STATE CAPITOL, Salem, Or., March 16 .- (Special.)-No appropriations for normal schools were made by the Oregon Legislature, which ended its special session at 8:40 tonight. The lawmakers quit the Capitol, leaving dead in the House a Senate bill granting the schools \$8000 each for maintenance until next June. The normal forces repudiated the bill and its supporters could not muster the two-thirds vote necessary to advance it to second reading. The vote on suspension of rules was 28 ayes to 16 noes.

This afternoon in the House, Repre-sentatives from normal counties sang swan songs. They declared indignantly that the members who killed the normal appropriations will be remembered in future politics and punished by the people. They asserted that the people wan the three normals supported. Jones of Polk angrily declared the normals more alive than ever. Mahone, their Multnomah friend, promised the people's venge ance, saying that since the normals have been driven into politics, their foes will get all the politics they want.

# Normal Friends Insistent.

Harrett, of Umatilla, averred that the Legislature had neglected one of its most important duties. Buchanan, representing Jackson County, denied that the normal forces were traders or logrollers. These men said the normals will stay spen until the people claim them next for Monmouth, Barrett for Weston and Buchanan for Ashland, each of them thanked their allies in the House.

Tonight on the question to suspend the rules for the bill in the House, Barrett

"I want every friend of the normals to vote no." The vote was:

Conference Is Denied. The bill passed the Senate this afternoon against but four votes-Albee, Johnson, Smith of Umatilla and Wood, It was the last declaration of the Sen ate to the House that the Senate would not keep up the three Normal systems. Earlier in the day the Senate refused to consider a proposal of the House for a conference committee and indefinitely postponed a joint resolution of the House for a referendum on each of the Normals next election. In the House Mahone made the motion for the conference committee and the Speaker named Mahone, Hawley and Buchanan, all Normal men, to represent the House, When they called on the Senate they were told by the leaders there that

the Senate had nothing to confer about. The Senate bill was introduced by Smith, of Marion, and originally approprinted \$10,000 for each Normal, erman demanded a less sum, and the il was referred to the judiciary committee, where the amount was \$8000 This completely disgusted the Normal forces, and they announced they would give it no support.

Before reference to committee, Smith of Umatilia, representing Weston, tried unsuccessfully to have the bill indefinitely postponed.

The amended bill was reported back from the judiciary committee. Johnson representing Monmouth, sought to head further consideration by proposing adjournment sine die. This mo tion was voted down and further discussion was shut off by Coffey, who moved the previous question. The bill

An interesting theory in connection with the determination of Man Ferrary

An interesting theory in connection with the determination of Miss Emery to marry Aokt in spite of her father's violent opposition, is that some days ago a relative of the Emery's called upon Dr. J. Wilson Shields and asked him if it were possible that the Japanese could be exercising a hypnotic influence upon Mrs. Emery and her daughter. Such a theory was held by friends and relatives. Dr. Shields admitted that the question had been put to him, but said he replied that it was a matter that concerned the Emery family, and that he would consider it bad taste to interfere. Aoki's mother, who is living at Oakland, is the latest to line herself up with those who are opposed to the mariage.

Taft Asks Congress to Do Nothing Else.

# MUST YIELD MORE REVENUE

Business Waits Until Job Is Completed.

WILL PRESENT BILL TODAY

House Committee Awalts Cushman's Approval as New Member and Keeps Measure Locked

WASHINGTON, March 16.-The mes. sage of President Taft recommending prompt and thorough revision of the tariff and its consideration at the extra session of Congress, to the exclusion of all other subjects, was received with loud and prolonged applause in both Senat and House. The message is brief and

to the point and is as follows:
"To the Senate and House of Represen tatives-I have convened the Congress ! this extra session in order to enable it to give immediate consideration to the revision of the Dingley tariff act. Conditions affecting production, manufacture and business generally have so changed in the last 12 years as to require a readjustment and revision of the import duties imposed by that act. More than this, the present tariff act, with the other sources of Government revenue, does not furnish income enough to pay the authorized expenditures. By July 1 next the excess of expenditures over receipts for the current fiscal year will equal \$100.

### Reasons for Quick Action.

"The successful party in the late election is pledged to a revision of the tariff The country and the business community especially expect it. The prospect of change in the rates of import duties always causes a suspension or halt in busi ness because of the uncertainty as to the is therefore of the highest importance that the new bill should be agreed upon and passed with as much speed as possible consistent with its due and thorough consideration. For these reasons, I have deemed the present to be an extraordinary occasion within the meaning of the Constitution, justifying and requiring the calling of an extra session.

"In my inaugural address I stated in mmary way the principles up in my judgment, the revision of the tariff should proceed, and indicated at least one new source of revenue that might be properly resorted to in order to avoid a future deficit. It is not necessary for me to repeat what I then said.

"I venture to suggest that the vital business interests of the country require that the attention of the Congress in this session be chiefly devoted to the consideration of the new tariff bill, and (Continued on Page 3.) ,.............

on Important Point.

ATLANTA, Ga., March 16 .- To call a man a liar in Georgia is a breach of the peace and means fight, declared the State Court of Appeals in a decision today.
