HINGTON, March 7 .- As the ways and means committee will have the important duty of reporting the new tariff bill, there is keen rivalry among members of the House for appolniments to fill the three vacancies on the committee. The one vacancy in the Republican membership made by the retirement of Representative Bonynge of Colorado will in all probability be filled by a member from a Western state. Representative Howell, of Utah, Burke and Martin, of South Dakota, and Cush-man, of Washington, have been suggested.

Francis Burton Harrison, of New York, although having served only one term in Congress, is most prominently spoken of to fill the vacancy in the minority memto fill the vacancy in the minority mem-bership of the committee caused by the retirement of Representative Bourke Cockran, of New York. It is understood that Sereno E. Payne, chairman of the committee, favors Mr. Harrison's ap-pointment, but Champ Clark, minority leader, declares he will not consider com-mittee appointments until the field on arrested. mittee appointments until the fight on the rule shall have been settled.

WHEAT PIT HAS NO FEAR (Continued From First Page.)

the consumer. Last week's receipts at primary markets were about 50 per cent larger than those of a year ago.

James A. Patten, speaking of his big wheat deal, said:

"I have every confidence that the wheat market will go upward and that wheat will be selling at \$1.25 a bushel within a short time."

within a short time." "Do you control the market abso-lutely, as is claimed?" he was asked. "Don't say that I control the mar-ket," declared Mr. Patten. "I have not tried to corner wheat. No one man is big enough to do that. Harper, the Cincinnati banker, tried it twenty years ago and he was taught a lesson that no one who has anything to do with the wheat market will ever for-get. He was smashed and broken and he pulled down several banks to ruin in the crash. in the crash.

'All the cash wheat I own is here Chicago in elevators. I am selling every day to the mills. Our firm sells from 50,000 to 75,000 bushels a Cay to the mills. That is our bushels a for't control the cash wheat, for there are 14,000,000 bushels at the mills in the North." mills in the North."

"Don't make a sensational story out of the wheat market, for there is really nothing sensational in it. I have simply followed the market and have nothing to do with the price. The law of 'supply and demand regulates the price, and I have bought wheat because I thought that the supply is far below the demand, and f still think so. The crop in Argentina is estimated to be 60,000,000 bushels short, and the best experts in Europe figure that the mar-kets there will need 50,000,000 bushels of wheat that they have not been able 'Don't make a sensational story out of wheat that they have not been able

to get.' How about the losses of the millionaires of Wall street, who sold

short?" was asked. "I know nothing about their losses." said' Mr. Patten. "All I know is that there was a strong bear movement when wheat was at \$1.05 and \$1.08 a bushel. However, all the short selling in the world could not stop wheat from going upward."

"Have any of the New York million-aires asked you for a settlement?" Mr. Patten laughed and replied: "If they are really short they would Gregory's last stand. See page 11.

French Liberty

PARIS, March 7 .- The Social Revoluonists, as a protest against the vigorous measures of the government, tried to or measures of the government, tried to er-ganize a huge hostile demonstration against Premier Clemenceau today, at the unveiling of the monument exected to Charles Thomas Floquet, ex-Prime Min-ister of France,

President Fallieres, ex-President Loubet. many officials. Senators and Deputies were present, together with the members of various organizations. At the first sign of unruly manifestations a large force of police took steps to suppress the demonstrants, a number of whom were

In a lengthy talk Premier Clemenceau said those who denied the existence of a government of liberty in France today were "First, the reactionaries, who de-aired the return of a government of op-pression; second, the church, which only understood liberty as an exclusive privi-lege: third the revolutionists who third. lege; third, the revolutionists, who charged that their liberty was being invaded when the government was only protecting its own liberty."

## DRIZZLE ADDS DISCOMFORT

From Dredger and Falls Into Estuary-Rescued in Morning No Worse From Experience.

OAKLAND, March 7 .- Burled up to ATCHISON, Kan., March 7.-Karl Hale, 17 years old, confessed today that he killed Mrs. Jerome Hoover hast Wednesday. He declared, however, that the shooting was accidental. He was rescued today, and appeared none the worse for his experience. Angliar is employed on the dredger

Up to Chin All Night.

working in the canal and attempted to go ashore last evening on a narrow plank.

He lost his footing and plunged into the mud piled up along the 'shore, just out of reach of the tide. He gradually sank deeper and deeper until he dared cry out no more, for the water and slime reached his chin.

When morning came his faint calls were heard and he was dragged out, asking for no other restorative than food and sleep.

Says They Will Soon Be Built Big

Enough for 100 Passengers.

NEW YORK, March 7.-Lewis Nixon,

the well-known shipbuilder, spoke of the possibilities of aerial navigation in an ad-dress at the Richmond County Automobile Club's annual dinner last night.

Aeroplanes in war, Mr. Nixon said, would be used for scouting, the dropping of small bombs and the attack of large dirightes. The field of the helicopter probably will be largely on the warship, because of its ability to rise without a start

Cities soon would have regular landing

stations on the tops of houses, Mr. Nixon

said, and already persons were building docks where airships might alight safely. Based upon observation and calculations

made from results already obtained and hence in no sense speculative, it was safe to predict, he said, that the atrahip

would soon appear with a length of fre

2500 to 3000 feet, which could easily go with 100 passengers from here to Europe and return within a week.
