Speculation Based on the Labor Outlook—Fears of Tariff Bill Surprises—Changes in the Money Market Attract No Interest.

NEW YORK, March 12.—The rather aimless drift of prices of stocks turned upward today.

There is some fear that the tariff bill, when it comes from the committee next week, may contain some surprises that will prove disagreeable to those interested in some of the industries affected.

Estimates of the week's currency movement were followed by languid interest in view of the continued pressure of funds for lending.

Bullish News From Argentina and Big Export Business at the Seaboard Are the Causes of the Bulge.

CHICAGO, March 12.—Wheat prices advanced more than 2 cents a bushel, owing to bullish news from Argentina and to brisk export business at the seaboard.

There was a general advance at the start, owing to an advance of 1/2 to 1 1/2d at Liverpool, which was largely due to a decrease of nearly 2,000,000 bushels in the Argentine wheat supply.

TRADE BEST IN WEST

BUT THERE IS STILL ROOM FOR IMPROVEMENT.

Woolen Distributors Will Send Their Salesmen on the Road

NEW YORK, March 12.—R. G. Dun & Co.'s weekly review of trade tomorrow will show that the woolen trade is better in the West than in the East, but is lacking in the desired animation.

Western distributors of dry goods report a satisfactory business, but conditions are less satisfactory in the coal and iron sections of the Middle West and among local jobbers.

TRAVELERS' GUIDE

Yakima Hogrowers Undecided. Many Think Land Can Be Put to Better Use.

NORTH YAKIMA, Wash., March 12.—(Special.)—Hogrowers in this section are in a quandary as to what to do with the land in the coming season—whether to attempt to raise hogs or whether to plant corn.

There has been considerable activity, however, in the hog raising business, and many contracts have been made as yet.

Conditions are such that it is difficult to make a fair return on the investment, that many hogrowers are inclined to devote their acreage to something else.
