STATE'S BIRTHDAY

Builders of Oregon Unite With Legislators for Its Observance.

JUDSON IS CHIEF SPEAKER

Gearge H. Williams Also Makes Address, Which Arouses Enthusiasm-Prominent Pioneers

of State Attend.

SALEM, Feb. 15 .- (Special.) - The ploneer builders of Oregon united with the members of the State Legislature this afternoon in commemorating the fiftieth anniversary of the admission of this state to the Union. The exercises, which were held in the Hall of Representatives, will form an important event in the records of the Oregon Historical Society, which

joined with the members of the Legisla-ture in arranging the day's exercises. Hon. Frederick N. Judson, of St. Louis, Mo. was the principal speaker, and his address was one of intense historical interest to the many old scatters who heard it. Mr. Judson comined his address principals. cipally to a discussion of the relation Oregon, through its interesting career, here to the National life. It was indi-cated by the speaker that outside of the original 12 states, Oregon was more close-by identified with the National life of the country than any other state. From the time of the joint occupancy of the Oregon Territory until the boundary question was Territory until the boundary question was determined, and in fact right up until the state finally was admitted to the Union, the pioneers through whose self-reliance the state eventually was formed, were closely associated and identified with the National life. In concluding, Mr. Judson highly complimented the pioneers for the type of citizenship represented and which was accountable for the magnificent state they had organized and naguificent state they had organized and

Judge Williams Speaks.

Judge Williams, of Portland, in his address "to Oregon pioneers," became reminiscent and related some intensely interesting incidents connected with his early life in this state. He painted a beautiful word picture of Oregon as it appeared to him on his arrival in 1888, and in high terms of praise lauded the pioneers for the privations and hardships they had endured that they might organize a form of government and make a state from an unexment and make a state from an unex-plored wilderness. His descriptions of the home life in that early day were both touching and humorous. Incidentally, he deplored the extent to which the organic law of the state had been amended and the ease with which, under the present system of lawmaking, the constitution can be changed. He charged that in its present condition the state constitution had "about as much stability as a weather vane in a vigorous gale." He said that the purpose of the constitution was to guarantee the minority protection. from the majority but that under the modern interpretation and alteration of that document, such protection was de-

Cheers for "Grand Old Man."

At the close of the address of Judge who was presented as gon's grand old man," by Senator Miller. who presided as chairman of the meet-ing, three rousing cheers were given in honor of the venerable pioneer and

Frederick V. Holman, president of the Oregon Historical Society, introduced speechmaking, following a short ad-dress of welcome by Governor Chamber-lain. Mr. Holman read a letter from ex-Governor LaFayette Grover, of Portland, one of the three surviving members of the Oregon Constitutional Convention which met in Salem in 1857, expressing his regrets that he could not attend the semi-centennial. Mr. Holman in his ad-dress discussed the character of the plonears that made Oregon and paid a high tribute to Dr. John McLoughlin, but for whose generosity many of the original settlers in the state would not have sur-vived. Oregon, he said, was a land of derful importance and great oppor-

The Assembly was called to order by Speaker McArthur, who introduced Sena-tor Miller as the permanent chairman. Because of too much business awaiting its consideration, the Senate did not a tend the exercises in a body. Invocation was pronounced by Rev. W. R. Bishop, of Portiand, following the introductory remarks of Senator Miller. McElroy's orchestra, of this city, furnished music. These Were Present.

In addition to the speakers of the after-noon, the following pioneers or promi-ent citizens were seated on the nent citizens were seated on the Speaker's platform: United States Judge Wolverton, John Minto, T. T. Geer, Sec-retary of State Benson, Attorney-General Crawford, State Treasurer Steel, Chief Justice F. A. SALEM MEN INVEST \$240,000 IN ORCHARD LANDS.

Fruit Will Be Grown and Marketed on Extensive Scale-Professor Lake to Be in Charge.

