tured today. He made an attempt to stab a woman on the Friedrich Strasse, one of the crowded shopping streets of the city. The clothing of his intended victim was cut, but she herself suffered no harm. The woman screamed and her assailant fled into a house on an adjoining street, where he was seized by a policeman. He is a young man but he has not yet been identified.

Today's attempt was the 35th "ripper" case since the beginning of the outrages. The descriptions of the assailants do not agree, and it is believed that various men have been engaged in the work. There has been a state of terror among the women of Berlin, many servants refusing to go on the streets alone after nightfall. The police have had special detectives dressed up as women and saunter through the streets inviting attack. The assaults have been made by day as well as at night, and in halls and stairways of houses. The assailant would approach his victim quietly, strike at her swiftly with a sharp stiletto and make his escape during the ensuing confusion.

As the result of inquiries concerning the man arrested the police subsequently doubted his identity with the perpetrator of the many assaults.

MAY EXPUNGE ALL OF COOK'S ABUSE

House Names Committee on Coloradoan's Attack on Roosevelt.

NO STEEL MERGER INQUIRY

Wreck of Maine Not to Be Raised and Increase of Canal Bonds Forbidden—Angry Words Spoken at Long Night Session.

WASH. FEB. 26.—After dragging along for a week, the sundry civil appropriation bill, carrying \$137,000,000, was passed by the House today with many material amendments. The debate at times was very warm.

A rule brought in by Dabzell, making it in order for a majority to pass a bill under suspension of the rules instead of two-thirds, aroused the Democrats under the leadership of Williams to criticize the appropriations committee for not affording more time to study supply bills. This led to an incipient filibuster.

MAY EXPUNGE COOK'S SPEECH.

A resolution was adopted appointing a committee of five to report whether or not the remarks of Cook of Colorado, delivered yesterday, attacking the president, should be expunged from the record. The ship subsidy bill was reported, the conference reports on the penal code and the diplomatic and consular appropriation bills were presented, the conference reports on the District of Columbia and the Indian appropriation bills were agreed on, and the naval appropriation bill again was returned to conference. Almost the first subject to occupy the attention of the House was the speech made yesterday by Cook of Colorado, attacking the president. Tawney of Minnesota offered a resolution calling for the appointment of a committee of five to make investigations and report as to the advisability of expunging the words from the record.

CALLS IT PRESS CENSORSHIP.

Fitzgerald of New York and Clark of Missouri argued that the resolution was not privileged. Clark maintained that a dangerous precedent was being established, and he charged that the resolution was simply the establishing of a press censorship in the House. The resolution was adopted by viva voce vote and the speaker announced the following as the committee to conduct the investigation: Manning of Illinois, Perkins of New York, in absence of Vermont, Clayton of Alabama and Howard of Georgia.

WILL NOT CENSURE ROOSEVELT.

Consideration of the sundry civil appropriation bill having been resumed, an amendment by Bartlett of Georgia directing the Attorney-General to prosecute the United States Steel Corporation for absorbing the Tennessee Coal and Iron Company and appropriating \$50,000 for that purpose, was ruled out of order on a point of order by Tawney. A similar amendment offered by Hitchcock of Nebraska was held to be in proper form and a point of order against it by Tawney was overruled. The amendment was lost, 81 to 113.

The provision to pay the Catholic Church in Porto Rico \$120,000 in settlement of all property matters in dispute between the church and the United States was stricken out on a point of order by Garrett of Tennessee. On a similar point by Douglas, of Ohio, the paragraph authorizing proposals for raising the battleship Maine in Havana harbor went out of the bill against the appeal of Sumner, of New York. Sumner said it was a National disgrace to continue to allow the wreck to remain and not to take out the 62 bodies from the hull.

CUTS DOWN CANAL ALLOWANCE.

When the provision relating to the Isthmian Canal Commission was reached, an amendment by Fitzgerald, of New York, cutting down the salary of Secretary Bishop from \$10,000 to \$6,000 per annum, was adopted. Fitzgerald said Mr. Bishop was provided with an \$11,000 home, a horse and carriage and a coachman, and declared \$6,000 salary was enough.

The clause authorizing an increase in the amount of Panama Canal bonds from \$122,000,000 to \$150,000,000 under the act of June 28, 1902, went out on a point of order by Fitzgerald. The prohibition against the further payment of allow-

ances for longevity service lay-over days to canal employees caused a breezy debate, but all efforts to strike it from the bill failed.

