ROSE PESTIVAL-June 7-12. '69.

HARD-SURFACE OR GRAVEL.—Property-owners on Division street, between East Tenth and East Forty-first, are discussing the kind of pavement to lay down on that street. A resolution was passed by the Council several months ago for crushed rock, but it ended there, and now comes a considerable portion of the property-owners forward with a proposition to lay hard-surface, if they can get it done. R. Thomas, who owns 100 feet on Division street, says that hard-surface pavement is the only improvement which will stand the heavy trans which nows in from the heavy travel which pours in from the country over Division stret, which is a city extension of the Section Line road, and that a gravel or crushed rock pavement would be money thrown away. This is the opinion of a large number of the property-owners, but there is said to be strong opposition to the hard-sur-face pavement on the grounds that the cost would be too great to bear. Thuse favoring the pavement say that in the end it will be less expensive, as the mac-dars will not stood more than a wear of adam will not stand more than a year or two under the terrific pounding of the country travel, whereas the hard-surface ountry travel, whereas the hard-surface problem. It was announced that a ser-ill stand ten years, or even longer time. petition for bard-surface payement is Street Methodist Episcopal Church by will stand ten years, or even longer time.

ALBERTA CLUB MEETS.-Following discussion of street improvements at the meeting of the Alberta Improvement Association, Tuesday night, George B. Frank presiding, it was decided to insist upon the immediate repair by the City of Alberta street, between Union avenue and East Fourteenth street. The matter obtaining fire hydrants for Upper Alberta street will be pushed, and the as-sociation has reason to believe that these fire hydrants will be immediately installed. At the next meeting of the association, which will be Tuesday night, February 23, at Lundy's hall, East Fifteenth and Alberta streets, there will be a discussion of the proposed city charter and able speakers will present both sides of the question. Membership of the association has largely increased and many women have enrolled as members.

CLUB MAY RAISE DUES.—Ways and means to liquidate indebtedness incurred in furnishing the Commercial Club will be discussed at a special meeting of club members Saturday night, February 27. Members are urged to attend and each one will have an opportunity to express his views on the subject. It has been his views on the subject. It has been proposed to increase the dues for one year, adding \$1.50 to the monthly tax. This, with the money made by the various departments of the club, would practically solve the problem. Assess-ments upon members has also been suggested and all these methods will be dis-cussed at the coming meeting. Table d'hote dinners are to be served at the club on Friday and Sunday nights, beginning

FEDERATION MEETS TONIGHT .- Committees from the seven push clubs of the Seventh Ward will meet tonight with the Brooklyn Republican and Improve-ment Club, in the hall on Powell and Milwankle streets, to report on the or-ganization of a federation of all these ciubs. The organizations are the Kenli-worth, Waverly-Richmond, Hawthorne, Sellwood Board of Trade, Midway. Woodstock, Mount Scott and Brooklyn. A constitution will be reported and if approved the organization will be effected and officers elected. The movement is being fostered by Councilman Rushlight, of the Seventh Ward, who hopes for bet-ter results out of such federation, and less friction of interests.

DEFEATED: NOT DISCOURAGED.—Promo-ters of the interstate bridge across the Columbia River though defeated in the initial steps this time say they are not discouraged, and will keep up the agita-tion. J. H. Noita, who originated the proposition, announces that arrangements are being made to noid a mass meeting on the Peninsula to formulate plans to on the Peninsula to formulate plans to continue the agitation for this bridge, the mesting to be held at a place and time to be announced later.

cidents that do much to discredit the automobile through the carclesaness and indifference of some owners and chauffours. A neat-appearing, but piainly dressed woman, was crossing the bridge when a machine hearing the number, Oregon 78, dashed by. Although the bridge is narrow the car was going close

to the speed limit, sending a spray of mud and water over the path for foot passengers. Most of them succeeded in

escaping the deluge by hugging the outer rail of the bridge but the woman in ques-tion failed to notice the approach of the

machine. As a result her dress was literally soaked with mud and water ap-parently ruining it. Regretfully she re-

