

### HAY FLAYS KING COUNTY SENATORS

**Bitterly Assails Republicans Who Killed League's Local Option Bill.**

SEATTLE, Wash., Feb. 19.—(Special).—I am here to tell you that this bill which your King County Senators crammed down our throat will not do. In my judgment it cannot pass the House, and will never become a law by executive signature. I want no local option bill that is backed by the brewery and liquor interests," said Acting Governor Hay, in an address here tonight before an audience of 250 members of the Congressional Men's Clubs of the city, gathered at the Pilgrim Congregational Church.

These words were the feature of the address in which the Acting Governor of Washington carried the war into the enemy's country and sought to arouse public sentiment against the King County Senators to support Hay's idea of a reasonable local option bill—which is nothing less than the local law.

The meeting at Seattle tonight had been framed up by Representative F. C. Jackson, of the "dry" side, and the league, and up to the time of his departure from Olympia had done all he could to see that he was to speak not to whom.

**Hay Mince No Words.**

The Acting Governor opened his remarks by saying he had at first intended to decline the invitation to be present, but after the passage of the Senate local option bill "I decided not to lose this opportunity to tell the bones of trouble, I soon found a way to get over here."

"The people of Seattle are the bones to whom I am appealing. A very peculiar condition of affairs exists in Olympia, especially as relates to the Senators from King County who have eight Representatives in the State Senate, seven are Republicans and one a Democrat. If getting on the right side of the local option bill is a standard by which we may judge in this matter, the Democratic Senator from King County now has in the Senate.

**Democrat Only Right One.**

"New, I do not desire to be understood as criticizing the Republican Senators. They are most able and excellent men, but they do not look upon this local option question in the light that I do. I feel that they are not living nor attempting to give the people of the State of Washington a reasonable enforceable local option bill, as was contemplated when the platform was adopted in Spokane, neither do they support a bill as Governor Cosgrove, the spokesman of our party, can endorse. It is possible that these Senators represent your views in this matter. It is possible that they have no complaint to make. What I want to know is do they represent you, and if not, I would like to have you people take an interest in this matter and get them right on the question.

**Rubs Salt Into Wounds.**

"I understand there is one Seattle Senator who claims to be the only one in his district than in any other district in the United States. If this is true, and the Senator's word is absolute evidence, no doubt that the Senator who represents his constituents, and he is certainly doing it ably.

"I had the pleasure of listening to the debate on this question in the Senate last Wednesday, and I must certainly admit that the Seattle Senators ably defended the interests of the liquor men.

"I doubt that the King County Senators would knowingly send Representatives to Olympia who are not honorable men, but there seems to me there is a slipping cog somewhere. Some of the strongest men we have in the House who are championing a strong and efficient local option bill are King County men. I cannot understand why you Senators who are supporting the bill when every Republican Senator from King County is opposing it."

**Means Fight to Finish.**

He referred to his last conversation with Cosgrove before the latter returned to California, in which the Governor expressed a desire for the strongest enforceable local option bill that could be passed.

In closing, the Governor said that if the League bill or some other equally good measure is not passed this session "this administration will meet the opponents of this measure in the State of Washington in the month of September, 1910. This fight is going to be kept up until one side or the other is trounced to a finish."

### WILL BUILD MISSING LINK

**Hill Starts Work on Connecting Line in Wyoming.**

DENVER, Feb. 19.—The Times today says: Construction work to connect the Colorado & Southern and the Burlington railroads in Wyoming to form the coast-to-coast route is to begin at once. Grand outfits are being moved in, camps are being established and the engineering department of the Burlington has notified the local labor agents that from 1000 to 2000 men will be needed within the next two weeks. An order for about \$700,000 worth of steel rails has been placed with the Colorado Fuel & Iron Company.

### SUITS AGAINST "PICKETS"

**Bay City Employers Ask Relief From Molestation by Unions.**

SAN FRANCISCO, Feb. 19.—Two suits were filed today by Hugh Fenell, attorney at law.