NIGHT SESSION RASPS TEMPER.

The Democratic filibuster inaugurated last night greatly irritated Tawney, and the result was frequent clashes. As the hours dragged on, the tired lawmakers lost some of their self-restraint, and bitter personalities were slung. When Tawney's temper was referred to by Beal, of Texas, Mann, of Illinois, suggested that Tawney's temper might be improved if the "gentleman from Texas would improve his manners."

"To copy those of the gentleman from Illinois," was the hot retort, "would make of myself a clown." Mann, of Tennessee, also took offense at Tawney, and announced that he would stand the "snarls and howls of the gentleman" but little longer. A sharp passage occurred late in the night between Tawney and John Sharp Williams, of Mississippi, former minority leader, when the former declared that he was not trying to protect the gentleman from making a speech, but from making an exhibition of himself. Williams responded in kind, stating that if he were making such a great exhibition of himself, he would naturally do so of himself, he would feel safer for himself than he did then. Williams was about to state that he had been proceeding in the best of good humor when a demand for the regular order cut him off.

The records of the regular stenographic reports show that the aggregate of the remarks made during the day's session exceeded those of any day during the last quarter of a century.

LIMITS PRESIDENT'S POWER

Congress Will Allow No Ambassadors Without Its Consent.

WASHINGTON, Feb. 26.—The provision in the diplomatic and consular appropriation bill that no ambassadorship shall be created unless it has been provided for by Congress has been agreed to by the amendments was reported today and adopted by both houses.

BLIND OCTOGENARIAN WED

MARRIES YOUNG WOMAN FROM CHICAGO.

Captain Vallette, of Long Beach, Takes Family Friend as Mate for Closing Days of Life.

LONG BEACH, Cal., Feb. 26.—(Special.)—Announcement today of the marriage last night of Miss Eleanor H. Anderson, aged 25, and Captain Henry F. Vallette, aged 85, totally blind and almost helpless, has caused a sensation.

The bride not long ago came from Chicago with her mother, who has a home here, and the groom was for 30 years a prominent attorney here.

He has resided here six years with a daughter, and is considered wealthy and has a heavy pension. Recently Vallette's daughter and her husband went on a tour, and during their absence Mrs. Anderson and her daughter took care of the home and the old man. The young lady read the papers to him, showed him many attentions, and a romance quickly developed.

The result was a marriage license and a call on Rev. J. Lewis Smith, who tied the knot. The strangely mated pair is passing their honeymoon at home. The groom's daughter and her husband were shocked when they returned this evening and heard the news.

WILL CALL SUGAR KINGS

Defense in Weighing Fraud Case Nearly Finished.

NEW YORK, Feb. 26.—Counsel for the defense in the case of the American Sugar Refining Company, charged with misweighing imports, stated at the hearing today that they would complete their case in about ten days.

They also said they would call as witnesses President W. B. Thomas of the sugar company, and John E. Parsons, one of the company's directors.

Vancouver Eagles to Build.

VANCOUVER, Wash., Feb. 26.—(Special.)—A building to cost \$100,000 is to be built by Columbia Aerie, No. 231, Fraternal Order of Eagles of this city, at the corner of Main and Fourth streets. Plans and specifications for the new building have been called for and it is expected that the contract will be let soon.

There are Little Soldiers in Your Blood

They are the white corpuscles, and there are millions of them.

It is their duty to defend you against disease, by protecting the red corpuscles and the bodily tissues from disease germs—those dangerous micro-organisms of which so much is now known.

You are helpless unless these little soldiers in your blood have the health and strength to fight for you—to repel the many infectious and contagious diseases whose germs are in the air you breathe, the water you drink, the food you eat, and on things you touch.

Among these diseases are typhoid fever, scarlet fever, diphtheria, grip, spotted fever, smallpox, malaria, ague, tuberculosis or consumption.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does. It is the best preventive as well as curative medicine.

If your blood is impure and impoverished, a condition indicated by eruptions, scrofula, eczema, catarrh, rheumatism, anemia, nervousness, tired, languid feelings, loss of appetite, general debility, then the soldiers in your blood are not in condition to fight for you.

You need better health and greater strength. You should begin taking Hood's Sarsaparilla at once.

Hood's Sarsaparilla effects its wonderful cures not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination.

These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today. Get in the usual liquid form or in chocolate tablets known as Sarsentabs. 100 Doses One Dollar.
