

SAVS HARRIMAN
COMBATS CRIMES

Bristow Signalizes Election to Senate by Attack on High Financiers.

OFTEN CONTROL JUDGES

Kansas Says Men Like Harriman Seek to Rule Senate That Through It They May Select Federal Judiciary.

TOPEKA, Kan., Jan. 27.—Accepting the United States Senatorship from Kansas, formally voted for him by the Legislature today, James L. Bristow assailed the methods used by E. H. Harriman and his associates in the Altan case as "criminal," and declared:

"The men who are guilty of such high-handed operations should face imprisonment for their crimes."
After going into the details of the methods used by E. H. Harriman, Mortimer L. Schiff, George J. Gould and James Stillman, he declared: "Today these captains of high finance are making a determined effort to wrest the control of legislation that will take from them their opportunities to plunder, and to this end they subsidize newspapers, employ attorneys to look after their political interests, and by false representations try to organize their employees into political associations that will be subservient to their demands."
"They seek to destroy every man in public life who is not subservient to their wishes. They are especially interested in the control of the United States Senate and the Federal Judiciary, probably more interested in the Senate, because through it they have frequently been able to control the selection of Federal Judges."

DIRECTOR OF GREAT SYSTEM

Harriman on New York Central Board, Soon to Control.

NEW YORK, Jan. 27.—E. H. Harriman was today elected a director of the New York Central Railroad, succeeding C. C. Clarke, W. C. Brown, president of the New York Central, was also elected a director of that company, succeeding Samuel P. Barger, who resigned.
Today's election was looked on as a surprise. It had been understood that since Mr. Harriman disposed of his interests in the Northern Securities Company, he would be individually and the Union Pacific Railroad Company had acquired large interests in New York Central stocks.
Reports have been circulated that Mr. Harriman will eventually succeed Chauncey M. Depew as chairman of the board of directors of the New York Central. Further developments indicating the extent of Mr. Harriman's activity in the affairs of that road are anticipated.

HARRIMAN MERGER HEARING

Witnesses at Pittsburg Say Same Agents Represent Both Roads.

PITTSBURG, Jan. 27.—The hearing in the Harriman merger suit was taken up today by Special Examiner Sylvester A. Wever, chief attorney for the Government, accompanied by Mrs. Severance, arrived here from New York today. Robert S. Lovett, general counsel for the Harriman system, appeared for the defense.

A number of prominent Pittsburgers, who testified yesterday that they might disregard the subpoena and go to Chicago, decided to remain here and were present today.

Thomas Johnson, traffic manager of the H. J. Heinz Company, testified today that no distinction was made in soliciting business for the Union Pacific and Southern Pacific railroads. He told of attending a dinner given by the railroads in the West, and said there was no competition between the two railroads named.

L. E. Reilly, traffic manager of the Carnegie Steel Company, testified that prior to 1901 the Southern Pacific and Union Pacific solicited separately for traffic. Now they had the same agent, he said.

William J. Bogert, agent here for the San Pedro road between Salt Lake and Los Angeles, confessed having asked for assistance in routing freight, of Mr. Herring, who represented the Union and Southern Pacific Railroads.

Attorney Severance asked Bogert if he did not try to have Mr. Herring forget that he was an agent for the Southern Pacific, and as agent for the Union Pacific gave freight to the San Pedro line. The witness admitted this and added that Mr. Herring acted "quite neutral." Bogert said Herring did not try to get business for him.

CONDENSED NEWS BY WIRE

Petersburg—Thirty-one new cases of cholera in this city were reported during the 24 hours ending at noon Wednesday.

Chicago—Chicago is the smokiest city in the world. The annual loss to manufacturers' articles is said to be \$50,000,000.

New York—August Belmont underwent an operation for an abscess in the Memorial Hospital Wednesday. No doubt is entertained of his recovery.

Chicago—Lake Michigan is so polluted with the sewage from the Calumet River that the water in the southwest Lake Tunnel may prove useless.

Chicago—Mayor Ross, of Milwaukee, in an address Tuesday night, asserted his determination to stick to the policy of the open saloon for that city.

Colorado Springs—The charter convention Wednesday unanimously committed itself to draft a commission form of government for this city.

Pittsburg—Four children were cremated and their parents seriously injured today by a fire which destroyed the home of M. Kendall, in Dunbar, Pa., east of this city.

Lisbon—The Spanish steamer Trinidad was wrecked and sank an unknown Belgian steamer off Cape Boia. Eight members of the crew of the latter vessel were lost.

