Members of the Charter Revision Commission again held two sessions yesterthe proposed amendments from being submitted to the Council at its regular meeting on next Wednesday. The labors of the Commission now consist chiefly in correcting the amendments and strik ing out entirely some of the new fea-tures to which opposition has arisen. One of the important sections stricken out yesterday was that providing for an automatic bonding system. After a great deal of discussison at last night's meeting the Commissison deemed it best to retain the system as it stands in the old charter, with amendments providing that taxpayers delinquent in payment of street assessment, shall after a stipulated time be forced to pay 12 per cent penalty interest. A limit of time is given them in which to notify the city of their intention to refuse to pay the assessment. The proposed amendments to section 109 and 110, which provided for a municipal lighting plant in case the Council should deem such a thing necessary, was also stricken out. The Commission was of the opinion that the proper way to settle this question was to

let the people vote upon it.

The Commission also settled the question of salaries for the Auditor, City Treasurer and the secretary of the city leservice. On a motion it was voted that the salary of the Auditor be increased.

Damp, Chill, Changing Weather Weakens the Kidneys

Changeable weather, exposure, grippe, colds and chills cause most of the kidney trouble that is so common in Winter and Spring. That is what causes those spells of lame back, backache, shooting pains, tired feelings, dizziness, nervousness, fits of irritability and "blues." The kidneys are clogged with impurities, set back in their great work of filtering the blood, congested, irritated or inflamed. Poisonous uric acid is collecting where it should not and setting up disturbances and pain. Cure the weakened kidneys-set them working right again. No need to experiment. Use Doan's Kidney Pills, which have proved their merit in thousands of cases.

PORTLAND TESTIMONY PROVES THAT DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

PORTLAND PROOF

John Gotcher, of 287 North Nineteenth street, Portland, Oregon, says: "Since the early part of 1903, when I gave a testimonial recommending Doan's Kidney Pills, I have had some further occasions to use the remedy and have always found it of great value in relieving kidney complaint. It never fails to help me, and I therefore am pleased to recommend it on every occasion."

PORTLAND PROOF

Mrs. T. J. O'Brien, of 60 East 9th St., North Portland, Oregon, says: "Time has not changed my opinion of Doan's Kidney Pills. I gave this remedy my indorsement in 1903 and am glad to repeat my recommendation of it. A member of my family found great relief through using Doan's Kidney Pills and since then, several of my neighbors have tried them with equally good results. We are always glad to tell about the merits of the remedy."

Backache Gives You Warning of Treacherous Kidney Ills

Backache is likely to be the first sign noticed of kidney disorders that have been coming on for months. Kidney diseases start mysteriously and make silent, rapid headway. The advanced stages-dropsy, diabetes, gravel and Bright's disease-are usually fatal. The best time to cure kidney disease is in the beginning. Notice the first stab of pain in the back, the first irregularity of the urine. Then give the weakened kidneys prompt help. Neglect may mean a serious illness. Doan's Kidney Pills strengthen weak kidneys, cure bad backs, clear and regulate the urine and restore natural kidney action. They relieve quickly and cure permanently.

PORTLAND PROOF

J. C. Buckler, E. Ninth Street, Portland, Or., says: "In my estimation there is no remedy equal to Doan's Kidney Pills in curing kidney disorders. There was a constant soreness across the small of my back and stooping or lifting would cause sharp twinges in that part of my body. I sharp twinges in that part of my soul. It tried one remedy after another but without result. When Joan's Kidney Pills were brought to my attention I procured a supply and was benefited by them from the first. I centinued their use and they soon completely removed the pain from my back and corrected the action of the kidney secretions, which had been somewhat irregular."
