BURBANK MONOPOLY IS OFF

No Incorporation of Wizard's Output of Hybrid Plants.
 SAN FRANCISCO, March 25.—The efforts of a group of local and Eastern capitalists to incorporate the results of the genius of Luther Burbank, the plant wizard of Santa Rosa, have failed. Some time ago the Law Brothers, of this city, and Oscar Blinner, of New York, announced that they had completed plans whereby the products of the noted naturalist were to be handled exclusively by a corporation which they had formed for that purpose. In giving his reason for not ratifying the agreement, Mr. Burbank made the following statement: "The early development did not indicate satisfactory future results either to the world or the parties involved in the

FIVE TELL KIDNAP STORY

Los Angeles Youths Say They Were Abducted by Wholesale.
 LOS ANGELES, Cal., March 25.—Relating a wild tale of abduction and a mad automobile ride through Crescent Bay cities, five Los Angeles school boys, who disappeared yesterday and for whom scores of relatives and friends searched throughout the city last night, were located about midnight in Venice. The boys, whose ages range from 9 to 11, say they were taken from the city by two men, who asked them if they wanted a ride through the city. Despite severe cross-questioning by the Venice police, the boys could not be shaken from their statements. They said they had repeatedly asked the men to be allowed to get out of the machine when they saw

PULLMAN CAR IS HELD UP

Highwaymen Get \$400 From Sleeping Passengers Near Denver.
 DENVER, March 25.—Two highwaymen entered a Pullman car in the Denver & Rio Grande yards, at West Denver, early today, held up the passengers, six in number, and the conductor and porter, and got away with about \$400 in cash. The only woman passenger, Mrs. N. R. Hussey, of Booth Bay Harbor, Me., was not molested.
 The car was part of Denver & Rio Grande train No. 3, which was held up at Military Junction a few weeks ago. The train was several hours late in reaching Denver, and the passengers of the Pullman were not awakened, but the car was backed down into the yards at West Denver to wait until morning.

About five minutes after the engine had

been detached, James A. Bruce, the colored porter, was dragged out of his berth by two masked men, who threatened to kill him if he made an outcry. One of the men stood guard over Bruce while the other awoke the occupants of the car, lined them up with the porter, and searched them.
 N. R. Hussey, of Booth Bay Harbor, Me., was relieved of \$89. Mrs. Hussey was sleeping in an adjoining berth, but in response to Mr. Hussey's pleading she was not disturbed. William I. Wallace, of Muscatine, Ia., was relieved of \$142. C. W. Griffey, of the Alta Mining & Smelting Company, of Florence, Ariz., was relieved of \$110, and A. W. Forest, of Columbus, O., gave up about \$100.
 The robbers took nothing but money. After completing their work the robbers marched the passengers, conductor and porter into a compartment at one end of the car, closed the door upon them

and then rushed to the other end of the car and jumped off.
