PITTSBURG, Jan. 12.—Binding, gagging and sensulting Solomon Loughner, 80 years old, and his two sisters, both of whom are old, and his two sisters, both of whom are between 70 and 80 years old, six masked robbers last night ransacked the house, secured about \$1500 in cash, ate their sup-per and then disappeared. The ages brother and sisters are in a serious condition from the treatment they received A troop of Pennsylvania State Consta bulary arrived at the farmhouse today from Greensburg and a rigid search for

the robbers is in progress.

Mr. Loughner and his sisters were seated at the table, eating their supper, last night, when the men suddenly broke into the house. Owing to their advanced age the three of them were powerless to protect themselves. They were beaten, ound and gagged.

The aged victims refused to divulge the hiding place of their money and the men instituted a search. Unsuccessful, they drew revolvers and pointed the weapons at Loughner and his sisters, threatening death. Then one of the highwaymen

"I'll tell you, let's burn the house and cremate them."

Mr. Loughner then led the men to a small safe and opened it. After taking the contents, some \$1500, the robbers dis-appeared.

### CURED BY VEGETABLE DIET

Remarkable Recovery From Tuberculosis Reported by Vegetarians.

An interesting meeting of vegetarians and those interested in the cult was held at Sel Yambill street last night, and a remarkable instance of a cure was re-lated concerning Carl Berg, a carpenter and a resident of Portland. In 1995, he was given up by his friends and physi-cians as a hopeless victim of consumption, and, according to the history of the case as related by one of the vegetarians presnt, had apparently but a few months to live. A change to a diet of horse-radish and onlons was the first step in his com-plete recovery, it was said. Mr. Berg is now reported as in robust health.

"I can testify to the great merits of your Emulsion, especially in all diseases of a pulmonary nature. It has saved many lives that otherwise would have yielded to consumption . . . we keep Scott's Emulsion in the house all the time and all the family use it."-MR. C. J. # Scott's Emulsion

does ALL it does by creating flesh and strength so rapidly that the progress of the disease is retarded and often stopped. It is a wonderful flesh builder and so easy to digest that the youngest child and most delicate adult can take it. If you are losing flesh from consumption or any other cause take Scorr's EMULSION. It will stop the wasting and strengthen the whole system.

### CHAMBERLAIN'S **COUGH REMEDY**

A MEDICINE OF REAL WORTH AND MERIT.

It Not Only Cures Colds and Grip, But Prevents Them From Resulting in Pneumonia.

Chamberlain's Cough Remedy is intended especially for acute throat and lung diseases, of which colds, croup and whooping cough are the most common. These who have used it for years and are in a position to know its real value, assert that it is with-out an equal for the treatment of these diseases. It not only cures colds and grip, but counteracts any tendency toward pneumonia. It has come into almost universal use as a preventive and cure for croup, and has never

been known to fail. In cases of whooping cough it keeps the cough loose, expectoration easy and renders the paroxysms of coughing less frequent and less severe, depriving that disease of all dan-

It is pleasant to take, which is of much importance when the medicine must be given to small children. It contains no opium or other harmful substance, and may be given as confidently

to a baby as to an adult.

It is an ideal remedy both for adults and children, and we think the most perfect and most effectual yet produced in any country.