Santa Fe, N. M.—The Legislature passed a resolution Wednesday protesting against the changing of the name of the territory when the territory shall be admitted as a state.

Montreal, Pa.—Ex-Senator W. A. Clark, of Montana, is reported to control a company that will erect a large plant here for the manufacture of dynamite, a new enterprise.

Sacramento, Cal.—J. J. Evans, Christian Church pastor at Albany, may be called to the vacancy in the First Christian Church here, formerly held by W. F. Briggs.

San Juan, P. R.—Spanish Honduras—As a result of a clash between the known of Mexico and the Honduras police, the Mexican Consul has called his country to send a substantial force to assist in the Honduras officials.

Los Angeles, Cal.—The police are searching for Roland Weston, son of H. Weston, a prominent contractor of Boston, who disappeared on a visit to the local Chinese quarter.

New York—Three-year-old Harry Baskish poured a bottle of gasoline on his head Tuesday night and an explosion followed. The child was so seriously burned

that his recovery is doubtful and his grand-mother, Mrs. Rebecca Goffard, and her daughter Sarah, were badly burned in going to the little fellow's aid. Firemen at the hospital the ambulance carrying the child was hit by a car.

Callao, Peru—The American Pacific Squadron, under command of Rear-Admiral Swinburne, was sighted off this port at 9 o'clock Wednesday morning. The vessels are on their way north from Coquimbo and Valparaiso.

Torreon, Mexico—Three men are dead, one woman and two children are injured, and two men are fugitives in the wholesale massacre at Torreon, Mexico, on the night of a quarrel between two intoxicated Mexicans.

New York—With his skull fractured and a bullet over the right temple, the body of Thomas Egan, a private of Company K, Twelfth Infantry, U. S. A., was found last night in the lower bay in a pool of backwater.

New York—James J. McEvilly, secretary of the Rocky Mountain Club and a well-known attorney in mining cases, died Tuesday in this city, aged 39 years. He was born in Virginia City, Mont., his parents being pioneers of that state.

New York—Miss Beale Love, a stenographer at the great French actor, whose culminating triumph had been awaited in Edmond Rostand's "The Chantecler," which is now being rehearsed, died last night at Point-Aux-Dames, Seine-et-Marne.

Denver—Resolutions were introduced Wednesday in the Senate approving the plan whereby professors in the Colorado School of Mines and Colorado University, reaching the age of 60 years may receive pensions from the Carnegie Foundation of \$2,000 a year.

New Haven, Conn.—Overseer during "prom" week, together with his duties as a member of the state committee, and the effects of the changeable weather, caused the illness of Robert A. Taft, son of President-elect Taft, who was removed from his apartments Tuesday to the Yale infirmary.

COQUELIN DIES IN PARIS

Great Actor Was About to Produce New Rostand Play.

PARIS, Jan. 27.—Benoit Constante Coquelin, the great French actor, whose culminating triumph had been awaited in Edmond Rostand's "The Chantecler," which is now being rehearsed, died last night at Point-Aux-Dames, Seine-et-Marne.

The death of M. Coquelin is an incalculable loss to the French stage. Only a few days ago M. Rostand, who recently has been giving the finishing touches to "The Chantecler," arrived in Paris from Combe, and he was ready to begin the rehearsals of the play in which M. Coquelin, who had the leading role, was expected to duplicate his famous success obtained in M. Rostand's "Cyrano de Bergerac." Only yesterday M. Coquelin recited gaily long passages of "The Chantecler" to some of his friends, and he succumbed suddenly at midnight to an acute attack of embolism, which which he had been a sufferer.

Benoit Constante Coquelin was the son of a baker and was born at Boulogne-sur-Mer, January 23, 1841. He was originally destined to follow the trade of a baker, but his aptitude for theatricals and the effort he made in that direction led him to go to Paris, where, in May, 1859, he was admitted to the Conservatoire where he became the most brilliant pupil in M. Regnier's class. At the Conservatoire he won the second prize for comedy.

In 1858 he brought out, at the Porte St. Martin Theatre, "Cyrano de Bergerac," the renowned play of M. Edmond Rostand. It was an immediate success under the master hand of Coquelin, and he repeated the successes gained in his earlier days. In July of the same year he brought the same play to the Lyceum Theatre in London, where he created a great furore. He was the author of several works on the comedian's art.

FALLS DOWN DEEP SHAFT

After Drop of 100 Feet, Woman Is Only Slightly Hurt.

