

ANTI-JAPANESE BILL PLAYED IN SENATE

Only Five Vote to Ask Congress to Draft Drastic Exclusion Law.

GOVERNOR IS CAUTIOUS

Advises Against Hasty Action While Matter is Engaging Attention of National Government.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—Representative Altman's bill, amendatory of the present law for creating a high school district, passed the House today. As amended the law provides that the question of creating a high school district may be submitted to the taxpayers residing within the proposed district at any time during the year, rather than at the annual school meeting. Provision is made for a separate high school board and for equalizing the tuition charge for non-resident pupils to conform more nearly to the actual cost of the educational advantages offered. The course of study in such schools is reduced from three to two years to harmonize with the present law. The bill, which proposes that only pupils passing the tenth grade shall be admitted to any of the state's institutions of higher learning. With this amendment the present law is changed so that union high schools can fill in the educational system between the public school teaching eight grades and the State University, Agricultural College and State Normal Schools which are taught in the eleventh and twelfth grades. The bill has the endorsement of State Superintendent Ackerman.

Fourteen members of the House voted against the bill as follows: Applegate, Bones, Brandon, Corrigan, Hughes, Jackson, Jones (Douglas), Libby, Mahoney, Mann, Meek, Philpott, Reynolds and Richardson.

phants and gorillas, and that we will take care of this country after he has gone.

HIGH SCHOOL BILL PASSES

Altman's Measure Provides Time for Special Elections.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—Representative Altman's bill, amendatory of the present law for creating a high school district, passed the House today. As amended the law provides that the question of creating a high school district may be submitted to the taxpayers residing within the proposed district at any time during the year, rather than at the annual school meeting. Provision is made for a separate high school board and for equalizing the tuition charge for non-resident pupils to conform more nearly to the actual cost of the educational advantages offered. The course of study in such schools is reduced from three to two years to harmonize with the present law. The bill, which proposes that only pupils passing the tenth grade shall be admitted to any of the state's institutions of higher learning. With this amendment the present law is changed so that union high schools can fill in the educational system between the public school teaching eight grades and the State University, Agricultural College and State Normal Schools which are taught in the eleventh and twelfth grades. The bill has the endorsement of State Superintendent Ackerman.

MAY KILL "PARDONS" BILL

MEASURE TO CURTAIL POWER OF GOVERNOR IS OPPOSED.

Although Vote in Senate Is Against Indefinite Postponement, Its Passage Seems Doubtful.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—That the Board of Pardons bill is practically dead was indicated in the Senate today on a motion to postpone it to a later date.

Senator Bailey denied that the bill is obnoxious, as amended, and said that the amendments were proposed by Mr. Trumbull, of the Board of Charities, who said that with these amendments the bill would be entirely satisfactory.

Senator Bailey said that everywhere he went in Portland he heard the demand that the bill be defeated. Nottingham and Smith, of Umatilla, said that there is no demand whatever for such a bill.

Several Senators said that they doubt the need of the measure, but could not vote to postpone indefinitely until they had read the amended bill. Those who wanted the bill killed without further consideration were Abraham Albee, Barrett, Cole, Miller of Linn, Miller of Linn and Lane, Norton, Nottingham, Oliver, Schofield, Selling, Smith of Umatilla, Wolf, President Bowerman. All others voted against postponement.

PERMITS TOWNS TO ENLARGE

McCue's Bill Authorizes Special Elections on Annexation.

STATE COLLEGE, Salem, Feb. 9.—(Special.)—Provision is made in a bill introduced in the House today by Representative McCue, by which the cities and towns may incorporate additional territory when the subject of annexation is not covered in the city charter of such municipalities.

The bill provides that, on petition of one-fifth of the legal voters of any municipality, the City Council shall call a special election when the subject of annexing territory shall be submitted to the voters of the incorporated city and territory proposed to be annexed. Notice of the election shall be given by publication in the newspapers. If a majority of the people residing within the established boundaries of the city and in the territory to be incorporated shall vote for annexation, then the additional territory shall be taken into the city.

TO CARE FOR CONSUMPTIVES

Senate to Report Favorably on Bill Establishing Sanatoria.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—The Senate committee on medicine and pharmacy has agreed to report favorably a substitute for the establishment of tuberculosis sanatoria, as proposed in a number of bills that have been introduced. The bill carries an appropriation of \$20,000 for the purchase of land and construction of buildings, and a maintenance appropriation of \$25,000 a year, making a total for two years of \$70,000.

