Senator Posed as Zealous in Public Duty and Did Not Talk of Buying Land.

#### SLUR AT ROOSEVELT FALSE

Attorney-General Shows by Beginning of Forfeiture Suit That Insinuation Made by the Senator Is Entirely Unfounded.

WASHINGTON, Jan. 12.-Attorney-Gen washington, Jan. it.—Attorney-General Bonaparte Issued a statement today raplying to that part of the speech of Senator Tillman delivered yesterday, in which he declared that the resolution in regard to the Oregon land grants introduced by him in the Senate, January 21, 1968, had been prepared by the Attorney-General and that his "interest in the matter had first been aroused by a the matter had first been aroused by a desire to purchase some timber lands." Mr. Bonaparte has also replied to Mr. Tillman's remarks in the Senate last Feb-urary that he had not "bought any land anywhere in the West or undertaken to huy any." The Attorney-General says:

#### Two Passages Demand Notice.

There are two passages in the remarks

"There are two passages in the remarks of Senator Billman, published in today's Congressional Record, which demand notice from me. He says;

"It might be well to inquire whether or not the Attorney-General has been ordered not to shey the law of Congress passed last April—which I will call the Tillman-Bonaparts law—ordering woll to be instituted for the recovery of the lands.

"The man who amneunces to Congress that he." Therdore Roosevelt, assumed the right is permit the steel trust to absord its greatest rival confrary to law would doubtless not hesitate to help his dear friend Harriman in holding 2000,000 acres of the public domain, simply because Ben Tillman contemplated and wanted to buy 1440 acres.

## Suit Brought to Forfeit.

"On September 14, 1908; suit was brought by the United States in the Circuit Court of the United States, for the distret of Oregon, against the Ore-gon & California Rafiroad Company, the Southern Pacific Company, the United States Trust Company, indi-vidually and as trustee, Stephen Gage, individually and as trustee, and a large number of individual defendants. It has been brought in accordance with the directions of the joint resolution to which Senator Tillman refers. Senator Tillman says in another

"Senator Tiliman says in another part of his speech:

'In my conversation with the Attorney-General in regard to the resolution which introduced and which he himself prepared siter we had talked over the whole question. I distinctly remember teiling him that my interest in the matter had been aroused by my desire to purchase some of the timber lands and that my coming to him was due to the fact that I discovered on investigation that I could not buy through any agency whatseever.

#### Tillman's Reason for Action.

"Senator Tillman called upon me at the Department of Justice a few days before the introduction by him of the resolution he presented to the Senate January 31, 1908. He told me he wished January 31, 1908. He told me he wished to know the status of the land embraced in these Oregon grants, because he had beard so much complaint of the corporations claiming them during his reent journey through the states of the Pacific slope.

"He said that the lands had become of great value and many persons wished to purchase them, and added that he would have been glad to do so

that he would have been glad to do so himself, if he could, but he never told me a word of any connection on his by him, his reason for making these inquiries was that he might better discharge his public duties.

#### That He Might Do Duty.

<sup>1</sup>I gave him a full statement of the information which had been collected by the department as the result of an in vestigation made by Mesers. Townsend and McBlair as special counsel. I told him that we deemed it advisable to secure Congressional action in the form of a resolution empowering the Attorney-General to claim a forfeiture of these Senator Tiliman then offered to ntroduce a resolution on the subject if I would prepare one; and I did prepare such a resolution, which was introduced by him and subsequently adopted. I dealt with him throughout as asking for information and advice, if I could give it, only that he might fulfill his duty as

### BANK CHANGES EXPECTED

Resignation of New York Financiers Causes Little Comment.

NEW YORK, Jan. 12-Financial circles were interested, but in no way sur-prised, today, when the resignations of James Stillman as president of the National City Bank and of George F. Baker as president of the First National Bank were announced. It had been generally understood that both men would resign.

Mr. Baker was succeeded as president by Vice-President L. L. Hine, but revenued as chatrages of the board of mained as chairman of the board of directors. Mr. Stillman also remained chairman of the board of directors. Mr. Vanderlip, the new president of the National City Bank, was a Chicago newspaperman when, in 1897, Lyman J. Gage, on becoming Secretary of the Treasury, made him his private secretary. Three months later he was made assistant Secretary of the Treasury. In 1981 he resigned to take the Vice-Presidency of the National City Bank.

Austrian Killed at Butte by Cold After Drinking.

BUTTE, Mont., Jan. 12-(Special.)-BUTTE. Mont. Jan. 12—(Special.)—Olive Aliprandi, prominent in Austrian circles in this clip, was found frozen to death in the yard of his close friend. Logi Roggiraldi, this moring. Aliprandi had been drinking last night, and it is presumed that after entering the Roggiraldi yard he lay down and went to sleep. His stiffened body was found by Mrs. Roggiraldi when she looked out of the window.

