WASHINGTON, Feb. 25-"During the WASHINGTON, Feb. 2.—"During the day," said Senator Carter, of Montana, in discussing the Forestry Service, in connection with the Agricultural appropriation bill today, "I have heard it noised about that a conspiracy had been formed here to reduce the amount of this forestry item. The employment of that term as applied to the action of the Senate in seeking to correct an appropriation which seems too large is a fit example of the manner in which all persons are which seems too large is a fit example of the manner in which all persons are treated in and out of this chamber when they exhibit the temerity to object to appropriations for the Forestry Service.

Mr. Carter called attention to the estimated deficit in the public revenues next year of \$120,000,000 and declared:

"We will diminish appropriations or increase taxation, and any person, in the presence of this great situation confronting the Government, is guilty of supreme imperthence, if in the employ of the Government, to suggest that s Senator bent upon reducing appro-priations is engaged in a 'conspiracy.'

#### Pays Respects to Press.

"I will comment on these expenditures although I well know that 500 facile pens will be set in motion and men will be sticking type all over this country tonight resenting ordinary criticism as hostility to the preservation of the forests. I make this prediction in respect to the press because that has been the experience in the past. "Radia Thor," a Product of Colorado Pitch Blende, Said to Have Some Powers.

NEW ORLEANS, Feb. 25 .- At last night's session of the Southern Homeopathic Medical Association, Dr. E. H. Balley, of the Hahneman Medical Collge, Chicago, announced the discovery of "radia thor," declared to have all the properties of radium without its baneful effects, and to be within the reach of people of moderate means. It was discovered as being made from a certain species of pitch blende, of which 26 tons have been discovered near a Colorado mine, with much more in sight. Dr. Halley declared that it generates the purple ray which Finsen used so successfully in the treatment of lupus.

Are Closely Watched.

CATHLAMET, Wash., Feb. 25 .- (Spe cial.)-The following jury was secured at 6:20 tonight for the trial of Dr. Fred Peacock, charged with manslaughter: E. W. Anderson, Peter Gleive, H. Klimp, John Voldt, John E. Rull, J. H. Erp, John Davis, Alfred Holden, F. S. Strait, J. W. Davis, Afried Holden, F. S. Strait, J. W. Sulck, Oscar Lautschirger, Alex. Moe. The jury was obtained out of the open venire which Judge Wright ordered Sheriff Butler to get from the western end of the county. With an assistant the Sheriff went down the river last night The Judge directed him to return by 1

'clock today, but he did not arrive until It was from this second venire that the It was from this second venire that the jury was finally secured. The state exacted three peremptory challenges, the defense six and the Judge had himsels to dismiss one of the jurors from the panel. His name was Jack Peterson. In splie of the fact that he had admitted during the examination by Autorney Malarkey that his wife was to be a witness in Dr. Peacock's behalf, he contended he could

Peacock's behalf, he contended he coul sit on the jury and render a verdict. Not until Judge Wright compelled him to ad-mit that if a witness told one story and his wife another, he would believe his wife, would be admit his ineligibility to serve. The Judge thereupon dismissed Peterson from the panel.

Defense Springs Scusation.

The prosecution exhausted its first peremptory challenge on W. A. Houchen and its last on D. W. Welcome. The jury is ready and the first witnesses will be examined in the morning. Attorney Malarkey for the prosecution and John Mainracy for the prosecution and John Mainring for the defense hope that in view of the fact that there are but few witnesses to be examined, the case will go to the jury by Saturday afternoon.

The revelation which followed the examination of Warren Messenger, is a sample of the difficulty both sides experienced in selecting a jury. Messenger had been summoned on the regular panel and he had been successfully passed by At-torney Malarkey. When he was turned over to Attorney John Manuing, who is defending Dr. Peacock, it developed that Messenger and a man named Guy Mor-row, his flahing partner, had taken Madetime Longtain out on the river several times with them on the fishing trips last Summer. Messenger also admitted, when hard-pressed by Attorney Manning, that he had discussed the merits of the case with Morrow since he had been summoned on the jury. He was dismissed from the jury and at once made a wit-ness for the defense.

#### Mrs. Longtain Watched.

In spite of the fact that the trial is progressing quietly, there is a strong undercurrent of feeling both for Dr. Pea-cock and against him. The attorneys on both sides are moving cautiously and the closest kind of a watch is being kept over any one thought to have anything to do with the trial. There are several Portland detectives here, and Judge Rice has warned the bailiffs to guard with special care the jurors that have been sworn. They are locked up together to-

Attorney Manning and J. Bruce Pol-warth, who are defending Dr. Peacock, are also keeping a close watch on Mrs. Longtain. Whether they fear she may again attempt the life of Dr. Peacock, or whether they are taking the steps as a precautionary measure, they refuse to say. Friends of Dr. Peacock openly say that Mrs. Longtain would not have atthat Mrs. Longinin would not have at-tempted to kill him had not she been goaded into the act by enemies of the de-fendant. It is even intimated that some-one gave Mrs. Longitain the weapon with which she did the shooting, and that there are others who would furnish another weapon if she was desirous of making another attempt upon the life of Dr. Peacock.

Dr. Peacpek.

The whole story is a nasty one and it means before the trial is ended there will be the washing of lots of dirty linen. the dead Madeline Longtain will be dragged still deeper in the mud than it has been already. Politics and religion will also be dragged into the case, for Dr. Peacock's friends claim his fight to the case, but the selection bere and the light or the selection bere and the light of the selection of the light of the selection between the selection of for Dr. Peacock's triends claim as light on the salcons here and the liquor question throughout the county, is responsible for a great deal of the bitterness against him. On the other hand, the friends of Mr. and Mrs. Longtain allege that Dr. Peacock is guilty, not only of the death of the girl, but also of causing her downfell in the first instance, and they say his religion and his prohibition tendencies are only a blind.

### GAS ON THE STOMACH

The Experience of a Minneapolis Woman in Finding a Remedy for Indigestion.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a burning sensation in the stomach and a feeling as of weight on the chest Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom. The tonic treatment for stomach trouble is a comparatively new idea but it is sound in principle and shows satis factory results in cases where other treatment had failed.

Mrs. J. S. Wilder, a saleslady, of No. 338 Ninth street, S. E., Minneapolis, Minn, found no relief from stomach trouble until she tried Dr. Williams' Pink Pills. Speaking of her case, Mrs.
