

YOUNG'S CHANGES GROW SMALLER

Senate Again Refuses to Give Time When Fulton Opposes Action.

BOURNE ADMITS DEFEAT

Appalled by Fulton's Threatened Long Array of Facts, Senate Replaces Appointment on Shelf Despite Protest.

OREGONIAN NEWS BUREAU, Washington, March 2.—John C. Young got another black eye in the Senate this evening. Once more, on Fulton's objection, the Senate refused to consider Mr. Young's nomination. When the Senate went into executive session Bourne called up the Portland postoffice case and asked for a vote. Fulton again said he could not consent to a vote until he had laid before the Senate a large array of facts appertaining to Mr. Young, which he has gathered with much care.

ASK TAFT TO NAME FULTON

Hawley and Ellis Hear Him Praise Oregon Senator.

OREGONIAN NEWS BUREAU, Washington, March 2.—Representatives Ellis and Hawley called upon President-elect Taft this afternoon to urge the appointment of Senator Fulton to the new Oregon judgeship. Mr. Taft told them he would make no judicial or other appointments until after Congress meets on March 15. He, however, spoke very highly of Mr. Fulton, and let it be known that both he and his friends looked upon the retiring Oregon Senator as a lawyer of exceptional ability.

FINCHOT CONFESSES ERROR

Will Publish Statement in Favor of Lumber Duty.

OREGONIAN NEWS BUREAU, Washington, March 2.—Justice Stephen A. Finchet yesterday made public a statement advocating the retention of the duty on lumber at \$2 per thousand feet. This is the direct opposite of the position he has heretofore taken, but since the arrival of the lumber delegation in Washington he has been convinced of the error of his original position and is frank enough to confess his error. His statement will follow the lines of a statement he made in the Senate and means committee several days ago.

JUDGE LOWELL IS CANDIDATE

Will Be Fulton's Rival for New Federal Judgeship.

OREGONIAN NEWS BUREAU, Washington, March 2.—Judge Stephen A. Lowell, of Pendleton, has announced himself as a candidate for the new Federal judgeship in Oregon. In view of his attitude in late primary elections, only a few of the delegation will be Senator Chamberlain and possibly Senator Bourne.

DECIDES ON LUMBER DUTY

Committee Will Make No Reduction on High Grades.

OREGONIAN NEWS BUREAU, Washington, March 2.—The ways and means committee of the House has voted to retain the duty on high grades of lumber, as in the Dingley law, making a reduction solely on rough lumber, which, as heretofore stated, is a cut to one dollar.

Cruisers to Visit Seattle.

OREGONIAN NEWS BUREAU, Washington, March 2.—Senator Pillsbury today received assurance from the Navy Department that eight cruisers of the Pacific fleet will be in Seattle during the opening week of the W-P exposition.

LID PUT ON IN PETALUMA

Liquor-Selling and Phonograph-Playing Banned on Sunday.

PETALUMA, Cal., March 2.—The city trustees put the lid on this town today, at least so far as Sunday is concerned, by the adoption of an ordinance which ordered all saloons closed from midnight Saturday until Monday morning, and prohibited the playing of phonographs and "other noise-making machines" on the Sabbath. A proposal that the theaters be closed on Sunday was voted down.

WALPOLES GO BEFORE JURY

Testify Against Kienlen and Moral Squad.

Mr. and Mrs. Frank Walpole, of 299 Everett street, who were recently unceremoniously aroused from their slumbers by Detective Kienlen and forced to produce evidence that they are married, were before the grand jury yesterday to testify regarding their treatment. Subpoenas were also issued for Mr. and Mrs. James Madison who live in the same house.

Walpole said yesterday that he be-

lieves Detective Kienlen raided the apartment-house upon information given Captain Slover by the Madisons. He and his wife told reporters after they had been examined by the grand jury that Kienlen was not satisfied with awaking them at an early hour in the morning, but also insisted upon inspecting the room of Miss Lena Schoette, calling for her marriage license, and vainly searching her sleeping room for a male companion.

