Russia Breaks Turko-Bulgarian Deadlock.

Muscoulte Empire Secures Indem nity From Turkey by Having Bulgaria Assume Part of Debt and Pay Interest.

ST. PETERSBURG, Feb. 1.—The Turko-Bulgarian deadlock over the amount of money to be paid Turkey by Bulgaria because of the Bulgarian declaration of independence is practically broken and the warcloud in Southeastern Europe has been disaipated by the acceptance of a plan proposed by Russia, which reconciles in a novel manner the Turkish claim at the company of the support of the control of the of \$24,000,000 and the Bulgarian offer of

\$16,400,000. This plan is based on the indemnity of \$1,600,000 a year which, in accordance with the Berlin treaty of 1878, Turkey is to pay Russia for 109 years. These payments hear no interest. The Russian proposal is to remit them until the Turkish claim against Bulgaria is satisfied. Russia will collect instead \$16,400,000 from Bulgaria in similar installments. These payments will bear interest, and the amount of

his interest will recoup Russia. Bulgaria has formally assented to this proposal and the Russian government has to the Turkish government.

BULGARIA NOW INDEPENDENT

But So Deeply in Debt She Must Reduce Army.

ST. PETERSBURG, Feb. 1.-The settle ment of the Turko-Bulgarian differences, it is said in well-informed circles, in-volves recognition of Bulgaria, whose proclamation of independence precipitated

the necessity for international control of Bulgarian finances, which would have been aimost inevitable had Bulgaria been forced to float a loan to cover payment on the railroad and the Roumellan tribute. As it is the kingdom will be so burdened as not to be able to keep up the military establishment.

SAYS CONVENTION PACKED

Refused Time to Continue Attack and Beaten in Election by Majority of 16,000 - Van Horn Explains Attack.

INDIANAPOLIS, Ind., Feb. 1 .- The cause of the anti-Lewis faction in the United Mine Workers convention has been lost. John Walker, of Illinois, who opposed President Lewis for re election, announced today that he would not contest Mr. Lewis' election. "The convention has been packed against me," he said. Mr. Lewis' majority probably will be 16,000.

Mr. Walker learned the sentiment of the delegates toward him when, by a vote of 1627 to 2054, he was refused an extension of time to speak against the committee report approving the course of Mr. Lewis and the executive board in suspending President Van Horn and other officials of District No. 11, Indiana, for having disobeyed the mandate of the National officers to discontinue the Hudson mine strike.

It will be necessary to elect a vice-president and a secretary-treasurer during this session, as during the Dember election no candidate received John Lawson and Peter Patterson, of

HAZED BY UPPERCLASSMEN AT BELLINGHAM.

Forced to Go Home Through Frozen Mud or Attend Classes With Bared Feet.

BELLINGHAM, Wash., Feb. 1.-(Spe cial.)-Freshmen of the midyear class who went up to the Bellingham High School today limped home shamefacedly, barefoot, or braved the jeers of the older students and attended classes minus footwear, and their shoes and socks are now decorating the highest telegraph poles which the sophomores could find in the vicinity of the school building.

This partial disrobing of the new class was the climax of the wildest hazing which has ever been perpetrated in the High School. About 15 of the boys in all were made to tramp through the frozen mud without covering their feet. Very few of the articles stripped from them were ever recovered and if the cent arrivals can find a leader a furious

tional board as "wooden," or withdraw from the convention.

Mr. Van Horn poured oil on the troubled waters by explaining he had meant the board was helpless within the organization's constitution, and that he had not charged its members with ignorance the second arrivals can find a leader a turious class fight for revenge is promised. The girls were not molested, the boys having to bear the brunt of the hazing. COALING STARTED AT ONCE

Battleships Prepare for Last Leg of Long Trip Around World, and Will Soon Start

GIBRALTER, Feb. 1.—For an hour this morning the Port of Gibraltar seemed to be the secone of a naval engagement at close range. The American battleships that arrived yesterday were exchanging salutes with the shore, and with the foreign warships in the harbor that were omitted because of Sunday. The reverberations were increasant and deafening. The colliers promptly took up their positions alongside the Minnesota, Vermont and Kansas, and before the sound mont and kansas, and before the sound of the saluting guns had died away the bands aboard these ships were playing "rag time" to liven up the dirty and arduous work of coaling. Each ship re-quired from 1200 to 1600 tons to fill her bunkers for the homeward voyage. The Rhode Island and the New Jersey came into port this morning, and were followed later by the fourth division, the Wisconsin, Illinois, Kearsarge and Ken-

tucky, which anchored outside the breakwater.
