

# \$550,000 MORE MAINTAINED FOR FAIR

## Bill to Be Introduced Asking Funds for Showing at A.-Y.-P. Exposition.

### REPORT OF WORK DONE

#### Commissioners Tell of Progress Made in Display and Outline What is Needed to Make Oregon Exhibits Worthy State.

In order that Oregon's participation in the Alaska-Yukon-Pacific Exposition may be on a scale commensurate with the wealth and resources of the state an additional \$550,000 appropriation is to be asked of the Legislature by the Oregon Commissioners. A bill appropriating \$550,000 additional to the \$100,000 already secured, has been drafted and will be submitted at once. It is believed there will be no hitch in getting the appropriation passed.

In connection with the request for more money, a report of the work of the Oregon Commission up to the present time has been submitted to Governor Chamberlain by W. H. Wehrung and M. D. Wisdom, president and secretary, respectively. This report shows that in the construction of the Oregon building at the Seattle Fair and in the incidental collecting an exhibit the sum of \$57,265.76 has already been expended. A balance is left on hand of \$42,734.24. In order that an adequate showing may be made it is estimated that \$31,000 more must be spent.

The report to Governor Chamberlain showing in concise form the work thus far accomplished, as well as the amount of work of the future and estimates of cost, is as follows:

On February 25, 1907, an act entitled an act to provide for the construction of the Display of Oregon's Resources at the Alaska-Yukon-Pacific Exposition was passed by the Legislative Assembly of the State of Oregon.

Said act provided that a report should be made to you concerning the expenditures and progress of the commission created thereunder. We refer you more particularly to our report made quarterly and filed in the office of the Secretary of State.

The amount appropriated by said act we have expended as follows:

Expense and incidental	\$ 2,411.99
Transportation	2,343.29
Printing	118.25
Publicity and entertainment	1,633.53
Mineral and mining	47.50
Agriculture	75.00
State building and maintenance	35,215.44
Salaries and expenses of officers and employees	462.89
Defraying plant	2,578.00
Total	\$57,265.76

Balance on hand \$42,734.24

Our sister states, California and Washington, are preparing to place their respective buildings and exhibits in the most attractive and profitable manner possible and give daily stereoscopic views with lectures and dramatic presentations of their respective states.

We have been informed by Colonel Fisher, the commission in charge of the California exhibit, that his state will expend \$1,000,000.

We have also been informed that the State of Washington has expended \$1,000,000.

We mention these matters so that you may have some knowledge of what will be expected of Oregon in connection with our sister states. No doubt every Oregonian will be proud to exhibit the resources and products of his state.

It is our desire to make a representative exhibit in the following departments: Agriculture, horticulture, industry, mining, game, mines, mining, dairying, education, scientific, industrial, agricultural, manufactures and public utility.

To carry out these plans we find it will be necessary to have an appropriation of \$50,000 made at this session of the Legislature.

The following is an estimate of the amounts needed in each department:

Transportation	\$ 3,000
Furniture for building	2,000
Printing	100
Agriculture	3,000
Horticulture	3,000
Fishing and game	5,000
Mining and mineral	1,000
Dairying	5,000
Educational	1,000
Scientific	1,000
Moving pictures and lectures	4,000
Entertainment	1,000
Maintaining building and grounds	6,000
Office supplies	1,000
Commissioners' salaries	2,500
Salaries	12,265.76
Installing exhibits	4,999
Total	\$181,000

As above stated, you will doubt remember the classification of exhibits of the Lewis and Clark Exposition as well as the fact that you can readily see that our estimates are conservative.

The Oregon commission is made up of W. H. Wehrung, M. D. Wisdom, W. T. Wright, J. O. Booth and E. W. Rowe.

### SAYS HE WAS MISQUOTED

#### Seattle Pastor No Friend of Vaudeville, He Declares.

"Misquoted" seems to be the main defense in the case of Rev. H. H. McMillan, pastor of a Methodist Episcopal church in Seattle, upon whose account the Meth-

odist Ministerial Association of that city has asked the Pacific Christian Advocate for a correction. In the Advocate of December 30, 1908, a portion of an article from the Seattle Times was reprinted, reading as follows: "Rev. H. H. McMillan was more or less in sympathy with vaudeville theaters, although the Methodist discipline puts theaters under the ban. The Advocate, however, merely published this as having been attributed to the minister, and not as a fact."

