## SEA-GIRT ISLAND CAUSE OF TROUBLE

Chinese Revival of Japanese Boycott Based on Alleged Claiming of Pratas.

## JAPAN DENIES ANNEXATION

Question of Guano Rights on Group of Reefs Will Be Settled by Diplomats in Arbitration Session.

TOKIO, March 22.—Special dispatches received by Japanese papers from Hongkong and Peking indicate that the effort which is being made at Canton to again inflame the Chinese against the Japanese and bring about a renewal of the boycott on Japanese goods, because of the alleged occupation of Pratas Island by Japanese guano dealers, is apparently a movement on the part of some unknown propagandists to keep ill feeling between Japan and China stirred up in the hope of eventually causing a breach of the friendly relations between the two countries.

Pratas Island, which lies between Hongkong and the Philippine group, is 60 miles outside the boundary line of the Philippine Archipelago, and is considered a delicate bit of territory, unclaimed by any nation.

Old Report Revisited. A report was circulated in 1908 that it had been occupied by the Japanese Government and would be used as a naval base. At that time the rumor was branded as false and entirely unfounded by the Japanese. This denial is officially repeated by government officials, and it is further declared that the Japanese Government has never claimed whatever title to the sea-enclosed cluster.

## PARTY MUST WIN

"Oregon, Extra Dry, 1910," is Slogan of Prohis.

"SUCCESS, OR GOD IS DEAD"

Lively Meeting Held to Induce "Jarring Sects" to Come Into Fold and Work for Success of the United Prohibition Party.

"We are going to succeed. We must win. Either we shall succeed or God is dead in Oregon."

The object of this meeting was to bind the leaders of the various "jarring sects" working for reform along lines of prohibition into one party. While the desired end was not accomplished, the liquor traffic was given a terrific swat by the canned speeches of Eugene Chafin and himself as pledged with the progress made. This party on which their hopes are pinned is the Prohibition party and none other must be voted for. An effort was made to induce the W. C. T. U. workers to join in, but a letter from Mrs. Henrietta Brown, state president, stated she could not bind that organization thus.

## LEAGUE IS FORMED

Architects Organize and Elect Officers and Council.

PUT IN VERY BUSY DAY

Taken Around City in Autos, Given Luncheon and Dinner and Open Exhibit at Museum of Art With Private View at Night.

Local architects and those from other Coast cities attending the first meeting of the Architectural League of the Pacific Coast had a busy day yesterday.

At 10 o'clock the visitors were taken in automobiles for a tour of the city and later about two dozen repeated the trip. Between times there was lunch at the Commercial Club, where President Wetherbee welcomed the members, 60 attending the function.

A temporary organization was effected immediately after lunch, the meeting being called to order by Joseph Jacobberger, president of the Portland Architectural Club. B. F. Lawrence was chosen temporary president of the league and after the appointment of a committee to draw up a constitution and by-laws, the assembly adjourned to the Hay House, where an informal dinner was served at 6 o'clock.

A meeting was then held at the Museum of Art, where a private view of the exhibit of the architectural exhibition was given to members of the press and visiting architects. A permanent organization was effected, with the following officers: President, Willis Polk, San Francisco; vice-president, E. F. Lawrence, Portland; secretary, D. J. Myer, Seattle, and treasurer, Myron Hunt, Los Angeles.

## EXECUTIVE COUNCIL CHOSEN.

Rattenbury, Victoria, B. C.; H. Schutze, San Francisco; G. A. Applegate, San Francisco, and W. A. Walker, Los Angeles.

## AWAKENS, FINDS BED AFIRE

Ballard Resident Barely Has Time to Escape With His Life.

SEATTLE, Wash., March 22.—(Special.)—When Robert F. Miller, an engineer, 46 years old, fell from a gripper, awake in his residence at 6312 Fourteenth avenue Northwest, Ballard, at 11 o'clock this morning, the bed clothes were afire, flames were burning around his pillow and his hair was singed.

He barely had time to wrap an overcoat about his body, dash through the flames that were reaching across the doorway and down the stairway and escape to safety.

His pet bird dog, Grouse, valued at \$50, the pride of the family, tried to follow his master out, but lost his way in the smoke and died in the flames.

While her husband was groping his way down the stairs to escape by the front door, Mrs. Miller was calmly doing the family washing on the rear porch.
