

STANTON HIMSELF IN DARK

"WELF" BUT ONCE Must Show California Danger From Japan or Bills Will Be Passed.

GOVERNOR FAVORS CAUTION Says Japan Has Served Notice Unfavorable Legislation Will Be Taken as "Breach of Faith"—Stanton Quiet as to Information.

(Continued From First Page.)

Japanese legislation will be the fore this week in both branches of the Legislature. Two resolutions drawn by Grove L. Johnson, of Sacramento, and aimed at the subject of discussion in the Assembly Wednesday, one, already passed, segregating the Japanese in the public schools of the state, and the other, which was refused passage, empowering municipalities to segregate in residential districts all undesirable aliens whose presence might, in the opinion of Boards of Supervisors, be inimical to the public health and morals of the various communities affected.

It is the school bill that most deeply concerns Mr. Roosevelt, and between this time and Wednesday, for which day it has been made a special order of business to determine whether or not the vote by which it passed shall be reconsidered. It is expected that the National authorities will throw additional light upon the subject. This is supposed to be of an extremely important nature, showing the true state of diplomatic negotiations now pending between Japan and the United States, and revealing to the Legislature the reason for Mr. Roosevelt's numerous telegrams to the Governor urging postponement of further action on anti-Japanese legislation. The situation is considered grave by the Administration supporters.

When Speaker Philip A. Stanton took the floor at the crucial moment on Friday, after it became apparent that the Assembly would vote down Walter Lee's motion to reconsider if something were not done at once to change the temper of the Assembly, he declared he had information that he could not reveal which prompted him to make a personal appeal for delay to the members of the House. He promised at that time that he would, if possible, explain before Wednesday the reason for his unusual request.

Governor Gillett said yesterday in San Francisco that he understood Speaker Stanton had received a message from President Roosevelt that he was at liberty to make public in his own way the American people as a whole for the high and patriotic services you are rendering. I have unlimited confidence in the good sense and right-mindedness of the people of the State of California. I know that they appreciate that the National Government is at this moment engaged in doing everything it can to achieve the ends that California has in view, while at the same time preserving unbroken the relations of respect and good will with a great and friendly nation, and therefore I am sure the people of California will support you in the position you have taken, which is so eminently in the interests, not only of the American people as a whole, but especially of the State of California.

"THEODORE ROOSEVELT." Mr. Trassie said today that he was not aware of any other message received by Speaker Stanton from President Roosevelt. The telegram above quoted was dated February 6 and Stanton made his appeal to the Assembly Friday, February 5. It could not have been the one that he referred to at that time as having prompted him to take the floor and make a personal appeal for delay on anti-Japanese legislation.

STANTON HIMSELF IN DARK Says He Is Only Carrying Out Wish of President Roosevelt.

LOS ANGELES, Feb. 7.—Speaker Philip A. Stanton, who is in this city, received from President Roosevelt today a telegram giving him permission to make public the message sent by the President to him on February 6, the full text of which is contained in an Associated Press item from Sacramento tonight, where it was given out by Assemblyman Trassie, of Los Angeles. Speaker Stanton, when shown this dispatch, said it was not this telegram upon which he based his appeal to the Assembly on February 5, but it was the only communication he had received from the President which he was at liberty to make public, and he did not care to talk at this time.

BLAME PUT ON COUNTRYMEN Consul Mudrino Says Japanese Have Not Assimilated.

NEW YORK, Feb. 7.—The members of Gotchi Kwal, a club of Japanese students in this city, met tonight and listened to speeches by several of their older and more experienced compatriots. Consul-General Kokoichi Mudrino, the principal speaker, talked on "The Future of the Japanese in the United States." He showed not the least resentment over the agitation on the part of the Pacific Coast and placed on his countrymen part of the blame of the misunderstanding.

DUCKS PLENTIFUL ON SAMISH ISLAND

THREE HUNTERS AND RESULT OF THEIR HALF DAY'S HUNT. BELLINGHAM, Wash., Feb. 7.—(Special.)—Samish Island, a little strip of land lying in the Sound off the Bellingham County shore-line, has become the paradise of the duck-hunters of all the lower Puget Sound country during the past few years, and devotees of the shotgun from Bellingham, Everett, Seattle and all other nearby points are now flocking there by the dozens. The picture shows the result of half a day's shoot by three Bellingham sportsmen on the sandspits of the island.

TELLS WEIRD TALE

Tucson Man, Shanghai'd, Arrives at Tacoma. FINDS HIMSELF PENNILESS Reappears After Absence of Forty-eight Days and Tells Story of Hardships at Hands of Cruel Captors.

TACOMA, Feb. 8.—The strange disappearance of T. A. Cox, general manager of the Arizona & Pittsburg Mining & Smelting Company, Tucson, Ariz., was partially cleared up late last night when he walked into Tacoma from some Puget Sound port, after having been absent from home since December 15 last.

While very reticent as to details, Mr. Cox alleges that he was shanghai'd from the port of San Francisco, and that his abductors placed him aboard a strange ship and robbed him of his jewelry and watch and about \$15 in money and that he was turned adrift Thursday.

