000 members in the United States and Canada of the Ancient Order of Hibernians for contributions to the relief fund was less than a collection.

FIREMAN AVERTS PANIC

COOL-HEADEDNESS OF ONE MAN SAVES AUDIENCE.

Fifteen Hundred People Cleared From Burning Theater Without Loss of Life.

ERIE, Pa., Jan. 1.—A fire broke out in the Park Opera House during the performance tonight when 1500 people were present, but owing to the cool work of Fireman Abraham Loucha, a panic was averted and all escaped.

Before the large audience realized that the house had been almost emptied, Loucha saw smoke coming from the floor of the gallery and sent a still alarm.

He reached the rear of the stage before the audience was advised of the danger and speaking just loud enough for the actors to hear, he appealed to the audience to continue the act.

He stepped to the front and called to the audience to file out in order giving them to understand that the fire was in the balcony structure.

One tried to crowd until smoke began to fill the building. Then a crash began. The fire department saved scores from jumping from the third-story fire-escapes by getting ladders up.