SALEM, Or., Feb. 15 .- (Special.)-An investment of \$240,000 is represented in organization of the Hubbard Fruit Farms Association, which has just been formed, with A. A. Lee president, W. H. Burghardt, Jr., secretary and B. P. Meredith treasurer. The association is composed of 20 of the leading business

men of Salem. They have purchased from L. H. Me-Mahan semething over 400 acres of land in the Mission Bottoms, 10 miles north of this city. The land will be imme-diately planted to peaches, apples and charries and the marketing, packing and other details of the business will be in charge of skilled men in the employ of the association, which will be con-ducted on the plan of the fruit unions at

Hood River and the great apple-produc-ing sections of Washington.

The land is two miles west of the Orebe built to the property from Waconda. The dogs failed to discriminate between the association will also erect a cold—storage plant and warehouse. In its early stages the orchard will be in charge of Professor Lake, of O. A. C., gon Electric Rallway and a branch will

This is the first systematic effort on large scale to convert the large farms of the Willamette Valley into small fruit tracts. When completed, the Hubbard Fruit Farms Association orchard will comprise nearly 1600 acres, in an almost unbroken stretch of land that Professor Lake declares to be the equal of if it does not excel anything in the Willamette Valley.

WHEAT \$1.16 AT TACOMA

Record Price Reached for Grain in Puget Sound City.

TACOMA, Wash., Feb. 15.—(Special.)—First-class milling wheat is today quoted at fills a bushel in Tacoma, and very little offering at that price. This is the highest price paid for wheat in this city since grain raising became an industry in Washington.

It was reported that a cash sale had been made in Tacoma this morning at \$1.18, but this could not be verified, and miliers stated that they had had reports of a sale of a small quantity of wheat at Spokane today at \$1.18, coast delivery, but believed it a purely local condition.

OREGON WILL DEBATE UTAH

Kilpatrick and Townsend Chosen to Represent State University.

UNIVERSITY OF OREGON, Eugene, Or., Feb. 15.—(Special.)—Coach Elliot an-nounced today the selection of Earl Kli-Weekly, and Thomas R. Townsend, p dent of the student body, to repr the university in the debate with the University of Utah at Salt Lake City on March 26. These men served last year

on the interstate teams.

The question to be debated is the commission plan of city government. Oregon has been given ten days in which to choose her side of the discussion. This debate will become an annual affair if satisfactory financial arrangements can be made.

CHEESE FACTORIES REPORT

Co-operative Concerns at Tillamook Make Good Showing.

TH.LAMOOK, Gr., Feb. H.—(Special.)
—Seven of the co-operative associations have made their annual reports for last year, viz., Fairview Dairy Association, Red Clover, South Prairie, East Beaver. Maple Last, Three Rivers and Clover Leaf. These factories received 14.28,411 pounds of milk and the factory which received the largest amount of milk was Maple Leaf Creamery Association, with 2619.494 pounds. This association carried the banner for the largest amount of milk in 1907, but it is reported that the Tillamook Creamery will outdistance the Maple Leaf for 1908. The amount of cheese these seven associations manufactured amounted to 1,574,330 pounds and this was sold for \$194,448.01.

MAUE AT ULY-MPIA

Hutchinson Demands Investigation of State Institutions.

MEDICAL BOARD ACCUSED

Representative Ghent, of Scattle Makes Bitter Attack on Dr. Sharples-Declares Applicants With Money Stand Show.

OLYMPIA, Wash., Feb. 15 .- (Special.) -The introduction of a bill providing for an investigation of all the state institutions and all the state departments, with Hutchinson, of Spokane, the author, fol-lowed the killing by the Senate today of the latter's bill abolishing the State

Board of Control.

Hutchinson made a strong, but ineffec tual effort to save his bill from indefinite postponement, reading the statement heretofore published from the six Spokane contractors declaring the new ward building at the Medical Lake Asylum to be unsafe. Senator Hutchinson charged that either graft or incompetency had been shown in other state institutions in the expenditures of money appropriated for the improvement, mentioning the School for the Deaf and Blind at Vancouver, the Soldiers' Home at Orting, the saylum at Stellacoem and the branch Soldiers' Home

Medical Board Accused of Graft. Hutchinson's probing bill provides for the appointment of three Senators and three Representatives to investigate all the state institutions and departments at least once before January 1, 1911, and re-port. The bill gives the committee power on and examine witnesses and appropriates \$1900 for their actual ex-

Dr. Ghent served notice that he would nak for an investigation of the State Hourd and alluded to Dr. J. C. Sharpiess, of Seattle, secretary of the Board, as a "pimple on the medical profession."