HOUSE POKES FUN AT SENATOR

Consideration of Senator Bourne's Telegram Urging the Oregon Legislature Not to Start Any Anti-Jap Legislation Was the Subject of Some Alleged Funny Remarks in the House Afternoon.

Things were proceeding in more or less disorder until Hughes demanded that the subject receive the serious consideration that it deserved. The telegram was then received and placed on file.

McKinney thought he was getting particularly facetious when he was recognized first by Speaker McArthur and proposed that the House reply by sending the same telegram that Governor Penney once wired President Cleveland. Davis wanted the message sent to the sterilization committee, while Buchanan suggested that it be tabled. In the midst of the free-for-all discussion, Brandon, the wit of the House, gained the recognition of the Speaker and said:

"I think we ought to send back a message to the Senator and assure him that there is not the slightest danger in the world that either this state or California will pass any such legislation. He might also convey the news to the President that he can go on his junketing trip to Africa and kill elephants and gorillas, and that we will take care of this country after he has gone."

NO GAMES MAY 30

Bean's Memorial Day Bill Passes House at Salem.

SENATE LIKELY TO OPPOSE

Measure Is Introduced at Request of State Officers of Grand Army and Is Occasion for Extended Debate.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—Despite the protest of Farrell and other members of the Multnomah County delegation, the House this morning passed Representative Bean's bill prohibiting all field sports on Memorial day. It was insisted by Farrell that the measure was practically certain of being defeated in the Senate because it would put a ban on professional baseball in Portland on that day. The bill passed by a vote of 21 to 11. Ayes, 23; noes, 21; absent, 6.

The bill passed in its original form, although it had been amended in committee to prohibit such sports within one mile of any cemetery on May 30. When the bill came up in the House it was opposed by Bryant, McKinney and Dimick, who regarded that law-made respect was a consideration for the old soldiers. Campbell protested against the continued practice of regarding this anniversary as an occasion for "frolic and feasting." Following the debate, the House went into committee on the whole, restored the bill to its original form and passed it with two votes to spare.

In the final vote Brady lined up against the bill for the reason that it did not exclude Portland from its operation. Those voting against the measure were: Applegate, Beddilion, Brady, Brattain, Bryant, Clemens, Corrigan, Couch, Hopley, Hines, Juntura, Jones (Clackamas), Libby, McCue, McDonald, McKinney, Meek, Muncy, Patton, Philpott and Purdin. Several of those opposing the bill explained that they entertained only the greatest regard and respect for the veterans, but were averse to prohibiting sports for the entire day.

Violations of the bill are punishable by a fine of from \$1 to \$100 or imprisonment in the County Jail not to exceed 30 days. The bill was introduced by Representative Bean at the request of the state officers of the G. A. R.

EXEMPTION BILL CONFLICTS

When Hughes' Bill, Providing a Tax Exemption of \$500, Came Up in the House This Morning for Passage, It Met With Opposition.

Representative Smith today introduced a bill in the House amending the primary law and providing that the arrangement of candidates' names on the primary nominating ballot shall be determined by drawing lots. This will repeal the present system of arranging the names of candidates alphabetically. Mr. Smith introduced a similar bill last week, but its provisions were not reported in which the ballot for the general election should be arranged.

TO PROTECT LIVELYMEN

Jones, of Douglas, Would Give Livestock and Feed-stable Keepers Some Protection from That Class of Individuals Which Makes a Practice of Defrauding Them out of Their Hires.

Jones, of Douglas, would give livestock and feed-stable keepers some protection from that class of individuals which makes a practice of defrauding them out of their hires. The bill provides that it shall be presumptive evidence of intent to defraud when the person securing such services refuses to pay on demand reasonable charges therefor unless he shall have disclosed to the proprietor or manager, before obtaining the service, his inability to pay for the same on demand. The bill provides for fines of from \$20 to \$100 or imprisonment in the County Jail for from ten to 50 days.

SPLASH DAM BILL KILLED

The House This Afternoon Indefinitely Postponed a Bill Introduced by Hughes and Hattberg, Members of the Marion County Delegation, Making Streams Not Navigable for Commercial Purposes Public Highways for Logging Purposes.

