#### DEFENDS SECRET SERVICE

Points Out Work Done in Oregon in Investigating Land Frauds-He Takes Shot at Croker and Makes Plea for Jews.

NEW YORK, Jan. 10 .- (Special Cor Paspondence.)—In a lecture on "Pre-judices" at Cooper Union last night. Rabbi Stephen S. Wise warmly defended President Roosevelt and the employment of the Secret Service in ferreting out

He began it by saying: "There is a man in Washington-Theodore Roese-Only 60 days more," yelled a man

in the audience.
"Did you say 'only 60 days more?" or 'alas, but 60 days more? " asked Dr.

I said 'Alas,' " answered the ques-"Then I say 'amen' to that," replied

"Then I say amen to that," replied Dr. Wise.

"President Roosevelt is said to have made a mistake in his secret services message to Congress," continued Dr. Wise. "I'll not accept the indictment of a Senate committee, however, until the matter has been more thoroughly threshed out than it has to date. But I will say that if he has made a mistake will say that if he has made a mistake it has been the mistake of an honest man. Who is there among his detrac-tors who could make the mistake of an

He is said to have made a mistake He is said to have made a mistake in sanctioning the purchase of the Tennessee Coal & Iron Co. But he did not telephone to brokers in New York to buy or sell any Coal & Iron stocks for him, as others have done. There are people at one end of Pennsylvania average who think that the man at the other nue who think that the man at the other end ought to be a rubber stamp. I am convinced that Theodore Roosevelt is ot a rubber stamp, but a man."

#### Tells of Secret Service in Oregon.

Dr. Wise then referred to his own observation of the workings of the Secret Services when he was in Oregon, of the public outery that arose there when Government agents were commissioned to investigate the land frauds and asset Heney in securing evidence. He Dr. Wise then referred to his own obto investigate the land frauds and as-sist Hency in securing evidence. He said that the answer to that clamor was the fact that a United States Senator had died a convicted criminal and that others in public office had been sent to fall or retirement through the work of the Secret Service.

"Not half the Republicans elected to the present Congress could have been

"Not half the Republicans elected to the present Congress could have been returned." said he, "except for Theodore Roosevelt. They told their constituents that they were Roosevelt men. And now they dare to attack a dying lion-officially dying I mean. The people of the United States know that Theodore Roosevelt is an honest man."

"But I blamed him," continued the speaker, "because he has been too tolerant. He would have broken with the Republican Congress years ago and told

Republican Congress years ago and told Republican Congress years ago and tood the people that he could not work with the kind of men that they were sending to Washington. He could have put to rout the oligarchy that has ruled. He had the power but he compromised.

"Wasn't it prejudice, which you are condemning, that caused Mr. Roossvelt to refer to Mover and Haywood as un-

word?" asked another auditor.

### Not Roosevelt's Sponsor.

This created a laugh, and Dr. Wise hastened to say that he was not stand-ing sponsor for Mr. Roosevelt, and that he had not touched upon the President's apparent predilection for referring to men as prevaricators. Dr. Wise had referred to Edmund Burke's famous statent that he "did not know how to fraw an indictment against a whole nahadn't recently drawn an indictment against an entire branch of the Govern-Dr. Wise took refuge in the state ment that he did not believe that Mr. Roosevelt had indicted the entire Con should wear it.

Then Rabbi Wise took another shot at Croker in this language: "We all know a man who as leader for 29 years of a organizataion debauched no jury declared him gulity does not make him innocent of wrong-doing." "When are we to have an end to the

ernor Hughes as a "man who doesn't know how to compromise—who makes after great ends in a great way." This sentiment was loudly cheered. The great hall at Cooper Union was

packed and hundreds hind to be turned away. It kept a number of policemen busy for an hour holding the doors against those who sought admittance after the hall was filled. No greater interest has been manifested in any lee at the People's Institute in many

The theme "Prejudices" gave the cfoquent young rabbi an opportunity to dwell with great effect upon the utter stupid-ity of racial prejudice—that directed against the Jews particularly. He fl-luminated his lecture with anecdote and pillared it with logic. His periods were applauded from the opening sentence.

### MYSTICISM IS DISAVOWED

Position Taken by Christian Scientists Is Officially Defined.

PORTLAND, Jan. 16 .- (To the Editor.) The statement in last Friday's Oro-conian headed "Absent Treatment for Or. Buil" calls for correction, masmuch as an erroneous impression regarding the practice of Christian Science is thereby

There is nothing "mystle" about the teaching or practice of Christian Science. Mysticism does not enter into Christian Science any more than into the acience of mathematics, and it is as open to in-vestigation, reason and demonstration. Depending, as it does, upon individual understanding for demonstration, it must be clear that it does not and cannot op-erate by "formula," and indeed the at-

affairs.

Neither do Christian Scientists entertain "predictions" as to what will happen. It is enough to declare the word of God, as it is understood, and leave the result with God, "who is able to do exceeding abundantly . . . according to the power that worketh in us" it must be admitted that no one has a right to doom man, that he has a right to doom man. right to doom man, that he has a right to freedom from the thrail of both sin and disease. While the great majority of those who are now Christian Scientists have been doomed to hopeless disease by "medical diagnosis and prognosis" and delivered through the understanding of and obedience to the higher law of God, and therefore refoice to bring the message of hope to those who are without hope, they have no vainglorious desire to "show" their brethren of the medical fraternity, nor bring disof the medical fraternity, nor bring dis-comfiture to any. They are rather seek-ing to let their light so shine before men that they may see their good works and glorify our Father which is in heaven. LUTHER P. CUDWORTH.