BUTTE, Mont., Jan. 27.—(Special.)—Mrs. Lizzie Wagner, who last night, while intoxicated, walked backward into a shaft, falling a distance of 100 feet, at the Synagogue, fell into the shaft, according to the statement of her physicians today. The woman's escape from death is regarded as almost miraculous. She fell into about two feet of water, and it was found today that the only injuries she had sustained were a broken breastbone and an injured heel.

A peculiar feature of the accident was the woman not hitting the shaft bucket, which stood in the middle of the shaft. In a space of about two and one-half feet between the rim of the bucket and the side of the shaft the woman dropped past.

HIS BLOOD SAVES WIFE

Dying Woman Revived by Transfusion of Two Quarts.

WALLA WALLA, Wash., Jan. 27.—In order to save the life of his wife, who was apparently dying from loss of blood on account of childbirth, Archie Nicholson today submitted to the transfusion of two quarts of his blood into her veins.

Mr. Nicholson, who is a cement-worker, is greatly weakened by the loss of blood, but physicians say both husband and wife will probably recover.

METEOR, NOT EARTHQUAKE

Falling Visitor From Space Shakes Two Counties.

NORFOLK, Va., Jan. 27.—A telegram received from Nellign today shows that what people in Pierce and Knox Counties yesterday thought was an earthquake was a tremendous impact of the air, due to the falling of a 100-pound meteor. The meteor was dug up, still fuming.

DELAWS & RESOLUTIONS
WAIT-JAP BILLS

California Assembly Is Willing to Wait for Information From Roosevelt.

JOHNSON STANDS GROUND

Refuses to Modify Bill for Segregation of Japanese—Demand for Recall of Japanese Consul for Lobbying.

SACRAMENTO, Cal., Jan. 27.—Despite the agitation throughout the state over the question of the enactment of laws calculated to deprive Japanese of the right to own land, to become members of corporations, and to diversify wherever they please in the various communities, the members of the lower branch of the Legislature decided today almost unanimously to postpone action on both bills for one week. No determination will be reached upon action to be taken Wednesday until the letter of President Roosevelt arrives.

Governor Gillet received a telegram from the President, congratulating him and the Legislature on the consideration they had given the Government's request for delay and stating that the latter explaining the situation was on the way and might be made public if the Governor so desired. The letter should arrive Monday or Tuesday and according to Mr. Gillet's statement tonight, will be given out for publication.

Drew Agrees to Changes.

The fact that the long expected storm did not break today developed this morning before the Assembly was called to order. A. M. Drew, author of one bill, prohibiting aliens from holding land, issued a statement that he had agreed to put the matter over until next Wednesday, when, in accordance with the request of the State Department, he would amend his bill so that all aliens would be denied the right to own land, and that the alien corporation and segregation bills, reluctantly agreed to do the same with his measures and a vote was not forced.

Johnson Stands Pat.

Mr. Johnson and the members of the San Francisco delegation still "stand pat," however, on the passage of the bills without amendment. The Governor and Mr. Drew held another conference late this afternoon, at which it was agreed that the question should be dropped until the receipt of the letter from the President.

In the Senate there has been even less friction with the Governor than in the lower branch. Senator J. B. Stanford, who early in the session introduced a bill similar to Mr. Drew's, decided today to give up the fight, advancing the theory that if anti-Japanese measures were forced to an issue, President Woodrow Wilson should suspend the right to Congress asking that the Nipponese be given the right to become citizens.

Denounces Japanese Consul.

Senator Marc Anthony, of San Francisco, presented a joint resolution calling upon Congress to ask the Mikado to recall the Japanese consul general on the ground that he has sought to block legislation against his countrymen by appealing to the Governor. In connection with this, Mr. Gillet stated that Congress would act on the recall of the Minister at Washington when he calls on the President in regard to a diplomatic matter.

The resolution accuses the Consul of the most flagrant breach of international courtesy, establishing a dangerous precedent, abuse of diplomatic privileges, and asks that he be admonished that California is neither Manchuria nor Corea nor yet a province of Japan and that such Consul shall be sent back for such action.

The resolution was referred to the committee on Federal relations.

NO ACTION FOR TWO YEARS

Such Is Said to Be Roosevelt's Advice on Jap Bills.

