During the trial of yesterday, the ghost of the Milwaukee gambling-house stalked once more. Just to prove that Van Auken was a gambler, several of the ex-employees of the Oregon Monte Carlo were placed on the stand.

france to the Public Library while young Brown was in that building. The thief mounted the wheel and started off down Seventh street toward Morrison street. As he passed the corner of Seventh and Stark streets young Carlson saw him and recognized the wheel as that belonging to his friend, Hoyt Brown. Carlson had his own wheel with him and decided to overtake the man. The boy followed him down Morrison street, across the Morrison-street bridge, when the man dismounted. The boy then went up to him and demanded that the wheel be returned to him. Thereupon the man let the wheel fall and ran down a neighboring alley.

JOY WORK And the Other Kind. Did you ever stand on a prominent corner at an early morning hour and watch the throngs of people on their way to work? Notice the number who are forcing themselves along because it meant their daily bread, and the others cheerfully and eagerly pursuing their way because of love of their work? It is a fact that one's food has much to do with it. As an example: If an engine has poor oil, or a boiler is fired with poor coal, a bad result is certain, isn't it? Treating your stomach right is the key-stone that sustains the arch of health. You can keep your body and your "Grape-Nuts" as a daily food is the most nourishing and beneficial you can use. We have thousands of testimonials, real genuine little heart throbs, from people who simply tried Grape-Nuts out of curiosity—as a last resort—with the result that because of love of their work, they know, and we know if you will use Grape-Nuts every morning your work is more likely to be joy-work, because it can keep you well and with the brain well nourished work is a joy. Read the "Road to Wellville" in every package—There's a Reason."
