OLD LANDMARK WRECKED.-The work of wrecking and removing the old frame building on the north side of East Wash-ington street, between East First and Water streets, to make room for the plant of the National Cold Storage & Ice Com-pany, now nearly accomplished, removes some well known landmarks that had stood in East Portland for over 30 years. This row of frame buildings was once the scene of business activity when the Starkstreet ferry was in operation. At the corner of East First and Washington streets stood the station of the Oregon & California Railroad Company, where "Billy" Mail, now a prosperous real estate dealer, conducted a peanut and fruit stand. On the northeast corner of Wast Water and West water East Water and Washington streets stood a two-story hotel and saloon building, where many robberies were committed. It had winding secret passages where the unwary were enticed and robbed, but all have been torn down to make room for a modern fireproof structure. A block south a modern stone passenger depot is ilt, in marked contrast with the frame depot of 30 years ago, which was pulled down yesterday afternoon. A pile-driver is on the ground and by next week will start driving piles for the founda-tion of the brick building, which will cover a balf block and be three stories, and cost \$150,000.

and cost \$150,000.

Mr. Scott Wants Water.—Charles Stout, of Mount Scott, reports that the petitions for laying a 24-inch water main from the upper reservoir at Mount Tabor have been generally signed up, and are being gathered for submission. According to the petition the object of this main is to reinforce the present water supply, which is thought limited and wholly inadequate. If the main is laid as petitioned, the cost will be assessed to the property benefitted, but as there is a movement on foot to reinforce the water supply of the whole district south of the supply of the whole district south of the Powell Valley road, including Waverij-Richmond, Woodstock, Kenilworth, Midway and Sellwood from this 24-inch main, the cost will be spread over a large district. However, Mr. Stout fears that it cannot be put down in time to give relief to the Mount Scott district this Summer, which is what is wanted

RALEGAD GETS PROPERTY.—The Tunnel Townsite & Improvement Company has transferred to the Oregon & Washington Railroad Company 24 acres of the John Windle donation land company, at McKenna Crossing on the Peninsula, and also part of blocks 161 and 196, in University Park, for \$107,130. H. G. Sibray sold this property to the Tunnel Townsite & Improvement Company two years ette & Improvement Company two years ago, and he said yesterday the transfer to the railroad company places the land in the hands of the Harriman interests, for whom it was intended from the start. He said the railroad company now controls 80 acres at the McKenna Crossing and the transfer gives the railroad title to lands needed for switches and sidings handle traffic to and from the Swift ant and for connections with the St.

CITY NEWS IN BRIEF | BISHOP BELL HAS BUSY DAY,—Bishop William Bell, of the United Brethren Church, spent a busy day in Portland yesterday, and left for Spokane last night. While in the city he went over the loca situation with the ministers of the United Brethren Churches, and approved heartly the establishment of the Third Church at South Mount Tabor, which is under the charge of Rev. H. C. Shaffer, of the First Church. He also approved of the movement to form a fourth church in Portland, the location of which has not yet hear decided on. The Blahon visited yet been decided on. The Bishop visited Philomath College, finding that institution in better condition than at any time du ing the past ten years, the attendance being larger. A large farm was recently added to the endowment fund. It is expected that the General Conference we send Bishop Bell back to the Pacif Coast, as he is now thoroughly in touc with the various conferences. The mem-bership generally desire that he should be returned to this field, and he has said himself that he is thoroughly in love with the Pacific Coast. Bishop Bell is strongly in sympathy with the movement for or-ganic union, among the departmenters ganic union among the denominations and said he should speak for the move-ment before the General Conference which

eets in Canton, O., in May. DISPUTE OVER PAVEMENT. - There is some dispute as to whether crushed rock or hard-surface pavement shall be used in Improving Division street, between East Tenth and the city limits. Some time ago Councilman Rushlight started proceedings for a crushed-rock improvement, but the matter was not pushed, and recently a petition has been circulated for a hard-surface pavement, and it is said hat it has been signed by more than one half the property-owners. There is remonstrance against hard-surface im provement on the ground that the cost is more than the property will stand, and the advocates of hard-surface declare that to use crushed rock or gravel would be a waste of money, as it could not stand the great travel that comes in from the country over the Section Line road. The be decided by the petition having the ma-jority of property-owners signed. Council-man Rushlight thinks that it may be necessary to divide the improvement, using hard-surface for the west half and crushed rock on the eastern half of the where the lots are not so valu

LHEVINNE RECITAL PROGRAMME—Lhe-vinne's recital programme at the Heilig Theater next Tuesday night is the same with which he opened his brilliant season at Carnegle Hall, New York, last November. Among the numbers it will contain is the Schumann "Carneval." Of this the Times critic wrote: "Mr. Lhe-vinne disclosed in the 'Carneval' of Schumann that he has imagination and a sense of poetry, an understanding of the ardent enthusiasm and overflowing wealth of ideas that produced Schumann's won derful and variegated musical fantasy. Here he found expression for most of the diverse moods that enter into music. His sense of tonal beauty was never carried away with all the vehemence that found utterance in his playing. There were many passages of exquisite tonal coloring and it was a really beautiful per-

## SCOPE IS ENLARGED

Commercial Club to Continue Publicity Work.

#### WIDER CAMPAIGN PLANNED

Strong Committee Is Named to Outline Exploitation of Organization During Coming Year. Plan Generally Supported.

More extensive work is to be undertaken by the publicity department of the Port-land Commercial Club this year than ever before. This was decided upon at a meet-ing yesterday of 50 representative busi-ness men called by President Wetherbes, when a plan was formulated by which a fund of \$60,000 will be raised to carry on the work of the publicity department of the club for the next two years. A cam-paign will be started to extend over several days and an effort will be made to procure this amount. Heretofore the cost of the maintenance of the club's exploita-Under the plan adopted at yesterday's meeting every business man will be pernitted to assist in carrying on this work, as was done in Spokane and Scattle. It was the unanimous opinion that the exploitation work should be increased. Several of these present who have contributed results obtained, and pledged even larger amounts for its future operations.

During the past year hundreds of personal letters have been sent out to persons contemplating removal to this state, while the wide publicity given the colonist

rates, in effect at various times, through the literature circulated by the depart-ment has been of great value in encouraging immigration. At yesterday's meeting various plans were considered for rendering more ef-fective the work of the department. Theodore B. Wilcox delivered an address in which he expressed the hope that the exploitation branch of the club would reers of the club who will prepare an outine under which this proposed increase

will be undertaken.

In general it is proposed to increase the advertising in publications of wide circulation. Eastern publications in particular. The quality of the printed matter sent out by the club is to be im-proved and a much larger amount cir-culated. It was stated that much good cuinted. It was stated that much good has resulted from the work of the publicity department during the past five years and the opinion was expressed that it would be well to follow up this work with even wider exploitation of the state's resources and the appropriation of a larger fund for the purpose As to whether larger fund for the purpose. As to whether or not Tom Richardson will remain at the head of the department has not been

and Is Locked Up.

Miss Margaret Tannier, a comely young woman, who is cashier at Jones' market, 151 Fourth street, and who lives at 1924 Mallory avenue, says that Sing has made "goo-goo" eyes at her on numerous occasions, and that last night he dared to walt near the market and follow her home from work.

home from work.
Sing was arrested by Patrolman Adams last night at Williams avenue and Going street, where Miss Tannler made a frantic appeal to him to rid her of her Chinese adorer who followed closely in her wake and when opportunity favored tried to flirt with her. Flushed with indignation, she accompanied the policeman and related her story to Captain Moore. Sing

was locked up.
"Whasser malier pulliceman, makes