SPERRY LEAVES COMMAND

ADMIRAL GOES TO NAVAL COLLEGE FOR TIME.

Transfer Is at Own Request, and Officer Is Succeeded by Rear-Admiral Schroeder.

WASHINGTON, March 2.—Rear-Admiral Charles Sperry today made formal application to be relieved from duty as commander-in-chief of the Atlantic battleship fleet, and Rear-Admiral Seaton Schroeder has been appointed in his place.

Admiral Sperry was tendered the presidency of the Naval War College, but declined the position, indicating his preference for subordinate duty there.

Rear-Admiral Richard Wainwright will retain command of the second division of the fleet. Rear-Admiral William T. Potter is transferred from command of the fourth division to command the third division, formerly in charge of Rear-Admiral Schroeder.

Rear-Admiral Edward Barry, who has been supervisor of naval auxiliaries at New York, has been appointed commander of the fourth division.

Admiral Sperry will haul down his flag as commander-in-chief on the 8th instant, when Admiral Schroeder will assume command. The impression is that the latter's tenure will be but temporary, and that before the summer is over he will turn over the command to Admiral Wainwright.

Admiral Sperry is thoroughly conversant with the duties at the Naval War College, he having acted at one time as its president, so that his work there with Admiral Merrill will be congenial.

The battleship Illinois is soon to go into reserve at the League-Island Navy-yard, and it is expected that her captain, J. D. Boyer, will be assigned to the Rhode Island, or the Kansas.

Tomorrow the Navy Department will make public a letter from President Roosevelt to Admiral Sperry commending the splendid achievements of the fleet on its world cruise.

"FOLLY TO DIVIDE BIG FLEET"

Roosevelt So Characterizes Plan to Send Some Ships to Pacific.

NEW YORK, March 2.—President Roosevelt has addressed the following telegram to General Horace Porter, president of the Navy League, in connection with the part the league took in the recent reception of the returning battleship fleet at Hampton Roads:

"The return of the fleet in even better condition than when it sailed after a voyage literally unprecedented must be a matter of just pride to every patriotic American. I wish all success to the Navy League, that it will work successfully for the creation of a public sentiment which will insist that the governmental representatives of the public in both legislative and executive departments build up the Navy and keep it at the highest point of efficiency."

"We need a thorough understanding by the public on an American naval policy, which elevating knowledge as well as pride in the fleet, will divide the fleet between the Atlantic and the Pacific and will condemn without reserve those short-sighted men who oppose the Navy and the security of our shores, and seek to make us build only small ships of an out-growth type."

VESSELS LEAVE FOR SOUTH

Arnold's Squadron Sails for Regular Target Practice Off Cuba.

NORFOLK, Va., March 2.—The battleship Maine, flying the pennant of Rear Admiral Arnold, the New Hampshire, the Missouri and the cruiser North Carolina, of the third squadron of the Atlantic Fleet, passed out of the Chesapeake last night for Guantanamo, Cuba, for regular Spring target practice. The battleship Nebraska passed out today bound for New York.

Admiral Farragut's famous old flagship Hartford and the auxiliaries Dixie and Prairie sailed for Washington, carrying to the National Capital the sailors from the Sperry squadron who are to march in the inaugural parade. The Idaho, now repairing at Philadelphia, will join the Arnold squadron in Cuba.

INDIANS HAVE DIPHTHERIA

Red Men on Spokane Reservation Suffering With Disease.

SPOKANE, Wash., March 2.—(Special.)—An epidemic of diphtheria has broken out among the Indians on the Spokane reservation, according to word sent to this city by Colonel Foster, the Indian agent at Port Spokane.

The agent also reports that many of the Indians have fled from the reservation and may come into Spokane.

