Governor Haskell, of Oklahoma, Figures Prominently in Fraud.

MUSKOGEE, Okla., Jan. 26.—With the sitting of the Federal Grand Jury today to investigate the alleged town-lot fraud. Muskogee becomes the cynosure of the eyes of half a nation. That the Government regards the matter of great import is evidenced by the fact that the jury is closely watched and guarded by secret service men-rumor has it that there is a man for every juror. Additional interest, is added to the case by reason of the implication of the Governor, Charles N. Haskell, in the investigation. He, in turn, declares the entire matter is due to the enmity of William R. Hearst. This ramification of the case is an echo of the Presidential campaign of last year. LOS ANGELES, Jan. 26.-The American National Livestock Association, reprecenting stock-raising organizations from all parts of the Western section of the United States, convened here today in its 12th annual convention, and listened to addresses of various topics of National interest by men prominent in the affairs

of the industry. Among those besides President Jastro, of the association, who delivered his unnual address, were ex-United States Senntor W. A. Harris, of Kansas, who spoke stor W. A. Harris, of Kansas, who spoke upon "Our Foreign Markets;" ex-United States Senator Joseph M. Carey, of Wyoming, on "Land Laws, their Administration and Effect;" S. H. Marsh, of the Government Bureau of Plant Industry at Washington, D. C., who delivered an illustrated review of "The Loco Investi-

committee of the House of Representa-tives. Mr. Harris said that all of the interests receiving protection must take

into consideration the general good and consent to reductions. Mr. Cowan vigorously criticised the House of Representatives at Washington for its alleged inactivity in behalf of the agricultural interests of the country. He denounced members of the ways and means committee for what he termed prejudice during the recent tariff hearings, before which committee Mr. Cowan sppeared in behalf of the Livestock Asso-clation to resist the effort to have the tariff on hides removed.

Should Rent Grazing Land.

Mr. Carey believed that the stockmen should be allowed the use of the public lands for grazing purposes under Federal supervision, for which they desired, he said, to pay a rental, asking only a rea-sonable tenure. He declared that the stockmen were not "land robbers," as they had been called, but only desired to make use of the public domain where it was lying idle, for which privilege they

were willing to pay.

At the conclusion of the address of Mr. Jastro the president announced that owing to the fact that the delegates from Washington. Oregon, Utah, Idaho and Northern California were delayed by washouts the reports of committees would mashouts the reports of committees would not be heard today, with the exception of the report of the special committee on conservation of natural resources. This report was read by Chairman Dwight B. Heard, of Arizona. The re-port pointed out the disaster that would follow the further neglect of natural resources and advocated Federal control of grazing land and the preservation of Western forests, as well as the conservation of water and grass.
