ENLIVENED BY TILT

Macon and Cook Relieve Tedi-
um of House Debate.

'POSSUM TO BE PRESERVED

Georgian Adds Touch of Humor
With Negro Dialogue—Increase
of Naturalization Fee Causes
a Storm of Protest.

WASHINGTON, Feb. 11.—The agricul-
tural appropriation bill was passed by the
House today, practically as it came from the
committee. The debate dragged
wearily on for several hours, when the
proceedings were enlivened by a brief
and spirited tilt between Macon (Ark.)
and Cook (Calif.).

Every increase in salary provided for

in the bill was stricken out on the ob-
jection of Macon (Ark.).
A successful fight led by Shabath (Ill.)
was made against the Senate amendment
to the bill amending the naturalization
laws, which, among other things, in-
creased the naturalization fee from \$5 to
\$10. Macon (Illinois) openly charged that
the proposed increased fee was simply
an attempt to put more money in the
pockets of clerks of courts. By an em-
phatic vote the conference report was
rejected and the bill laid on the table.
A tribute to Lincoln by Boutell (Ill.)
closed the day's proceedings.

GARFIELD TALKS TO SOLONS

Explains Scope and Workings of
Reclamation Service.

WASHINGTON, Feb. 11.—A compre-
hensive review of the work of the re-
clamation service of the Interior De-
partment was given to the House com-
mittee on irrigation today by Secretary
Garfield.

Mr. Garfield said that in the construction
of the big irrigation plants every at-
tempt had been made not to construct
them that the cost of repair from year
to year will be as small as possible. The
Secretary dwelt upon the importance of
the co-operation of the states and the
Federal Government in the development
of arid lands. He gave the committee
some suggestions as to the future con-
trol of the irrigated lands.

"There should be no relaxation of the
requirement that the money expended on
these lands must be returned to the Gov-
ernment, and there should be no per-
mission granted for the postponement of
the first payment," he said. "The time
has arrived for the first payments to be
made on some of the projects, yet many
requests for an extension of time have
been made. If payments are to be post-
poned or payments entirely abandoned,

there will not long be a reclamation fund.
The Secretary approved in unqualified
terms the water users associations, say-
ing that they are absolutely necessary in
the successful management of an ir-
rigation plant. He favored the small-sized
farm unit in irrigated sections.

GALLINGER SPOTS TROUBLE

Says 26,000-Ton Battleships Can
Only Find Two Docks.

WASHINGTON, Feb. 11.—Senator Gal-
linger has presented to the Senate a doc-
ument known as "hydrographic data con-
cerning United States navy yards and
stations," in order to make a permanent
record as to the actual depth of water
that prevails at the various naval yards
and in the channels to sea.

The data is based on information taken
from Government surveys. From the table
it is shown that the Puget Sound navy
yard has the greatest depth of water,
varying from 27 feet to 61 feet, while
Portsmouth, N. H., second with a depth
of 33 to 37 feet, while next in order come
Norfolk, League Island, New York, Mare
Island, Charleston, Washington and Pen-
sacola.

From this record Senator Gallinger con-
cludes that it will be possible to dock the
great dreadnaughts already authorized
only at Puget Sound and Portsmouth, un-
less the harbor and navy yard approaches
at the other yards are dredged.

FIGHT ON CENSUS BILL OFF

Matter Will Probably Be Taken Up
in Special Session.

WASHINGTON, Feb. 11.—All at-
tempts to pass at this time the census
bill over the President's veto were
abandoned today by leaders of the
House and Senate. The House com-

mittee adjourned to meet at the call
of the chairman. A hasty poll of both
houses was not encouraging to the
passage of the bill over the veto quick-
ly, particularly in the Senate. The en-
actment of a census law for the taking
of the decennial census probably will
be made the subject of legislation at
the special session.

SENATE COMMITTEE HAS WAY

Decides Repeal of Salary Increase
Will Fix Knox Tangle.

WASHINGTON, Feb. 11.—Senator Knox
is declared by the Senate committee on
judiciary to be eligible for appointment to
the office of Secretary of State, providing
the salary of Secretary of State is re-
duced from \$12,000 to \$9,000 a year, which
was the salary prior to the action of
Congress in raising it during Senator
Knox's present term of office.

The committee on judiciary today con-
sidered the bill introduced yesterday by
Senator Hale from the point of view that
it might be regarded as a subterfuge and
a technical violation of the constitutional
provision intended to prevent the crea-
tion of lucrative positions for members
of Congress. Finally it was decided that
the main proposition of the Hale bill,
which was to repeal the increase of salar-
ies of Cabinet members so far as it re-
ferred to Secretary of State, was sound.

The phraseology, however, met with crit-
icism, and it was decided to draft a new
measure. The new bill, in accordance
with the views of the committee, used
the word "emoluments" instead of "sal-
ary." In order to be in harmony with the
language of the Constitution.

It developed during the session that the
committee was not unanimous in regard
to the question whether it would be pos-
sible to repeal the salary increase pro-
vision so as to make Senator Knox eligi-
ble for the office. Senators Kittredge and
Overman seemed to be in some doubt as

to the propriety of taking this action, but
they will not make a minority report,
and it is said they will not oppose the
passage of the bill when it comes upon
the floor of the Senate.

Prescribe Form of Electoral Vote.

WASHINGTON, Feb. 11.—Half of the
certified votes of the Electoral College,
cast by Congress yesterday, were not
in due form, according to one of the
tellers. The discovery of the errors will
result in a movement to have Congress
prescribe a form for the voters of the
various states.

Senator Bailey probably will introduce
at this session a bill prescribing such a
form.

It is argued that the passage of such a
law might avoid the necessity of throw-
ing out the vote of one or more states at
some period when such action might
change the result.

Half-Million for Hospital.

WASHINGTON, Feb. 11.—The Senate
committee on commerce today ordered
a favorable report on a bill appropriat-
ing \$500,000 for the construction of a
new marine hospital at San Francisco.

The committee reported an amendment
to the sundry civil bill to provide for
the construction of a light station on
Eliza Island, Bellingham Bay, Wash-
ington.

House Favors Statedhood.

WASHINGTON, Feb. 11.—Representa-
tive Watson, of Indiana, Republican
whip of the House, told the President
today that the bill admitting Arizona
and New Mexico to statehood will pass
the House next Monday under suspen-
sion of the rules which will prevent
amendments in that body.

The first wood pulp paper was made about
1867, but the industry did not assume
commercial importance until a later date.

FALSE BILL IS SENT

Firm of Booth & Co. Altered
Statement to Bank.

DIFFERENCE OF \$2,000,000

Bills Payable Were Scaled Down a
Million, and Bills Receiv-
able Were Scaled Up
Enormously.