The House this afternoon indefinitely postponed a bill introduced by Hughes and Hattberg, members of the Marion County delegation, making streams not navigable for commercial purposes public highways for logging purposes. In explaining the adverse report against these bills, McCue, chairman of the revision of laws committee, said the principal objection to both measures was that they provided for the maintenance of splash dams which, experience had proved, always resulted in endless litigation between the logging interests and the owners of land bordering on all such streams.

AMENDS PRIMARY LAW

Representative Smith Today Introduced a Bill in the House Amending the Primary Law and Providing That the Arrangement of Candidates' Names on the Primary Nominating Ballot Shall Be Determined by Drawing Lots.

Representative Smith today introduced a bill in the House amending the primary law and providing that the arrangement of candidates' names on the primary nominating ballot shall be determined by drawing lots. This will repeal the present system of arranging the names of candidates alphabetically. Mr. Smith introduced a similar bill last week, but its provisions were not reported in which the ballot for the general election should be arranged.

CHILD'S DREADFUL SKIN TROUBLES

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—It Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured.

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES

"When my little Vivian was about six months old, her papa had a boil on her forehead. At that time the child was covered with prickly heat and I suppose in scratching it, her own head became infected for she broke out in boils, but soon after it broke out in another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, between the toes, being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her neck. They cracked half way around and the humor spread up on to her head until, on several occasions, it was nearly half covered. The humor looked like a scald, very red with a sticky clear fluid coming from it. This occurred every year. I think it was toward the spring. I always bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura Resolvent which soon cleared it out of her blood. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwerin, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."

Complete External and Internal Treatment for Every Humor of the Skin. Cuticura Soap (24c) to Cleanse the Skin, Cuticura Ointment (16c) to Heal the Skin and Cuticura Resolvent (60c) for the Form of Chocolate Cakes, for the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Portland, Ore.

Free Mailed, Cuticura Book on Skin Diseases.

city electric cars to provide seats for motorcars, and appropriating \$50,000 for fish hatcheries in the coast streams south of the Columbia River.

The Bean-Clemens bill, creating the office of State Insurance Commissioner and amending the existing insurance laws of the state, will come up in the House at 10:30 o'clock tomorrow as a special order. This bill was considered by the House this morning in committee of the whole, but was sent back to the engrossing committee that a section, unintentionally omitted, might be incorporated in the bill. The bill will be voted on in the floor of the House. The principal objection to the bill in its present form is that provision which reduced from \$50,000 to \$25,000 the amount of security for foreign insurance companies are required to deposit before doing any business in this state.

EMERGENCY CLAUSE STAYS

HOUSE ADOPTS JUDICIARY COMMITTEE'S MINORITY REPORT.

Bill for Two Supreme Court Commissioners Is Not Altered as Urged by Majority.

STATE CAPITOL, Salem, Feb. 9.—(Special.)—Disagreement among the members of the judiciary committee of the House as to whether the emergency clause should be retained in Senator Hart's bill, providing for the continuation of two commissioners to the Supreme Court, was the reason for two reports from that committee on this bill today. The minority report, signed by Brooks and Bean, approved of the bill with the emergency clause, while the majority report, submitted by Dimick, McCue and Rusk, insisted that the emergency clause should be eliminated and the people given an opportunity to pass on the merits of the measure. Brooks and Bean conducted an exceedingly aggressive fight and succeeded in having the emergency report substituted for that of the majority by a vote of 23 to 20. The bill probably will come up for passage today.

Brooks urged that if the emergency clause was not retained in the bill, the referendum undoubtedly would be invoked and the state left without a Supreme Court properly to transact the business of that tribunal. Both he and Bean contended that the subject under consideration by the House properly did not involve the question of politics, but rather the interest of the whole people of the state.

Rusk demanded that the people should have a say as to whether or not they desired an increased number of Supreme Court Justices. Dimick quoted figures showing that during the two years prior to the appointment of the two Commissioners to the Su-

Chafing Dishes and Alcohol Stoves

The Fuel to Burn Is Denatured Alcohol

There is a great demand for Chafing Dishes and Alcohol Stoves, burning the popular denatured alcohol. Thousands are in use and give perfect satisfaction. We have the famous Manning-Bowman's; full assortment. They are always useful, being light, portable, non-explosive and easy to regulate.

