

YOUNG CAN'T TELL SHOES OF MINTO

Sponsor Bourne Abandons Hope of Confirmation This Session.

SMALL CHANCE WITH TAFT

Reappointment Not Likely, for Taft Turns Down Opponents of His Nomination—Hitchcock Has Something to Say.

OREGONIAN NEWS BUREAU, Washington, March 3.—It is now conceded that John C. Young cannot be confirmed as postmaster at Portland, for Senator Fulton is constantly in the Senate ready to object if Bourne attempts to call up the nomination.

This being the situation, there is speculation whether Mr. Young will be re-nominated by President Taft. When Bourne was urging the postoffice committee to report Mr. Young's name, he said he had serious doubts whether Taft would re-nominate Mr. Young and for that reason he was doubly anxious for action this session.

Announcement was made by Mr. Taft last night that soon after March 4 he intended removing from office Collector of Customs Fowler in the late campaign and prior to the Chicago convention had been prominent in opposing him. Mr. Fowler and Mr. Young are on exactly the same footing and Mr. Taft has had his attention called to Mr. Young's famous letter to The Oregonian. Therefore it is considered probable that Mr. Taft will not be inclined to regard Mr. Young favorably.

POINDEXTER STILL NEUTRAL

New Congressman Not Committed to Join House Insurgents.

OREGONIAN NEWS BUREAU, Washington, March 3.—Representative-elect Miles Poindester of the Third Washington district arrived with his wife today. Though the House insurgents are counting on him to swell their ranks and join in the fight against Speaker Cannon and the House rules, Mr. Poindester is not committing himself in any way.

FRIEND OF THE AMERICAN GIRL ART STUDENT IN PARIS.

Mrs. Grace Whitney Hoff. NEW YORK, March 3.—(Special.)—Mrs. Grace Whitney Hoff is the friend of the American girl art student in Paris. Realizing the temptations and also the narrow restrictions of life in the French capital to those who had to manage an art education on small means, Mrs. Hoff helped two years ago to establish the Student Hostel on the Boulevard de la Chapelle, St. Michel and it is now a model home for American girls. The building was formerly a convent but was turned to its present use when from religious orders were driven from France. It had few American comforts, but many of these have been included in the system, the steam heating system as common in the states, but utterly unknown to any but the wealthiest residents of Paris. Two wings have been added to the original building and one of them is devoted to public baths. There are private baths, as well as dormitories as well as private rooms. Room and board may be had for \$4 to \$7 a week. Mrs. Hoff, who was formerly a Detroit woman but now makes her home in Paris, takes an active interest in the operation of the hostel.

HIGH PRAISE FOR SPERRY

PRESIDENT SENDS WARM PERSONAL LETTER.

WASHINGTON, March 3.—"Not a ship has had a scratch," says President Roosevelt in approving Admiral Sperry's command of the Atlantic fleet on its cruise. Secretary Newberry adds that the trip reflected on the entire Navy and Admiral Sperry, in acknowledgment pays tribute to his officers and men. The correspondence was made public today. President Roosevelt's letter to Admiral Sperry follows: "I desire to express my sincere and hearty approval of the manner in which you have exercised the command of the Atlantic fleet. You have brought it from our home coast on the Pacific westward around the world to our home coast on the Atlantic. Not a ship has had a scratch. The whole fleet is more effective than when it started. You have kept the ships separately and together, so well exercised that they have increased their efficiency in gunnery and in technical maneuvering. In gunnery and in technical maneuvering, you have shown real ability of an unusual kind in the way in which, in Australia and Japan, you have represented this Nation in what was, in effect, on one side, a great diplomatic mission. In addition, I want heartily to commend what you did on the National Coast Defense Board in 1906, where the work was of the very greatest importance. I also congratulate you upon the distinguished part you played, especially in connection with the work done in the discussion of the maritime law, in the second Peace Congress at The Hague in 1907. "In short, your career during my Administration has been such as to reflect honor upon the entire naval service."

Dolliver and Beveridge Champion Him and Bailey Gives His Eulogists Hard Dig—President's Salary \$75,000.

WASHINGTON, March 3.—The Democratic filibuster against the penal code bill in the Senate was ended today by an agreement eliminating the objectionable features authorizing the use of troops at election places and the measure was passed without actually changing the law now on the statute books.

The, Bailey resolution declaring the right of the Senate to demand papers and information from heads of departments was referred to a committee on the judiciary after an animated debate, during which Dolliver and Beveridge made a vigorous defense of the President.

The conference report of legislative, executive and judicial appropriation bill was agreed to. The conferees eliminated all salary increases in dispute, except that of the salary of the President, which was fixed at \$75,000, with \$25,000 additional for traveling expenses.

ROOSEVELT FINDS DEFENDERS.

Declaring that the adoption of the Bailey resolution would be construed as a rebuke to the President, Dolliver said he hoped that never again would the floors of Congress be used as arenas for disparagement of the motives of the chief executive.

Beveridge eulogized President Roosevelt at length. He likened Mr. Roosevelt to Washington, Jackson and Lincoln and declared that they had been vilified as had Mr. Roosevelt, and that the names of the traitors had been forgotten. He closed with the statement that Mr. Roosevelt had brought mightily and for the permanent welfare of all the people, regardless of creed or color.

Alldrich said he had no doubt about the rights of the Senate, but he believed it was desirable that an unequivocal declaration be made in the names of the members of Washington and Jackson, it is also true that it has forgotten some of those who delivered fulsome eulogies on them."

WASHINGTON, March 3.—The Appalachian White Sulphur Springs forest reserves bill was doomed in the Senate tonight.