'Quiz" Class to Those Who Have Money.

Dr. H. Ghent charged that a "quiz" class is conducted which may be joined by applicants for admission to the practice upon payment of \$100. "Applicants who have the price will probably pass," he said, "but I am in doubt about the ones who do not attend the class."

ones who do not attend the class."

He asserted that \$6000 had been improperly accepted by members of the board. Ghent's attack on the Medical Board came during a discussion of a bill relative to the practice of medicine and providing for the addition of an osteopath to the membership of the State Board. Charges were also made that the bill was drawn for the purpose of creating an osteopathic trust by preventing the admission to practice of newcomers and new graduates. A motion indefinitely to postpone the bill was defeated, 68 to 18.

SCIATICA LOSES

This Disease Is a Form of Neuralgia and Is Cured by the Remedy That Cures Other Forms.

Sciatica is neuralgia of the sciatio herve and the treatment should be the same as for other forms of neuralgia. Lack of blood is almost always associat ed with neuralgia. Build up the blood, the impoverished nerves are fed and the neuralgic pains disappear. Absolute rest is the best aid to proper medical treatment.

So many severe cases of sciatica have been cured by Dr. Williams' Pink Pills that every sufferer is justified in giving the treatment a thorough trial. A recent cure is that of Mr. L. H. Smith, a farmer, of Bolivar, Ohio, who

says:
"I think the sciatica in my case was caused by a heavy fall on my left side. I kept on werking after the injury which had left my leg and hip very sore. The pains were severe and cutting and were worse whenever I climbed up and down stairs as I had to do every evening for I was employed as a night watchman at that time. The pains extended down to my foot and were constant unless I sat down and placed my leg out straight. Often I was forced to use crutches. The pains were so severe that I could not get more than two and one-half-hours'

sleep at a time.
"The doctor's medicine did not agree with my stomach and did not help me. I was under the care of different doctors for eight or ten months and then gave them up and started to use Dr. Williams' Pink Pills. I experienced relief sooner than I had hoped for and took several boxes of the pills. I am now in good health, the pains have entirely left me and I can use my leg with-out the slightest pain. I think Dr. Williams' Pink Pills have no equal and

recommend them hoping I may be the cause of some sufferer getting relief."

If you have sciatica, or sciatic rheumatism, and the treatment you have taken proved of no benefit, it is time that you tried the remedy that has cured so many stubborn cases-Dr. Williams' Pink Pills.

These pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents perbox; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

NEWPORT, Or., Feb. 15.-Saturday evening about 8 o'clock a landslide o curred here that nearly wiped out of existence the home of Captain George Tyler, and from which Captain Tyler and family were fortunate to escape with their lives. Captain Tyler's home and place of business is located on Front street, just below the high bluff. About 8 o'clock, soon after Mrs, Tyler had put the children to bed in a room in the upper story, and was sitting with Captain Tyler in the front room on the ground floor, the top of the bluff caved off. The earth swe t down on their home with a roaring crash. The kitchen and dining-room in the rear of the building were demolished and buried out of sight, and the store room partly filled.

For instance, you purchase a piano that is marked at \$400—pay \$10 or \$20 or \$20 down; for every dollar up to the regular usual first payment (one-eighth of saie price) we immediately give you a receipt for double. In addition to this, we have made possible still further reduction in prices.

The response to this unusual offer has been remarkable. Many have realized at once the advantage of being able to secure—not only an excellent high-grade, brand new plane, of well-known make, at a very considerable reduction, but are also to get an actual credit of exactly double the amount of first payment. Where people are not prepared to pay all cash, the balance is arranged in settlements to suit the exact cfroumstances of each buyer—\$6 a month secures a fine new plane, others pay \$8 or \$10 or more as desired.