#### STATEMENT NO. 1 LOSES

Opponents Win Debate in Dr. C. T. Wilson's Church.

The question, "Resolved, That Statement No. 1 Will Purffy the Politics of Oregon" was discussed last night at the meeting of the Men's Club of Centenary

Methodist Church, East Ninth street, by four young men, and the audience de-cided in favor of the negative. Rev. Clarence True Wilson, the pastor, pre-

sided.

Thomas Leonard and Glenn R. Johnson upheld the affirmative. Mr. Leonard declared corruption had been practiced in the election of Oregon Senators. He contended that under the operation of Statement No. 1 opportunity for corrupt practices is largely eliminated. The affirmative also pointed out that in the old method practically the whole session was occurring in the election of United States. ccupled in the election of United States

Senator.

A. S. Thompson and E. R. Abbett represented the negative. Mr. Thompson declared that the United States is governed by politics and anything that tends to change this method subverts its very foundation. Statement No. 1, he said, introduces dry-rot into the politics of the country and leaves nothing but an individual scramble for office, which the man of wealth is sure to secure in the end. He declared that in Oregon no poor man or man of moderate means could afford to become a candidate for United States Senator. Senator Bourne, declared Mr. Thompson, spent thousands of dollars in his campaign. It was pointed out that he flooded the state with literature and personal letters months before the and personal letters months before the election. The negative also contended that the opportunity for corrupt prac-tices was even greater under the operation of the primary law and Statement No. 1 than ever before, and clinched this argument by pointing to the large regis-tration of Democrats as Republicans for After the question was thoroughly dis-

cussed, the audience was asked to vote on the merits of the discussion and not on personal views, with the result that the negative was given the decision.

#### Let in Rogers and Frick.

"About the time of the stockholders' meeting in 1904, the difficulty had not yet been adjusted. Mr. Harriman handed me proxies for 280,000 shares of stock, not to be used unless we reached an agree-ment before the meeting. "Then our difficulties were by that

time very few. He had agreed that the Southern Pacific should build a low grade ine from Phoneix to Deming and give the Atchison the privilege at any time to arrange traffic rights on very favorable terms. He desired that we should not move traffic over the line to El Paso, where we would connect with the Union Pacific, Rock Island and other lines. I did not attach much importance to this. Some time after he yielded on all points remaining and Mr. Rogers and Mr. Frick were then elected to our board and one of Mr. Rogers, to the executive com-

"Mr. Harriman and I were quite open with each other. I realized that the gen-tlemen named could have elected four members with the 280,000 shares of stock, constituting one quarter of the 18 board members, if they desired to. That would have taken four years to do, one a year. "He pointed out, or I pointed out, that it would not be well to have a board of directors divided against itself."

#### Harriman Did Not Meddle.

"What kind of directors were Mr. Frick and Mr. Rogers?" asked counsel for the sallroad companies.

They are very sealous. I don't recall any question raised on account of their connection with the Southern Pacific or Union Pacific," replied Mr. Morawitz, "Did Mr. Harriman ever try to exert ny influence over Atchison matters?" "He never did."

The witness said he had never heard of relaxation of competition between stehtson and Southern Pacific. Mr. Severance, of counsel for the Gov-rament, asked Mr. Morawitz if he thought it the proper thing to turn the Fhoenix & Eastern lines over to the Southern Pacific when the people had given every right of way for a com-"I am not sure I know it," Mr. Morn-

#### Not Moved by Petty Things.

The witness under cross-examination admitted that the "link" that had been turned over to the Southern Pacific would have connected with the California Coast, Mexico and the Northwest. Mr. Severance quoted legal authority for the statement that the board of directors of the company should not have as nembers directors of a rival company.
"You don't think accordingly," he said,

The dispatch states that before the late Empress Downger's death, the question of appointing an heir presumptive was pending. Yuan Shi Kai strongly urged the Downger Empress to select the eldest son of Princess Ching, but she refused. This and the impending death of the Downger Empress led him to believe that the Emperor would soon regain his power and deal summarily with those who had subordinated him to the Empress.

## Laughter, Digestion And Health

An eminent Russian physician has stated his opinion that laughter is one of the best means known to science for the correction of Dyspepsia, stomach and nervous diseases. Laughter, however, in a dyspeptic is

like the memory of running brooks and shady glens to the famishing and dying man lost in the desert. If one could but know all the causes, reasons and origins of Dyspepsia, one would not wouder at a half-heartedness of a dyspeptic's galety.

There is a ceaseless call for appetite,

coupled with a morose, moody belief and knowledge that such a call is mockery and if indulged in will bring discomfort, pain and regret. Perhaps if it were understood that the digestive system, including mouth, throat and alimentary canal, embrac-ing as it does the stomach, is composed of membraneous tissue filled with millions of small nerves, which control added millions of little mouths or suckers. Perhaps if this were known sen could more comprehensively under-

food and enjoyment to a dyspeptic