Gus Rosenblatt closed a deal yesterday for the sale of the piece of ground 96x100 feet at the south-west corner of Tenth and Colum-bia streets, at a consideration of \$28,-000. The property was bought from Mr. Rosenblatt by the trustees of the Reformed German Evangelical Church as an investment, although it is probable that the association may decide later to erect a church building on the site. The church now owns the cor-ner of Tenth and Stark streets, which is rapidly increasing in value. An of-fer has been made of \$75,000 for the site, but was turned down by the trus-tees. The property adjoins that of the University Club, which recently de-cided not to sell its holding.

Odor Attracts Employes of Phillip Hotel, Who Find David B. Coble, Jr., Unconscious.

David B. Coble, Jr., formerly a news-paper man of Idaho, attempted suicide by taking chloroform at the Phillip Hotel, Fourth and Burnside streets, at 2:30 o'clock yesterday afternoon. De-tecting the odor, hotel employes broke into the room through a rear window, the door being locked, and notified police headquarters. Coble was taken to St. Vincent's Hospital in a Red Cross ambulance. Although he is very ill from the effects of the drug, it is believed that he will survive. Heved that he will survive.

Coble, who registered at the hotel as Lee R. Wray, left a short will, giving his suftcases and personal effects to Jeasle Cameron, of 6314 Sixth street. He also left a note "To the Newspapers," which read;

Just eay it was David B. Cobie, Jr., form-erly a newspaper man of Idaho. W. E. Cobie, of Negperce, Idaho, will give you any particulars needed, and Bertha B. Cobie, of Fletcher, Idaho, can give you the real cause. Respectfully, David B. Cobie,

What Tacoma Doesn't **Know About**

Postni Authorities in "City of Des-tiny" Have Vague Suspicion That Portignd Is in Oregon, but Are Not Sure.

HIS is a true story. That fact is put first because it doesn't seem ssible that it could be true, but it Up in Tacoma, a city of some 200, 600 souls, born and unborn, they don't know where Portland is. Fact. And here is the proof:

On the sixth of this month a Port-lander, sojourning for a time in the "City of Destiny," dropped a letter to a Portland friend, and forgot to put the word "Oregon" on the envelope. He put the street number and the name of the hotel, and the name of the city; but he left off the name of

the state.

Eight days after he malled the letter it got to Portland. Stamped across the face of the envelope was the notice: "Returned for Better Direction." Evidently the mailing clerk at Tacoma had put that on, and then the letter most have gone wandering through the state. must have gone wandering through the different departments of the postoffice until some super-intelligent clerk got hold of it, and scrawled on the envelope: "Try Oregon." Oregon was tried, and the letter delivered.

Another Novelty Entertaining Establishment in Portland.

The wonderful development of sound and motion reproducing devices during even the last few months has been something astonishing. A magnificent and thoroughly novel establishment is now being installed on the corner of Sixth and Aider, opposite The Oregonian building. Everything right up to the minute will be on display and Portland's pleasure-seekers will have presented to them the latest developments in mechanical entertaining devices. Last, but not least, the instruments will be run on the penny-arcade principle. A one-cent piece being the coin to operate every one of the truly interesting apparatus.

For several days past extensive alterations have been under way on the building formerly oscupied by the German-American Bank, and by Saturday morning it is expected that the place will have been transformed into one of the most up-to-date amusement resorts on the Pacific Coast.

Almost every automatic entertainer the mind could conceive is being installed and some are wonderful, indeed.

Music equal to the most magnificent and most perfectly trained 20-piece orchestra will be played to patrons of this establishment. This mechanical, self-playing orchestra is the most elaborate of its kind, even containing a grand plano in active operation.

As every attraction in this new amusement resort can be enjoyed for the nominal sum of one cent each, it will undoubtedly become one of Portland's popular amusement places.