The police have been asked to round up all the reds found in the city and have them sent back immediately. The matter was referred to the Board of Health and the board instructed the police department to keep a strict watch over the Indians and to immediately report any case of sickness among them.

prominent society women of Washington. While the cost of the string of diamonds is unknown, some estimate its value may be obtained from the knowledge that the contributions ranged from \$50 to \$500 from each of the 35 donors. The center diamond weighed two karats, and the other 24 are graduated down to quarter-karat diamonds at either side of the small clasp. The luminosity of the necklace is heightened by a platinum rim.

BONAPARTE FORBIDS BRIDGE

SANGUINARY ENCOUNTER SOON EXPECTED.

Nicholas Longworth Objects to Former's Orders to Wife, and Retaliation Is Threatened.

WASHINGTON, March 2.—Official Washington, or at least the social part of it, is looking forward to the days immediately following March 4 with considerable interest. There is a general feeling that a duel or some other equally sanguinary affair may come off then. The principals in this expected encounter are no others than Nicholas Longworth and Jerome Bonaparte, and the story leading up to the "affair" is as follows:

This winter, as everybody knows, at the smartest balls and cotillions it has been the custom to set aside a room for bridge, a wise and considerate innovation, since a number of both men and women who attend these functions, especially the chaperons, who are little enough considered, do not care to dance.

Mrs. Longworth, always keen after the latest fad, decided to institute this practice, and so at the last german she started a game of bridge. It seems some of the men on the committee objected. Jerome Bonaparte, great-grandson of Jerome Bonaparte, King of Westphalia, and therefore great-grand-nephew of Napoleon, giving himself royal airs which he occasionally assumes, approached Mrs. Longworth and informed her, as a member of the committee, that the game of bridge was a blanket-blank. Now, you are a lady, and you got to say about that?

"I will settle that with you after the fourth of March," said Mr. Bonaparte, as he turned on his heel.

Now society is asking why he should wait until after the fourth of March. Why the affair should not have been settled immediately, is the question. The occurrence has been discussed from every point of view, some siding with Mr. Bonaparte in the course he took, others upholding Mrs. Longworth and everybody applauding "tick."

TARIFF REFORMER WINS

By-Election in England Goes Against the Government.

LONDON, March 2.—The government suffered an electoral defeat in the by-election today for a member of the House of Commons for the central division of Glasgow. Gibson Bowles, Liberal freetrader, was defeated by Scott Dickson, Union tariff-reformer, by a majority of 3153.

BULLETIN

ONLY 301 LOTS ARE ALL WE HAVE IN GREGORY HEIGHTS

THERE WERE 960 LOTS IN THE ORIGINAL PLATTING

And ever since GREGORY HEIGHTS was first placed upon the market, they have been going like hot cakes. The fact of the matter is, people are coming to their senses. They are beginning to realize the fallacy of paying rent for a place that they might easily own. GREGORY has made it possible for more wage-earners to purchase their own homes than any other man who ever came to Portland. By his method of placing GREGORY HEIGHTS on the market at a small expense, eliminating expensive selling, he has been able to sell lots in GREGORY HEIGHTS for as low as \$100, only \$5 down and \$2.50 per month, or a home, built and ready to occupy for as little as \$10 a month. With GREGORY HEIGHTS the best located, most accessible and highest point in Portland, the wage-earner's opportunity is unexcelled. Hurry. There are only a few left.

cent rate between Chicago and East St. Louis. Judge Anderson ruled that the tariff could not be presented until the Government had shown that it was the rate published and filed with the Interstate Commerce Commission. The Government said the necessary proof would be presented later.

Judge Anderson formally sustained the motion of the defense that the Government proceed to trial on the theory that there were no alleged offenses—that is, that each settlement in which an alleged rebate was paid constituted a separate offense. The formal ruling was the same as was made by the court informally last week. Under it, it will be impossible to fine the company more than \$720,000.

BUFFALO, March 2.—The reduction of 10 per cent in the wages of every employe in the Lackawanna Steel Works took effect today. The Lackawanna is one of the largest independent concerns, and this is the first announcement of a cut in wages on the part of the independents since the war against the United States Steel Corporation began.