**EARLY SETTLER OF PACIFIC COUNTY DIES.**

**Mrs. Mary A. Green, Deceased.**

RAYMOND, Wash., Feb. 17.—(Special).—Mrs. Mary A. Green, a prominent pioneer of Pacific County, died Sunday morning of pneumonia at the home in this city. Mrs. Green was born in Savannah, Ill., January 17, 1841. Her mother died when she was four years old. She was one of four children who crossed the plains in a wagon with their father, John Parker, arriving in this county in 1859. Mr. Parker soon purchased land which is now part of the City of Raymond, afterward moving to Bruceport.

Mrs. Green was married to Clarence E. Green in March, 1882. One child, Beale, was born to them. Deceased was a member of the Episcopal church, a communicant, and of South Bend Chapter, Eastern Star. She is survived by her husband, who for 30 years has been a well-known marine engineer; her daughter, Mrs. P. W. Culver, of this city; a sister, Mrs. Annie Nelson, of Craterville; and a brother, Captain Thomas Parker, of the Columbia River.

### Settle Fight Next Week.

The outlook for the settlement of the local option issue next week, by the proposal of still another bill, will occupy a middle ground between the two opposing forces. This bill, it is expected, will contain the anti provisions of the Nichols bill and many of the enforcement provisions of the Anti-Saloon League bill, but it will be drawn with the purpose of avoiding the charge that it is either an Anti-Saloon League or a saloon bill.

The House gave an exhibition today of its debating proclivities when it spent the entire day quarrelling over the provisions of a bill re-framing the State Board of Medical Examiners. Charges made earlier in the session against members of the present board of improper acceptance of money from candidates for admission to the profession and the travel of physicians was not repeated, but the bill was characterized by its enemies as designed to perpetuate a medical trust.

An attempt to incorporate reciprocity between this state and others in the honoring of diplomas caused most of the discussion. Beach, of Mason, fought the provision on the ground that travel of physicians was to the West and not to the East. He claimed that most of the physicians coming to this state were superannuated doctors who were engaged in the practice and should be re-examined. The reciprocity amendment was finally defeated by one majority and the bill carried. The principal change is to give the osteopaths representation on the board.

**Equal Suffrage Row Due.**

Equal suffrage, which has passed the House, will come up in the Senate Tuesday, and it is now claimed that 31 Senators or more than the necessary two-thirds are pledged to support it. One of the principal advocates left tonight for her home in Spokane, in the belief that the fight is won.

The criminal code will also be presented in the form of a bill Tuesday by the sub-judiciary committee that has been going over the recommendations of the code commission. The principal change made has been to cut out the most stringent provisions of the "newspaper law" section. The bill will not prohibit the publication of the details of homicides, as recommended by the commission.

The school code and the omnibus appropriation bill will occupy a large amount of the attention in the next 20 days of the session, with the possibility, however, that the school code will be indefinitely postponed next week. It has numerous active enemies.

Revision of the game laws will also receive a large amount of legislative consideration.

**Child Drowns in Spring.**

HUGENE, Or., Feb. 19.—(Special).—Erect, the 3-year-old son of Mr. and Mrs. Roseburg child has three living great grandparents.

### OLYMPIA SOLONS TAKE BRIEF REST

**Having Passed 13 Bills in 40 Days, Legislators Agree to Celebrate Holiday.**

Olympia, Wash., Feb. 19.—(Special).—With 40 of the 90-day session gone, the Washington Legislature has enacted 13 bills into laws. In spite of the backward character of the legislative work both houses today adjourned until Tuesday morning. A minority in both branches desired to continue at work tomorrow, but the majority ruled otherwise and as Monday is a legal holiday the adjournment was for three days. Practically all the important bills before the Legislature are yet to be enacted. This condition has been brought about largely by three causes, the absorbing character of the local option fight, the tendency to adjourn on slight provocation, and the disposition to engage in lengthy debates over minor measures.

