Steamship Under Charter to American-Hawaiian Co. for One Year.

ARRIVES WITH 700 TONS

Vessel Will Clear From Portland With Cargo of Hops, Lumber and Merchandise for Merchants

in New York.

With 700 tons of cargo shipped from New York over the line of the American-Hawaiian Steamship Company, the steamship Riverside arrived up yesterday and is discharging at Columbia dock
No. 1. The Riverside received the
freight from the steamship Arizonian
at San Francisco. She will return South
with a full cargo of hops, dressed lumber and general merchandise.
The Riverside is under charter to the

American-Hawaiian Company for a period of one year, and during that time will make two round trips a month be tween Portland and San Francisco. She tween Portland and San Francisco. She is a new steel vessel and was built at the Moran yafds in Senttle last year. She is 252 feet long, 41 feet beam and 19 feet depth of hold. She is built on the lines of the steamship Stanley Dollar and was originally intended for that company. Before completion, however, she was sold to the Charles Nelson Company of San Prancisco. pany, of San Francisco.

No freight for San Francisco will be handled on the outward trip of the Riv-erside. It is the intention of the company to build up a freight traffic between Portland and New York, and to this end the agents of the company have exerted selves to secure a sufficient quantity of freight to Portland and San Fran-cisco steamers out of the coastwise

BREAKERS DESTROY BULKHEAD

Marine Men Now Propose to Move Bandon Light South Side River.

BANDON, Or., Feb. 5.—(Special.)— The new bulkhead to protect the light-house keepers' residence on the north house keepers residence on the north side of the Coquille River at this place was washed out Sunday. The work was done by James Laughead of Portland, and was completed less than a week ago, and was thought to be very solid, but owing to the fierce rolling of the breakers it gave way. The work was as solid as could be made from timbers, but it is con-clusive from the result that nothing

than a cement work will suffice. A petition will be circulated to move the lighthouse to the south side of the river. This idea is supported by all ship captains who come into this har-bor, as they say the lighthouse cannot be seen from the sea on account of the rocks along the beach, which also break the sound of the fog horn so that it cannot be heard any distance.

F. P. BAUMGARTNER RESIGNS

Local Agent of Steamship Alliance Leaves Service of Gray & Holt.

Fred P. Baumgartner, for the past 11 years local agent for the Gray & Holt Steamship Company, owners of the Steamship Company, owners of the steamship Alliance, has tendered his resignation and will sever his co with that concern February 18. succeed Mr. Baumgartner as Portland agent for the steamship Alliance.

Mr. Baumgartner, who is a steamship man of many years' experience, has a number of offers to enter the employ of various transportation companies oper-ating in the Northwest. To date he has not decided to accept any of them. It is probable that he will engage in business in Portland for himself.

BOILER FOR NEW STEAMER

Requa Receiving Machinery at Columbia Dock No. 1.

The small steamer Requa, owned by Pay Bros., of Oakland, Cal., and re-cently launched from the ways at Van-couver, was towed to Portland yesterday and moored at Columbia dock No. 1. The boller for the vessel was brought north by the steamship Riverside and will be placed in position on the Requa today. The Requa was built for service on the Surramento River, and it is the in-tention of the owners to have her make the trip south under her own steam. She is 97 feet long, 16 feet beam and 514 feet depth of hold.

visible only during the day time.

The steamship Geo. W. Elder will not Suil for San Pedro and way ports until Sunday at midnight. The vessel was originally scheduled to sall for the South tonight, but the interruption of rail communication between Portland and San Francisco caused the owners of the Elder to hold her over until Sunday midnight. This change was made in order

to permit theatrical people to close the week in Portland and leave south the same night.

British Ship Aberfoyle Takes Ballasi Ballast has been placed on board the British ship Aberfoyle and that vessel will be shifted to an anchorage in the stream, at a point opposite St. John to-day. The Aberfoyle has been on the disengaged list since her arrival, in the river last August. Several days ago the owners cabled Captain Huelin to take on board 400 tons of ballast and proceed to the stream. The ballast was placed in the limbers and it is probable that the vessel will be taken for lumber for the

PROPOSITION MADE TO EAST SIDE BUSINESS MEN.

John F. Cordray, Theatrical Manager, Offers to Lease Building for Term of Years if Put Up.

John F. Cordray, the well-known theat-

rical manager, has submitted a propo sition to the East Side Business Men's Club, looking to the erection of a convention hall in Central East Portland. It looks good to the members and citizens, if it can be brought about. The propo-If it can be brought about. The proposition is that if the property-owners will put up a suitable building that contains an auditorium large enough to accommodate 5000 people. Mr. Cordray will lease the building for a long term of years at good figures that will enable the investors to make substantial returns.

The building would have to be built either on Grand avenue or not more than one block away, as it must be central and near streetcar lines. C. A. Bigetral and near streetcar lines. C. A. Bige-low, president of the club, said that Mr. Cordray showed him figures indicating that the venture would pay well, but the question will be to interest property-own-ers enough to put up the money. A site

ers enough to put up the money. A site at least 100x100 would probably be required and the structure would of necessity be fireproof and conform to the requirements of the building ordinance. It is not to be a theater, but a convention hall, where gatherings of all sorts may be held. It is argued that such a hall is needed in Portland now, as all gatherings of unusual magnitude must now be held in the Armory. It now remains for the committee which has the matter in hand to interest some property-owner or owners in the enterprise. owner or owners in the enterprise. Washington Once Gave Up

CHARGED

Lottle Anderson Freed From E. W. Anderson, Alice Spafford From C. H. Spafford, Sarah Harlan From Thomas Harlan.

