Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nervine came to my rescue-I cannot describe the suffering which this Nervine saved me. Whenever I am particularly nervous a few doses relieve me. A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to dobuild up the nervous system by the use of Dr. Miles' Restorative Nervine. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

ROUTED 18-FOOT TAPEWORM

Dread Parasite Put to Flight in Three Days by Soap Lake Salts

SUFFERED STOMACH AGONY FOR YEARS

A well-known merchant of Wilson Creek, Wash., whose name is withheld from publication at his request, had an experience, all the details of which can be authenticated to satisfy any inquiring, interested sufferer.

He had been troubled for years with severe pains in the stomach. As they grew more excruciating month by month, morphine had to be administered to temporarily palliate his agony. Various remedies were tried in vain, and the victim seemed doomed to prolonged suffering, from which death alone would afford relief.

A friend who had recovered from acute stomach trouble by using

SOAP LAKE SALTS

Recommended this wonderful remedy. The invalid was skeptical, but the enthusiasm of his friend prevailed, and he took liberal doses of the Salts. In three days the tapeworm, 18 feet long, was passed, and the patient, under the wholesome, soothing influence of the Salts, rapidly, recovered robust health.

This is only one of many verified cases of tapeworms having been conquered by Soap Lake Salts. The Salts induce wholesome, healthy condition of the mucous membrane, raising the resistance powers of the human system to the point that the horrible parasitical growth is overcome and expelled.

-Soap Lake Salts are the natural crystallization of the highly-mineralized waters of Soap Lake. They are Nature's own product, no chemist ever having been able to duplicate them. They may be swallowed in unlimited quantities. Inquire about Soap Lake Remedies. They have countless friends.