Mr. Cox reached here penniless, ragged and tattered as to raiment and without enough funds to pay for the telegram that he sent to his wife telling her that he was alive. He is with friends in this city and is in a shattered mental and physical state, but rational. He has promised to unravel the details of his 48 days of captivity as soon as he can communicate with friends in San Francisco and with his relatives here.

Mr. Cox is a member in good standing of the Tucson, Ariz., lodge, B. P. O. E., No. 355, but says the reason he did not appeal to local Elks was because he has no credentials to identify himself. He says he is 31 years old, married and has a wife and boy in Tucson. The company's mines and property are located at Patagonia, 100 miles south of Tucson, toward the Mexican border.

Cox says he had about finished his business in San Francisco and was about to depart for Pittsburg, when he was spirited away. He says he is withholding the details of his strange experience until he can set the machinery of the law in motion to bring his captors to justice in the California city.

Wife Receives News. TUCSON, Ariz., Feb. 7.—A telegram from T. A. Cox to his wife today states that he reached Tacoma after having been shanghai'd 48 days ago. Cox is the Arizona mining man who disappeared in San Francisco December 22 while on his way to Pittsburg.

He says that he left the vessel at Puget Sound Thursday and that he is injured and very ill.

PETER PORTER DISLIKED House Will Reject Apple Shipment Bill for That Reason.

OREGONIAN NEWS BUREAU, Washington, Feb. 7.—The appraiser of Oregon has manifested much concern over a bill introduced in Congress by Representative Peter Porter, of New York, making change in the size of apple boxes and in other ways undertaking to regulate interstate traffic in apples. Porter is against this bill because it is introduced by Peter Porter, the "man without a party."

No bill introduced by Peter Porter can be considered by either of the standing committees of the House of Representatives. Porter is on the blacklist, and his name on a bill signifies its defeat. He will not be a member of the next Congress, so there is little danger of his apple bill being revived.

CLEAN SWEEP EXPECTED Hill Forces May Supersede in Colorado & Southern.

DENVER, Feb. 8.—There is a general impression among local railroad men that a clean sweep will be made of the benches of the Colorado & Southern by the Hill forces at the meeting of the stockholders of the road in New York, February 11.

It is probable Vice-President A. D. Barker will sever his connection with the Colorado & Southern and that President Harris, of the Burlington, will be selected to supersede President Frank Trumbull.

Evanson Still Ski Champion. EAD CLAIRE, Wis., Feb. 7.—John Evanson, of Duluth, again National ski champion. He won the big professional run of the National Ski Association today. His two jumps in the championship run were 118 and 121 feet. He jumped 135 feet in a long-distance jump, but fell.

STRIKE BELIEVED ENDED Manufacturers Sign New Wage Scale of Glassworkers.

CLEVELAND, O., Feb. 7.—Fully 60 per cent of the members of the National Window Glassworkers' Union, who struck about two months ago for a 25 per cent increase in wages, have returned to work. Manufacturers employing that many men have signed the new wage scale, according to a statement made today by A. L. Paulkner, president of the employees' union. He predicted that this week would see the end of the strike.

Northern Games Open. STOCKHOLM, Sweden, Feb. 7.—The Northern games opened here today. King Gustav, the Crown Prince and others of the royal family witnessed the performances. The Norwegian, Oscar Mathieson, won the skating races, including the 10,000-meter event.

WEATHER CONDITIONS. A low-pressure area extends from the Western Washington coast southeastward to the Great Salt Lake Basin and a high-pressure area, which is attended by a severe frost in color upon the same side, that under such conditions race tolerance means an undesirable race amalgamation and that race intolerance means ultimately race war or the reduction of one of the races to servitude. That, therefore, our duty to our race and our institutions and the maintenance of friendship with races differing in color alike demand that we abandon the attempted adjustment of these questions by international treaty and pass a National law to take effect upon the explanation of existing treaties, emphatically declaring that our country is open to white immigration alone; that such immigration shall be restricted to those of constitution, character and training that will ultimately fit them for American citizenship and that other races shall be excluded from immigration except for purposes of trade, travel and education. Senator Newlands adds that dignified legislative action of this kind could not be made the ground of offense by any nation affected; that it is the duty of the United States to take similar action were the integrity of her race and her institutions threatened; that the United States had always been friendly to Japan in her struggle to maintain and protect her territorial and race integrity, and that such action was entirely consistent with absolute friendliness between the nations. When the last Pacific Mail steamer passed down the coast President Figueroa, Salvador, with a military staff, was inspecting all the port garrisons. It being reported that an invasion of Salvadoran revolutionists, headed by Don Alvaro and assisted by Nicaragua, was imminent. A dispatch from Managua says: "The government of Salvador, instigated by Guatemala, ordered that its troops be ordered to assemble their guns at night on the pretense of repulsing Nicaraguan forces invading Salvadoran territory, the intention being to incite the feeling against the Nicaraguan government. It is generally believed that President Figueroa of Salvador, and President Calles of Guatemala, are anxious for the overthrow of President Zelaya of Nicaragua.