"The Methodist Ministers' meeting at Seattle," read the article, "in a very large and entertaining body. Recently, the Rev. O. H. McGill is reported by a Seattle paper to have said that there is no reason why the ministers should be so merciless and rabid on the vaudeville theaters; that it would be better to expend their energies and ammunition on blither evils and not harass the Mayor with these minor questions. But he seems not to have carried conviction to the minds of his ministerial brethren, some of whom strongly objected to his views."

When the Advocate reached Seattle, the Methodist ministers were somewhat surprised to appear in the Pacific Christian Advocate, a resolution was adopted, saying, in effect, that Rev. Mr. McGill was misquoted in the Seattle Times; that he is strongly opposed to vaudeville theaters and never intended that what he said should be construed as favorable to them, and asking the Advocate to correct the article.

### WORKING HARD FOR RELIC

#### COAST CITIES JOIN EFFORTS TO SECURE BELL.

Million Club, of San Francisco, Advises President Hoyt of Progress That is Made.

True to its promise made last week that it would assist the Portland Rose Festival in every way that it could to secure the Liberty Bell for a trans-continental tour and journey around the Coast, the Million Club, of San Francisco, has advised the Festival managers of the progress already made to that end. In a letter received at headquarters, yesterday, what has already been done and what is contemplated is set forth. President Douglas S. Watson, writing a personal letter to President Hoyt of the Festival. The communication follows:

San Francisco, Jan. 12, 1909.—Dear President Hoyt:—Gentlemen: Ernest Simpson, of the executive committee of the Million Club, has requested me to take up the matter of the Liberty Bell coming to the Coast. The Million Club has communicated with all the civic bodies in San Francisco, including the Board of Supervisors, Mayor and Board of Supervisors, urging them to take up the matter of the Liberty Bell coming to the Coast. We will do all in our power to cooperate with you in this matter.

Assuring you of our hearty cooperation, I am, Sir, very respectfully, Sincerely yours, DOUGLAS S. WATSON, President.

No time, apparently, has been lost by the hustling San Franciscans, for the following telegram was dispatched to the Mayor of Philadelphia, forthwith:

San Francisco, Jan. 9, 1909.—His Honor the Mayor of Philadelphia, Philadelphia, Pa.:—The Million Club, of San Francisco, is pleased to learn that you are preparing to place the Liberty Bell in the city of Philadelphia. We are sure that your efforts will be successful and we are sure that your efforts will be successful and we are sure that your efforts will be successful.

The next step taken was to appeal to the State Board of Education of California to advise the children of the state to take up the matter of the Liberty Bell and its significance as a National relic.

The cities of Sacramento, Los Angeles and San Diego were also invited to use their influence with the Philadelphia authorities, and they have so agreed.

San Francisco will try if possible to get the bell started on its westward trip in time to be exhibited during the ceremonies and functions in connection with the third anniversary of the destruction of the city by earthquake and conflagration. This memorial will be observed the week of April 18, but at the same time, the Bay City people will not let up in their efforts to get the bell out here even if the plans cannot be consummated until it is out in time for the celebration in April.

Advices have been received from the Mayors of both Spokane and Salt Lake City, who are using their influence to assist in the great project.

### FROM PERU IN 42 DAYS

Lumber Carrier Built at Alameda in 1892 Hurries Back to Load for Another Rapid Voyage to South America.

The American sailing schooner Virginia arrived at Astoria yesterday after making one of the fastest trips from the west coast of South America on record. The Virginia is a four-master and was built at Alameda in 1892. She is 170 feet long, 38.8 beam and 12.8 depth of hold.

The vessel made the round trip in a little less than five months from Portland to Astoria, Peru, and from that port made Astoria in 42 days.

The distance is about 9000 miles and the usual time is from 65 to 70 days. The Virginia carried about 1,000,000 feet of lumber and has been engaged in the lumber-carrying trade ever since she was built.

OTHER MATCHES IN SIGHT

After O'Connell Has Disposed of Men of His Own Weight, Contest May Be Arranged With the Latest Wrestling Arrival.

Eddie O'Connell, the clever wrestler instructor of the Multnomah Amateur Athletic Club has declined to meet John Berg, otherwise known as Young Hackenschmidt, until after he has disposed of two matches he has already arranged. The latter will agree to any terms O'Connell may choose to offer. Berg announces that he will meet the Multnomah Club instructor within one week or two or three months, just as the latter desires, and sets forth the claim that he has posted a forfeit of real money, which is good for any date and is willing to increase it at the behest of the Multnomah Club instructor at any time.

When seen yesterday afternoon Young Hackenschmidt said: "Well, I guess that the match with O'Connell is off for the present, but I am glad to see that Mr. O'Connell is willing to give me a match after he has disposed of two or three matches he has already arranged.