Chafing Dish and Stove Complete \$15, \$12.50, \$11
Alcohol Stoves, single burners \$7.50, \$6.50, \$4.50 and \$4.25.

Alcohol Stoves, double burners \$13.75 and \$9.50
Tea Kettles, for use with stoves... \$5.00

Tea Pots, for use with stoves... \$4.25
Coffee Percolators, for use with stoves... \$6.00

VALENTINES—VALENTINES—VALENTINES

PAPER DIAPERS

Another Worthy Innovation

They are soft and strong as cotton, and a perfect absorbent, are medicated under the direction of a chemist to prevent chafing and scalding; shaped to fit. To be worn inside the regular Diapers and thrown away or burnt when soiled. No more soiled diapers to be washed. We know that will rest your nerves. We will send a column with their price, but any mother will know. And the price, less than 1 cent each, \$7.00 per thousand, 75c per hundred, express prepaid, or will send 50 by mail postpaid for trial, \$1.00. If skeptical, send 10c in stamps for samples by mail.

Portraits of Abraham Lincoln

We have just received by express a shipment of splendid new pictures of Abraham Lincoln. Includes the famous St. Gaudens picture. They are genuine platinum, sizes 7x9 inches up to 30x40 inches. A grand assortment. See display in window.

Japanese Fantail Goldfish

This store is known as headquarters for Goldfish. An aquaria or globe filled with a few goldfish makes a valuable decoration to a room.

Fine, healthy Goldfish, ea. 25c
Globes for fish 50c to \$1.50
Aquaria from \$1.50 to \$5

preme Court, following the 1907 session, the three Justices handed down 210 opinions while in the succeeding two years, with five members of the court only 222 opinions were rendered. He argued that for 13 more opinions the state had paid two men an annual salary of \$4600 each or a total of \$13,800 for the two years. This, he considered, was a high price to pay for 13 legal opinions. Dimick asserted that these figures in themselves disproved the contention of the mem-

bers of the committee that an emergency existed requiring that the law take effect immediately. Buchanan, McKinney, McCue and Speaker McArthur also took part in the discussion.

United States Inspectors Whitney and Turner took evidence today in the recent collision case between the Sound steamers Washian and Defiance. The steamer Tallac arrived from San Francisco with general cargo and returns with a cargo of wheat from Seattle and Tacoma. The steamer Portland returned from Tacoma to load for Valdez and Seattle. The steamer J. B. Stetson came up from Mukilteo to take on passengers and later sailed for San Francisco.

Cured of Bronchitis

BY CHAMBERLAIN'S COUGH REMEDY

Bronchitis is a much more serious disease than an ordinary cold, and much more likely to result in pneumonia. It is commonly spoken of as a cold on the lungs. There is little if any danger, however, when Chamberlain's Cough Remedy is judiciously used.

Only Few Doses Required

"Before I learned of Chamberlain's Cough Remedy I suffered with an attack of bronchitis two or three times a year, and each attack seemed to be worse," says W. E. Wheeler, 423 W. Ninth St., Los Angeles, Cal. "The medicine the doctor prescribed seemed to give me relief, but did not afford a cure. My daughter used Chamberlain's Cough Remedy in her family, and one day when I was visiting her she advised me to try it. I felt so wretched that I was willing to try almost anything, and so took part of a bottle she had on hand, and then bought a large bottle and one more, and that cured me. Whenever I feel an attack coming on I take a few doses, and I have not been bothered any more. I have much cause to be grateful to the manufacturers of this remedy."

I take a few doses, and I have not been bothered any more. I have much cause to be grateful to the manufacturers of this remedy.

Chamberlain's Cough Remedy

This remedy is especially suited to the treatment of bronchitis, as it causes the expulsion of mucus from the bronchial tubes, making breathing easier, and minimizing the danger of contracting pneumonia. This remedy has a world wide reputation for its cures and can always be depended upon. It contains no opium or other narcotic, and may be given as confidently to a child as to an adult. Price per bottle twenty-five cents, large size fifty cents.

THE POTTER SANTA BARBARA AMERICAN PLAN

WINTER RATES SINGLE—	Remember that our Single	WINTER RATES DOUBLE—
\$4.00	\$5.00 and Double	\$7.00
\$4.50	\$8.00 rates get you a room	\$7.50