The local option fight is far from settled. After occupying for two days at the Nichols bill and many of the enforcement provisions of the Anti-Saloon League bill, but it will be drawn with the purpose of avoiding the charge that it is either an Anti-Saloon League or a saloon bill.

The House gave an exhibition today of its debating proclivities when it spent the entire day quarrelling over the provisions of a bill re-framing the State Board of Medical Examiners. **Child Drowns in Spring.**

HUGENE, Or., Feb. 19.—(Special).—Erect, the 3-year-old son of Mr. and Mrs. Roseburg child has three living great grandparents.

Samuel Reinsel, of the McKenzie Valley, was drowned in a spring yesterday afternoon. The child had gone to the spring to dig up water with a small bucket, and fell in head first. As he had been in the water some time before being discovered, all efforts to restore life were futile.

### FUNERAL OF MRS. HIXON

**Vancouver Woman Was Prominent Worker in Eastern Star.**

The funeral services over the remains of Mrs. Sarah Amelia Hixon took place yesterday afternoon at the Portland Crematorium. Mrs. Hixon was born in Wells County, Ontario, on August 2, 1858, and was married to Dr. E. F. Hixon June 24, 1888. Dr. and Mrs. Hixon removed to Vancouver, Wash., in 1889, where they resided continuously during the past 20 years.

Mrs. Hixon was a very charming woman and took a very active part in the Eastern Star since its organization in Vancouver, and no Masonic celebration or function took place in Vancouver without her contributing in some way to its success.

A special car from Vancouver brought over a large number of members of the Eastern Star and prominent Masons to pay their last respects to the memory of the late Mrs. Hixon, who has always been regarded as one of Vancouver's most representative women.

### JAPAN IS LIBERAL TO SEATTLE FAIR

**Island Kingdom Will Make Comprehensive Exhibit at Exposition.**

**HON. T. TAKESAWA ARRIVES**

**Says Anti-Japanese Agitation in California Has Not Affected Desire of His People to Be Represented Here.**

SEATTLE, Wash., Feb. 19.—(Special).—Declaring that at no time have plans for participation by Japan in the A.-Y.-P. Exposition been brighter, and that the exhibits already arranged for shipment to Seattle will constitute the most comprehensive view of the nation's social and commercial importance ever gathered, Hon. T. Takesawa, government commissioner for the Exposition and representative of the Japanese Exhibition Society, arrived in Seattle today aboard the Nippon Yusen Kaisha liner Tango Maru. Commissioner Takesawa came to take personal charge of the erecting of the Japanese building at the grounds and remain in Seattle during the Exposition.

The Japanese exhibit will be one of the first to be completed. Concerning reports that there was dissatisfaction in parts of Japan over attempted anti-Japanese legislation in California, that might interfere with patronage of the exposition, Commissioner Takesawa said:

"I attach not the least importance to the newspaper tales from Tokio, notwithstanding that some antagonistic sentiment may exist at Asakaga. That place is but a small city 30 miles from Tokio, and its place has no commercial importance, nor had we at any time anticipated that it would furnish an exhibit."

The commissioner's statement that every plan for the Japanese exhibit calls for the opening of their building several days before the regular opening.

"Our exhibit will be shipped to Seattle early in March," said Takesawa today. "An outlay of 200,000 yen will be spent on plans now completed. Of this amount one-half was contributed by the government and the other half by the people."

**Kerns of Idaho Sees Arm of Octopus Reaching Among Solons.**

BOISE, Idaho, Feb. 19.—(Special).—By requesting and securing unanimous consent of the Senate to amend his employer's liability bill by striking out an entire section relating to damages for employees from illness from lead poisoning, or damages for his dependents in case of his death, Senator Kerns admitted partial defeat of the object of the bill and charged that the lead trust was responsible. For several weeks, said Kerns, the lead trust had two agents in Boise, lobbying against the bill, and had succeeded in having it held up in the House. Rather than sacrifice the remainder of the bill, Kerns decided the better way would be to omit the sick clause, which would strengthen the chances for passage of the measure when it came up for second reading.

