RATE HEARING ON

California Shippers Protest Against Express Charge.

WANT BULK RATE ON LOTS

Express Companies Declare Many Shipments Contain Packages Meant for Separate Consignees in Association.

Refused Bulk Rate.

In today's hearing, the complaint sought to collect a refund of payments made last Fall, when the express company's agent in New York refused an aggregate bulk rate upon a number of packages intended for the same consignee upon the same day. It was shown that the packages, which were consigned to the California Commercial Association, bore individual shipping numbers which corresponded to the names of firms having membership, but that the express company had enforced the individual package rate until it had been furnished with a certificate showing that these numbers designated one consignee in common, and will probably occupy the entire day. The complaints of the Jobbers' Association against the Southern Pacific Company, based upon the protest against switching charges, will be the basis of Wednesday's hearing.

ASKS ADVANCE OF TWO CASES

Early Argument Desired on Lumber and Livestock Rates.

WASHINGTON, Jan. 18.—In the Supreme Court of the United States, Solicitor-General Hoyt today asked for the advance argument in the cases of the Southern Pacific Railway against the Interstate Commerce Commission, and the Interstate Commerce Commission vs. A. H. Steikney. The former case comes from the United States Circuit Court for the Northern District of California, and the other from the United States District Court for Minnesota.

Caught Leaving Town.

OREGON CITY, Or., Jan. 18.—(Special.)—Thomas Moran is in the County Jail awaiting a hearing on a charge of larceny. Moran has been working in the paper mills for a short time, and he received his pay check and proceeded to have a good time. He is said to have short-changed the two saloonkeepers for \$5 each and was captured by Night Officers Shaw and Cook just as he was walking out of town on the Southern Pacific tracks.

MOTOR-BOATS MUST OBEY LAW FOR LACK OF LIFE PRESERVERS.

WASHINGTON, Jan. 18.—The Senate committee on commerce and labor reported favorably the bill introduced by Frye of Maine requiring all motor vessels to carry life-preservers. Violations of the act are punishable by a fine of \$10 for each life-preserver "lacking or improperly stowed." If the bill becomes a law, it will take effect July 1 and apply to foreign vessels as well as domestic ones. Secretary Strauss, of the Department of Commerce and Labor, in a letter, giving the approval of the department to the bill, points out that the navigation of such vessels is attended with a special element of risk on account of the dangerous conditions in their propulsion. The number of small vessels now in use in the United States which are propelled by dangerous