WASHINGTON, Jan. 27.—President Roosevelt's recent letter to Governor Gillet of California, relating to the Japanese situation, now on its way to the Chief Executive of California, will not be made public at the White House, according to a being left with the Governor. The letter is understood to advise against legislation of any kind at this time hearing on the Japanese, except that of observing the rights of the citizens of the Japanese. At the same time the President recognizes the existence of a sentiment favoring non-discriminatory laws prohibiting alien ownership of land in the state, and it will be pretty clear from this letter and from talks that he has had with California Congressmen, including a short conference today with Senator Flint, that he would not oppose such a law. He does not want it understood, however, that he encourages or desires a law of this kind, because the Japanese may regard it as being aimed at them, although they may accept its provisions without remonstrance.

The President strongly thinks that it would be best to take no action pending the developments of the next two years as to immigration.

Senator Flint understands the President's attitude to be one of opposition to legislation of any sort, but in spite of the inclination of the California people to follow the leadership of the President, it is possible the Senator is convinced that there will be a law of non-ownership of lands by aliens. This will reach the Japanese directly, although all aliens will be practically the same footing and Japan cannot officially make protest.

Representative Needham, of California, visited the President today in behalf of Assemblyman Drew, the author of the bill pending in the State Legislature, prohibiting alien ownership. Mr. Drew desired to know just what the President's wishes were. The President said he would not interfere against a non-discriminatory law if it contained a provision that would prevent it being in conflict with existing treaties with Japan or other countries. Interpretation of the effect of such a law in connection with the existing treaties is that it would prohibit Japanese owning agricultural or other lands, except those to be used for commercial purposes, and there could be no interference with ownership of lands for commercial

use. The provision might render the law less effective than desired in California. Mr. Needham will inform Assemblyman Drew of the President's views.

CONGRESS WOULD IGNORE HIM

Only President Could Act on Anthony's Resolution.

WASHINGTON, Jan. 27.—According to Senator Lodge and other members of the Senate committee on foreign relations, Congress would not take cognizance of a resolution which Senator Anthony introduced in the California Legislature calling upon Congress to request the recall of the Japanese Consul at San Francisco. It is asserted that the only manner in which this Government could accomplish the recall of a foreign consul, officer would be for the President to cancel his exequatur.

Japan Not Worried.

TOKYO, Jan. 27.—In an editorial which the Hochi will print tomorrow morning the Japanese people are warned against consenting the movement for naval expansion and increased fortifications in America with the anti-Japanese agitation in California. It will say that the American Government is only showing a wise care for its dependencies, Hawaii and the Philippines, and that only harmful sensationalists could connect such proper naval expansion with the feeling against Japan. The outcry against the acts of the California Legislature is censured here, and there is every evidence that the assurance of friendliness from the American Government is having a material effect.

BUTLER IS STILL MISSING

OREGON'S ELECTORAL MESSENGER LOST EN ROUTE.

State Senator Bowerman, His Partner, Says Storm Is Responsible.

OREGONIAN NEWS BUREAU, Washington, Jan. 27.—R. R. Butler, Oregon's messenger bearing the state's electoral vote to Washington, had not put in his appearance when the delay by any other today, nor has the Vice-President heard from him. No member of the Oregon delegation is aware of his whereabouts.

State Senator Bowerman, who is a partner of R. R. Butler in the law firm of Bowerman & Butler, Condon, Ore., according to the telephone news last night, Bowerman said he had received no messages directly from Mr. Butler, but that he understood Mr. Butler left Condon for Washington Monday.

"It was Mr. Butler's intention to start for Washington the middle of last week," said Mr. Bowerman. "Storms along the O. R. & N., however, paralyzed service on the line and he did not leave Condon until Monday and will doubtless reach Washington tomorrow. As he was starting from Condon, it would have been impossible for Mr. Butler to have made more than the O. R. & N. without making a very round-about trip which also would have involved delay."

WARREN HAS BROKEN ARM

Why Montana Vote Is Delayed—Not Liable to Fines.

WASHINGTON, Jan. 27.—Vice-President Fairbanks received today a telegram from Charles S. Warren, the Montana messenger, charged with the duty of bringing the electoral vote of that state to Washington, stating his failure to arrive within the period allotted by law was due to the fact that he had broken his arm.

Nothing has been heard from the messenger from Oregon.

Inasmuch as copies of the electoral vote statement have been received from both the states by mail, the penalty will not be subject to the \$1000 penalty for failure to reach Washington prior to January 25.

STEPHENSON LACKS VOTE

(Continued from First Page.)

sibly going to some one who cut no figure whatever in last summer's Senatorial primaries.

The Assembly practically killed the Haine Senate resolution for an investigation of the charges relating to the primary election. When the Assembly met, Assemblyman Hughes asked that the rule be suspended and that the resolution be placed on its immediate passage.

