Will. ATTEND PARK MEETING.—The Park Board meeting this morning will be attended by delegates from many sections of the East Side, who will urge Commissioners to recommend the purchase of cer-tain park tracts. About 25 delegates will attend from the Keniiworth section to ask for a park in that part of the city. They will point out that a park may be had in the tract on the south side of Powell street, between Twenty-first and Twenty-sixth. Twenty-sixth; in the Smith tract, further eastward; and also the Mills property on the Powell Valley road and East Thirtysixth street is available. No one tract will be urged, but the Park Board will be asked to select the site that will harmonize with the general park plans. A delegation will be present from Waverly-Richmond to urge selection of a park of from six to ten acres adjoining this district on the East Side. An estimate of the cost per acre in all these tracts will be submitted, although the board has will be submitted, although the board has this data on most of the tracts. There will probably be other delegates from other sections for the same purpose.

Y. M. C. A. Boys' "Dollar Day."-In an endeavor to beat a previous world's record of raising \$200 in two weeks made record of raising \$200 in two weeks made in Omaha, 200 boys of the Portland Y. M. C. A. have been diligently canvassing their friends for the past week in an effort to raise \$20 apiece to provide the boys rooms in the new association building with steel lockers and new furniture. Up to tomorrow the boys are only allowed to apply to their own friends for assistance, but the whole of Saturday will be devoted to a great "round-up" when, with the boys divided into 12 teams, the whole city similarly being apportioned, any boy may work anywhere within his district. The day will be known as "Dollar Day" and every authorized collector will wear a white ribbon, insectibed over with the sign of the dollar and bearing the legend, "Dollar Day."

Hospital Orderly Arrested.—Fred Whalen, 21 years old, an orderly at the Good Samaritan Hospital, was arrested last night by Detectives Howell and Tichenor, at Fourth and Burnside streets, charged with larceny. Whalen is accused of stealing a gold watch yesterday from one of the nurses at the hospital. The young woman had put a gold watch on a table in one of the hospital wards while young woman had put a gold watch on a table in one of the hospital wards while waiting on a patient. While she was busy, Whalen was seen to sneak in and go out again and when the nurse returned, her watch was gone. Inasmuch as the watch was not her personal property but had been merely loaned to her by a relative, she was doubly grieved by the loss. She therefore reported the case at once to the police. at once to the police.

CREMICAL ENGINE TESTED.—The Volunteer Fire Company, of the Mount Scott district, made a thorough test of the new chemical fire engine, bought by popular subscription, Wednesday night. A large bonfire was built at Arieta and when it was burning well, the firemen extinguished it quickly. The firemen express satisfaction over the result of the test and are glad to have effective means for the protection of property. The engine cost \$750. Of this amount \$50 has been raised, leaving \$200 yet to be provided for. Some of this has been promised. For years the Mount Scott district has been without fire protection and houses usually burned to the ground, but with the new chemical engine, excellent protection will be afforded. \$2,500,000 Above Earnings.

"Into All the World," with numerous stereopticon illustrations of the schools and institutions established in foreign lands. For this occasion a picture specially prepared of the mission hospital given by Mrs. W. S. Ladd of this city to Corea, was thrown on the screen and explained. The picture was sent to Mrs. Ladd by Dr. J. Hunter Wells from Corea, and a slide was made from ft and given for the first time. It will henceforth be a part of the illustrations used in connection with the lecture.

Owing to the unavoidable delay caused Underground Tubes for Wires Will Cost Million-Paving Between Rails, Extensions and New

Equipment Heavy Tax.

Over and above all earnings of the Portland Railway, Light & Power Company, during the year 1909, about \$2,500,000 will be expended by the company on improvements to the facilities in this city and suburbs, according to President Range S. Loweign ing to President Benage S. Josselyn. The budget for the year has been prac-tically completed and it calls for the tically completed and it calls for the largest expenditures of any year in the history of the local electric corporation. Substantial improvements are promised that will do a great deal in bettering the service in all lines.

Perhaps the biggest single item is the construction of the underground conduit system throughout the business district. About \$1,000,000 will he

ness district. About \$1,000,000 will b expended on this work during 1909.
This work is already well along. New and expensive machinery will be installed in the Seventh and Alder streets substation in connection with

ment. It is proposed to park the street and make the paved roadway 30 feet wide. This will reduce materially the cost of this underground system.

The new building planned by the company to be nine stories high and to be erected over the substation plant at Seventh and Alder streets will be the improvement and be ample for all purposes. Division street extends through the center of the Seventh ward. All completed during the present year. It will cost about \$235,000.
Paving between tracks on existing lines and new lines throughout the city water mains and sewers are to be laid before the pavement is put down, if the improvement is ordered by the City Coun-

will cost over \$700,000. This is an improvement that is regarded by the company as a dead waste of money for no additional revenue is realized from the big expenditure. This work is required, however, by city ordinance. New cars required to keep pace with the growing trolley traffic here will cost a large sum, just how much has

not yet been determined because the number of cars needed has not yet Air brakes that have just been ordered to install in cars already in ordered to install in cars already in service throughout the system not now properly equipped, will cost \$27.809.

The biggest extension to the present trolley system of the company planned for the coming year is that to the Swift Packing Plant in the Peninsula district. This extension will be a mile and a half long and work will be companyed upon it as soon as the form

AUSTRIAN GASHES HIS THROAT WITH RAZOR.

Unable to Make Himself Understood. He Apparently Yields to Despondency.

Turned away from the police station because he could not make his wants understood, a man who gave the name of George Grabisch, 20 years of age, who said ...e is an Austrian, and whom the police believe to be demented, made a dramatic effort to commit suicide late yesterday afternoon on the sidewalk just outside the police station, by cutting his throat with a razor. That he failed to accomplish his purpose is no doubt due to the fact that Patrol Driver Venshies saw the attention

doubt due to the fact that Patrol Driver Venables saw the attempt and, shouting a warning cry which startled the man, rushed toward him to prevent the execution of the deed.

Grabisch drew the razor deroas his throat, threw it down on the sidewalk and started away. Patrol Driver Venables and Jailer Burke took the man into custody with the blood running from the gash in his neek. Dr man into custody with the blood running from the gash in his neck. Dr. Ziegler, the City Physician, was summoned and sewed up the wound. The would-be suicide could give no explanation of his act, either being unable to understand English or pretending that he did not. Falling to get the man to talk, the police locked him up pending an examination as to his sanity.

Just a few moments prior to cutting his throat, Grabisch had appeared at the station, saying in broken English: "Jali sleep." He repeated this phrase over and over again. Captain Moore tried to talk with him, but was unable to ascertain what he wanted. Believing he was destitute and wanted lodging for the night, Captain Moore oring for the night, Captain Moore or-dered Jailer Burke to search him, as is customary in such cases, and let him have a place in the City Jail for the

right.

Grabisch was found to have about \$2 in his pocket, and as the police do not accommodate lodgers unless they are totally without means of securing lodging elsewhere, Grabisch was asked to secure a lodging nearby. He seemed to understand, for he left the station and disappeared. As the incident which followed showed, he walked around the corner to a nearby hardware store on Third street and out of his meager supply of cash purchased a razor. He then returned to the front of the police stables and made the attempt to cut his stables and made the attempt to cut his
