When he modestly thanked the clubmen for the altogether unexpected honor, his voice was husky and he could hardly articulate so greatly was he moved by the action of the club. E. Plowden Stott was similarly honored, although in his case he was tendered a life mem-bership, which is second only in impor-tance to the honorary membership. The election of trustees was then taken up. Because of a mistake on the part of the printer, the name of one of the candidates was left off the ballots. Be-fore these were passed out it was an-nounced by chairman H. E. Judge, of the minating committee, that the name of Walter B. Honeyman should have been placed on the ballot. This unfor-turate mistake probably resulted in Mr. Honeyman's defeat, for he was only intre voite behind the lowest number restived by the five members elected. Edgar E. Miss Frances Jeffery, president of the women's annex, reported that there are now 144 senior members and 279 junior members in this branch of the club. In her report Miss Jeffery explains the ob-jects of the women's annex and the great good it has accomplished. In con-clusion she thanked the club and Presi-dent McMillan for the courtesies and attention extended to this department in the past two years. The report of the billiard and pool committee again shows that this de-partment of the club is a source of profit. This committee consists of W. B. Streeter, W. C. Duniway and R. W. Mersereau.

This Fact - that in addressing Mrs. Pinkham you are confiding your private ills to a woman -a woman whose experience with women's diseases covers twenty-five years.

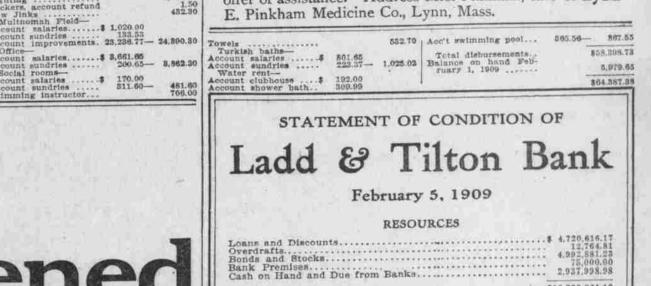

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will; and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

There must needs be disarreement among persons of various opinions as to the ad-visability of the changes we propose. We are, however, firmly convinced that upon the whole, the adoption of this amended charter would be a long step forward in the municipal progress of the City of Port-iand, and with the awakening public oph-ion which we firmly believe would result from the agitation preceding its adoption, and the operation of its provisions. George B. Frank Criticises Board Before Alberta Push Club.

For half an hour Monday night before the North Albina Fush Club George H. Frank poured hot shot into the new charter, declaring it "conceived in iniquity and born in sin." Mr. Frank is president of the Alberta Push Club, which has been organized to fight the which has been organized to fight the adoption of the new charter, and his address before the Albins club was a sweeping arraignment of the entire in-strument. He declared that it was filled with "jokers" for the betrayal of the interests of the people. Mr. Frank pointed out that when Dr. C. H. Chapman wanted to insert a pro-vision in the new charter regulating the charges for electric lights, car fare,

vision in the new charter regulating the charges for electric lights, car fare, telephones, and other untilities using the streets, Richard Montague and Fred V. Holman, attorneys for public-service corporations, jumped on the suggestion as hard as they could, declaring that such a thing was preposterous. Mr. Frank declared that this single incl-dent demonstrated that the charter-makers were there to protect these pub-lic-service corporations, and not to frame an instrument for the benefit of the people.

These was no reply to Mr. Frank, al-frame an instrument for the benefit of the people. There was no reply to Mr. Frank, al-though he spoke contrary to the views of many of the members. The North Albina Push Club was among the first to support and put forward the Des Moines plan. Tomorrow night, however, the other side will be presented to the people of that section by Dr. C. H. Chapman and others. At this méeting a resolution was adopted declaring it to be the sentiment of the club that that district should have the 20 acres of the W. K. Smith tract for a public park. It was report-ed by J. H. Nolta that the Park Board favored the selection of only ten acres of the Smith tract, which he said was too small for that district. The club decided to send a large delegation to the next meeting of the Park Board to insist on its securing the full 20 acres of the Smith tract. of the Smith tract.

There was a fellowship of cordiality and club spirit displayed throughout all the discussions of the evening. From the time that President George W. Mc-Millan, who, much to the regret of the entire club, retires from the head of the organization after a two-year term, read his report of the fine condition of the finances of the club, there was no question of the attitude of the mem-bership on the proposed purchase of the additional property. to the Countil today a minority report in which he will attack the centralized or commission plan of city government, which is the foundation of the proposed new charter that will be laid before the Council this morning. The other 14 members have signed the majority report, and a latter of trans-mission, setting forth the chief features thereof, will be communicated to the Council also. The proposed charter and the letter will be officially turned over by President H. E. McGinn and other members of the tourd, the last meeting of which was held at 2 P. M. yesterday. When the work of the Board had been completed, President McGinn asked each member if there were anything further to be suggested, and if each would sign the report. All save Mr. Holman repiled that they were willing to sign it, but Mr. Holman declined to do so.

Well, I do not ravor the commission plan," was the reply, "and will so state in my minority report; you may call it dissenting, if you desire. There are many weak points about the plan, which I see, and I therefore will not support the ma-iority remost."

The fact that Mr. Holman will submit a minority report did not become known until yesterday afternoon, and consider-able interest attaches to his forthcom-ing statements regarding it. Through-out the sessions of the Board, he throw his influence against the commission plan, contending that it is dangerous to place so much power in the hands of six Councilmen and the Mayor, and declaring that it will furnish ample opportunity for

that it will furnish ample opportunity for the upbuilding of a huge political ma-chine, and he repeatedly designated it as "the sacred obligarcay of seven."