Speaker Bancroft said the resolution of Mr. Haine should be for the appointment of three men from each house. He said this was an unheard of proposition and, if there were to be an investigation, the Assembly should be represented by five members at least.

Mr. Roy objected to a suspension of the rules, thereby requiring a two-thirds vote. Upon roll call the suspension failed by a vote of 44 yeas to 56 noes. This practically killed the investigation. Immediately the Assembly passed to the consideration of regular business as if nothing had occurred.

YATES IS NOW IN RUNNING

Illinois Deadlock Continues, Hopkins Vote on Decrease.

SPRINGFIELD, Ill., Jan. 27.—On the nineteenth ballot for Senator today the vote in the joint session of the Legislature stood:

Hopkins, 78; Poes, 19; Stricker, 20; Shortliffe, 19; Mason, 4; McKinley, 1; Lowden, 2; Calhoun, 1; Sherman, 2; Morris, 1; Eastman, 1.

On the twentieth ballot Hopkins dropped back two votes in the Senate, Richard Yates receiving two votes. Yates made his initial appearance in the balloting and the votes for him were greeted with cheers.

On the twenty-first ballot Senator Hopkins had three votes less than on the twentieth.

At the conclusion of the twenty-first, there being no choice, the joint session adjourned until tomorrow.

From the leaders, through the rank and file, prophecies were freely made that the President when he cleared the decks, and perhaps months. Some of the legislators considered a plan to ballot continuously, and if that failed to join in one ballot a day until the deadlock were itself out or the Legislature adjourned.

NEWLANDS GETS EVERY VOTE

Not Only Elected Senator but Boomed for President.

CARSON, Nev., Jan. 27.—United States Senator Francis G. Newlands was elected to succeed himself by joint ballot of the Nevada Legislature today. The vote was unanimous, and there was passed without dissenting vote a resolution declaring Mr. Newlands' name for consideration as the next Democratic candidate for the Presidency.

January Clearance in All Sections

All Women's Apparel Reduced, all nainsook and cambric underwear reduced, all millinery reduced, all pictures reduced, dress goods and silks reduced, laces and embroideries reduced, hosiery and underwear reduced, leather goods and jewelry reduced. Goods reduced in all departments.

January Clearance "Slightly-Hurt" Books

"The din of battle ceases. The enemy has fled. Amid a breathless silence, The muster roll is read."
ACCORDING to custom, the muster roll of the wounded Holiday Books has been read, and the "Bookery" presents them at "take-away" prices. What wonderful money saved because of a trifling Scar, little mark of holiday fingers, tiny rubbing or scuffing, or here and there a cover warped a wee bit or the box of a set broken at a corner! Yet not a mite of real damage done the dress of your favorite novelist, poet or historian! Handsome Holiday Sets of Standard authors, single volumes and the like at just-fair the prices they were before Christmas. Going literally for a "song" of value. "Take-away" prices must be taken quickly for the list isn't large and there'll be book-wise folks after them.

HASKELL MAY BE CLEARED

Government attorneys say it would not affect the charge of conspiracy to defraud the charge of conspiracy to defraud.

It developed today that Secret Service officers have detected friends of the accused in the act of meeting outside witnesses as they arrive in Muskogee and taking them to their homes.

FRAUD INVESTIGATION NOW IN FULL SWING.

Reports That Indians Will Be Called Are Current—Threats of Assassination.

MUSKOGEE, Okla., Jan. 27.—The investigation of the alleged town lot frauds by the Federal grand jury here was continued today. No report was made public, but it is said that the jury will insist that witnesses be called from the Indian agency and that the Dawes Commission should have had charge of the Indian allotments.

It is reported tonight that Governor Haskell's friends on the grand jury will consist of at least two members of the Indiana Contracting Company be called to testify, and that they will admit they were wholly responsible in scheduling "dummies" and that the Governor, as president of the company, had nothing to do with the procuring of the names improperly used.

Additional witnesses arrived here today. The latest arrivals include John C. Wilkinson, of St. Louis, former president of the Missouri Trust Company.

Something of a hurry was caused today upon the circulation of rumors of threats to assassinate M. L. Mott, the attorney for the Creek Indian Nation, and others connected officially with the investigation. Nothing tangible was obtainable, however, and it was impossible to trace the origin of the rumors to any definite source.

It was said today that in some instances supposed "dummies" had identified their signatures to grand jurors and declared them to be genuine. This would dispose of the charge of forgery, but

Little Soldiers

In your blood are the millions of corpuscles that defend you against disease. To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight disease for you.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.