The MacBeth bill to provide that no wholesale liquor firm shall have any connection with more than one retail license, that no wholesale firm shall rent a room to others for more than one saloon, was strongly opposed by Hunt, who said the clause relating to the latter feature was amended by consultation with Kerns and that it was not just. The bill was passed with only Hunt voting against it.

torney for the Citizens Alliance, to present the plea of innocent and blameless labor unions. The complainants are Ernest Henley, a restaurant proprietor, and Fred Young, a barber. In order to avoid a recent ruling of Judge Stawell that an unincorporated body, such as a labor union, cannot be sued, the actions were brought on John Doe warrants.

Superior Judge Trent in a similar suit today brought by Wolf Baron, a tailor, granted an injunction forbidding the men who have been patrolling in front of the store from interfering with his strikebreaking employees.

### Public Speaker

Advices Postum Instead of Coffee.

Some people think they must have a cup of coffee or tea before attempting any special work, some want it afterwards.

The same harmful effects of the coffee poison—caffeine—are sooner or later made manifest in either case.

"As a public speaker," writes a Postum man, "I had been in the habit of drinking a cup of coffee after my evening's work."

"My nights were formerly always restless, or when I did sleep I would awake with a heavy dull feeling and every movement became an effort." (Reaction of the coffee-poison.) "My nervous system eventually became so unstrung that I was obliged to place myself under the care of a physician."

"The doctor advised me to give up coffee and drink Postum, which I did. Postum not only assures me a good night's sleep but nourishes the system. I have used it for a year and have taken great pleasure in inducing several families in our neighborhood to use Postum instead of coffee."

"One neighbor, a high-strung, nervous woman who had drunk coffee all her life, frequently had attacks of stomach trouble from which she suffered untold agonies. Since she dropped coffee and has been drinking Postum she is in the best of health."

"A young man who had been used to coffee three times a day, found his nervous system calling for something stronger. He resolutely used spirituous liquors and was on the down grade."

"He finally decided to stop coffee and alcoholic beverages and drink Postum. Not being made right at first, he did not like it, but when I showed him how to make it—boil it 15 minutes, he liked it."

"This young man is now prosperous, healthy, and of good habits. He believes Postum saved him from becoming a drunkard."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pgs. "There's a Reason."

### Discusses Garbage Problem

Speakers on East Side Disagree as to Remedy.

C. L. Daggett, superintendent of the Portland garbage crematory, in speaking before the North East Side Improvement Association last night, declared that the present crematory could not stand more than a few months; that it appeared on the verge of collapse and something must be done at once. He suggested that garbage be collected by streetcars specially designed for the purpose, removed from the city and incinerated at points outside the city limits.

M. G. Munnely spoke at length favoring the city letting a contract to private parties to take care of all garbage, and expressed the belief that it could be done that way better than if handled by the city, for a private company could make profit out of the by-products. John T. Whalley supported this view, and others opposed on the grounds that it would result in heavy taxation. Councilman Menefee said two propositions were pending, one for a bond issue and one to let out contract to private parties to take care of the garbage. All were opposed to building garbage plants inside the city.

Mr. Daggett agreed such incinerators were an ideal idea, but he proposed to discuss the question and report at the next meeting.

### Plans for New Presbyterian Church.

At a meeting of residents of Rose City Park and Rossmore, held last night at the home of A. V. Beasley, 1235 Hancock street, plans were discussed for the establishment of a Presbyterian congregation in that district. It is intended to purchase a quarter block at the corner of East 15th and Fulton streets and later erect a church building. Rev. Griswold, representing the Home Missionary Board of the Portland Presbytery, was present and presided at the meeting. The following officers were elected: President, L. E. Curtis; Secretary, O. F. Cady; Treasurer, A. V. Beasley. Another meeting will be held Friday night, February 25, to complete the plans for the new congregation.
