TRAFFIC STOPS ON MADISON BRIDGE

Even Persons Afoot Are Not
Permitted to Cross
Shaky Structure.

RIVER CONTINUES TO RISE

Columbia at The Dalles Crosses Ex
23 Feet in 17 Hours—Govern-
ment Dredges Can Adult Money
in 14-Foot Stage Now.

Traffic has been entirely restored
on the Columbia River at The Dal-
les, where the river has been ris-
ing. The water, which is 40 feet
above normal, is expected to reach
a new high level in a few days.

In the meantime, the lifeboat at
The Dalles has been kept busy
with the numerous swollen and
dangerous boats that have been
wrecks in the river.

STRAINS SUSPENDED

High Water Suspends Old Mary-
Bridge and Much Work Can Be
Done on McNeely & Washington,
Calling Out Wrecking Crews.

Heavily loaded boats have be-
en driven aground and aban-
doned from time to time in the
river, and large crews have been
employed in the work of removing
them.

INQUIRIES INTO CAR WRECK

Oregon Railroad Commissioners
Territory of-Trains Cross.

A man, who was injured in the
wreck of the Empire State, was
sent to the hospital yesterday.

He was one of the passengers
who were rescued from the
wrecked car.

ALL LINES ARE CRIPPLED

Great Ice Storms Cut Many
Stations Off

Continued from Page 2

The ice storms of yesterday
caused considerable damage to
the Oregon railroad system.

Many stations were cut off
from the main line, and many
trains were delayed.

In some cases, the ice storms
caused considerable damage
to the tracks, and repairs will
have to be made before trains
can resume their normal opera-
tions.

$200 in Prizes Awarded

Some time ago we offered to
give a prize to the best adver-
sation about the ice storms.

The prize has been awarded
to John Manger, of Portland,
who submitted an excellent
piece about the storms.

S.S.S. BEST TREATMENT
FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a quick blood
glycerin. It is the only medicine that is able to get down to the
structures and entirely remove the material properties which af-
fected the lungs. As long as these symptoms and diseases are kept
infected and treated in the same manner, the blood is not
purified and the catarrh will recur. S. S. S. is a quick acting
medicament, metals attacking the throat, bronchial, allergy, cer-
sing, and other diseases which are connected with the lungs.

Diseases of Men

51% of men suffer from
prostate issues, kidney
problems, and prostate
issues.

When you think of prostate
issues, you might think that
men with prostate issues
are not healthy enough
to get prostate surgery.

Some men have prostate
issues because they have
not been treated.

51% of men think that
prostate issues are
permanent.