Judge Cleland granted six divorces yes-terday morning, all of them going by de-fault. Four wives took the witness stand to tell how their unloving, or unlovable husbands had departed, leaving them to sall the matrimonial bark alone, while two husbands said their wives had grown tired of their company.
Lottle Anderson was granted a divorce from E. W. Anderson. She was per-mitted to resume her former name, Lottle

Lunt. She married Anderson July 30, 1905, t San Francisco.
Alice A. Spafford was granted a decree and given the custody of her 3-year-old daughter, because Charles H. Spaf-ford threatened to kill her. He also de-serted his home in September, 1907. She

married him July 1, 1994. Cruelty and desertion were the charges made by Sarah C. Harlan against Thomas Harlan. They were married at Oregon City June 23, 1982. The decree was

Cyrus Henton obtained a divorce from Selinda Henton, whom he married at Cariton, Or., June 19, 1884. He said she left him in June, 1887.
Alleging cruel and inhuman treatme Mrs. Amelia Anna Berndt, of 461 East Twentleth street, North, has filed a di-vorce suit against F. J. Berndt in the Circuit Court. They were married at Mil-waukee, Wis., March 5, 1893, and have a 14-year-old son. Attorney William P. Richardson appears for Mrs. Berndt.

WITNESS IS MISSING

Lillian Bennett Is Wanted to Testify Against Dr. Courtney.

Lillian Bennett, star witness in the use of Dr. Joseph Courtney, charged in the Circuit Court with manslaugh-ter, is not to be found. As a result the case did not go to trial in Judge Cleland's department yesterday, as expected. The case was originally set down for trial last Wednesday, and Miss Bennett was present at that time. But owing to the Noyes-Soilers'-aliena-tion-of-wife's-affections-suit, it was continued until yesterday morning. Miss Bennett, sister of Stella Bennett, upon whom Dr. Courtney is said to have performed a series of criminal operations, resulting in septic poisoning, from which she died, is said to have handled money paid by Louis Bowen to Stella Bennett the physician. last June, Lillian Bennett's parents say they do not know where she is, that

Sea Water as Cure for Ills of Flesh

"Joe" Penny, Young Man of Over Fifty, Says Pacific Ocean Is Good for One's Insides.

66 AM 60-ah-er-well, I'm over 50 years of age, and I haven't had a pain in my stomach for 20 years," said "Joe"

Now that statement makes necessar; a bit of history concerning the wonder ful curative, or at least preventive, qual ities of Pacific Ocean waters. Every Sunday morning soon after the arrival of the train from Portland at Seaside a young fellow about 60-ah-er-thereabout young fellow about 60-ah-er-thereabouts is to be seen seated at the end of the pler apparently casting for bluefish, salmon or whales, until at intervals he draws in his line and pulls up at the end of it a pop bottle with a cork out and consequently filled with fresh brine from Nature's storehouse. Nature's storehouse.

An observer will see the young fellow take the bottle from the surf and empty the contents into his "midst." He re-peats the operation two or three times and then repairs to the seclusion of his room-let us say-and during the after-noon the water-fisherman is to be seen taking a constitutional on the boardwalk as fresh as a youngater of 20.

as fresh as a youngater of 20.

Mr. Penny says he takes no medicine concocted by medical men, and that he needs nothing in the world except sea water to keep his system in order. When asked if he would prescribe the dose for others, he says, "Well, all I've got to say the that if other wound fellows would is that if other young fellows would Ocean they'd feel better"—only he didn' say Bull Run.

mediate improvement of East Stark street from East Twentieth street to the city limits.

"It is a great outrage," he declared, "that a single property of 50-foet frontage should stop an improvement of 20 blocks. Over \$100,000 has been expended in the filling and improvement of Fast Stark out to East Twentent ment of East Stark out to East Twen-tigth street, and the City Council has appropriated enough money to pay for the part fronting on Lone Fir Ceme-tery. The Council has provided for the improvement, but the Executive Board

property-owner objected to the grade. That is ridiculous. Too many people are interested to allow such an obstacle to stop this improvement.

"For four years, obstruction of every sort have been thrown in the way of the improvement of East Stark street, and every foot of the street up to East Twentieth has been gained only by hard fighting. I regard East Stark as the most important thoroughfare east of Grand avenue, connecting as it does with the Base Line road and it does with the Base Line road and all roads of the county.'

MILITARY BALL PLANNED

Local Guardsmen Will Give Annual Hop on Lincoln's Birthday.

The largest military ball ever held in Oregon is set down for the night of Lin-coln's birthday, February 12, when the officers and men of the Third Oregon Infantry, Battery A, and the Ambulance Company, Oregon National Guard, will be hosts at the Armory. The ball will be in the nature of a benefit and there will be no special invitations.

Five hundred couples can be readily accommodated in the big Armory ball-

room, and it is assured that no fewer than that number will be present. Since its reconstruction this ballroom is the finest on the Coast. Decorations for the occasion will be in military effects.

All preliminary work is being handled by a general committee made up of Captain R. O. Scott, Lieutenant E. A. Clark and Lieutenant R. W. Holman. This committee is receiving the assistance of subcommittees appointed from the non-commissioned officers of the various organizations. Perfect organization has been effected and the most successful of these annual balls ever held seems assured. Six hundred couples were on the floor at the regimental ball of last year.

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseasing of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes slight fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every particle of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the inflamed membranes begin to heal, every symptom disappears, the constitution is built up and health restored. S. S. S. rids the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a permanent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine. Book on Catarrh and any medical advice free to all who write.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medical, forest plants.
