COAST TRIP MAKES WIZARD NEW MAN

Harriman at Ogden Surprises Newspaper Men by His Changed and Jovial Mood.

SCOFFS AT RETIRING IDEA

Railroad Magnate Pauses Long Enough in Eastern Trip to Look at Utah Properties and Joke With the Officials.

OGDEN, Utah., March 29.—President E. H. Harriman and a party of personal friends and prominent railroad officials, arrived from the West on a special train over the Southern Pacific at 9:15 this morning, and a few minutes later the special left for Salt Lake, where the visitors remained a short time before returning to Ogden, en route to New York City over the Union Pacific, Chicago & Northwestern, and New York Central roads.

A few minutes after the special rolled into the Ogden depot from the West, President Harriman emerged from his private car ensconced in a heavy overcoat, buttoned from his chin to his ankles, and a moment later he grasped Depotmaster Shields by the hand, inquiring if this was the best weather Utah could serve at this season of the year. He then asked if the newspaper men were on hand to apply the inquisitorial art for the benefit of the public.

Mr. Harriman was active, in splendid humor, and evidenced a greatly improved condition over that noticeable during his last visit to Ogden several months ago. His color was good, his eyes sparkled, and he was talkative, pleasant, genial and almost humorous at times.

Replying to queries submitted, the small, delicate-appearing and yet all-powerful railroad magnate said:

"My general health during the present trip through the Southwest and on the Coast has improved wonderfully, and I am feeling better physically than for a long time. I have been largely free from exacting cares, and have met with a kindly and cordial reception everywhere we have stopped. I am not in the invalid class in any sense of the term, and now feel equal to anything which may arise in connection with our railroad interests. In such a condition I am not likely to retire from active railroad service for a long time to come."

HARRIMAN ASKS NEW LAWS

Speaks Briefly at Salt Lake City on Railroad Legislation.

SALT LAKE CITY, March 29.—E. H. Harriman, the railway magnate, spent several hours in this city today while en route to New York from the Pacific Coast. In company with W. H. Bancroft, vice-president and general manager of the Oregon Short Line, and A. L. Mohler, general manager of the United Pacific, Mr. Harriman arrived from Ogden at 10:30 o'clock and was driven to the rooms of the Commercial Club, where an informal reception was held in his honor.

After the reception Mr. Harriman and party made a trolley trip over the city and attended a special organ recital at the tabernacle.

In a brief address at the Commercial Club reception Mr. Harriman made a plea for co-operation, saying:

"While the sentiment in favor of railroads is growing you must use your influence with your legislators, local and National, to wipe from the books the old statutes conceived in prejudice against railroads. Our hands are tied unless you can do this and we can do nothing."

Mr. Harriman left later in the afternoon for Ogden, whence he will continue East.

HARRIMAN GETS FIVE FINES

Penalties of $3000 and $1000 Each for Conspiracy Given.

SALT LAKE CITY, March 29.—In the United States District Court today, Judge Marshall fined the Union Pacific Railroad Company, the Oregon Short Line, the Union Pacific Coal Company and J. M. Moore, manager of the Union Pacific Coal Company, $3000 each.

Everett Buckingham, division traffic manager of the Oregon Short Line, was fined $1000.

These fines are the result of a suit against the coal company and two railroad companies by the D. J. Sharp Coal Company, of this city, who alleged that the defendants had conspired and had refused to haul coal previously purchased by the Sharp company. These charges were sustained at the trial by a jury, who found the defendants guilty of conspiracy in restraint of trade and in violation of the anti-trust law.

The defendant railroad companies have given notice of an appeal to the Supreme Court of the United States.

HARRIMAN STOCKS LEAD RISE

Southern Pacific Reaches 123, Record Price for That Stock.

NEW YORK, March 29.—Following London's lead, where the market was strong as a result of the reported settlement of the Balkan situation, the stock market displayed unusual activity today, and prices generally were higher. The business of the first and second hours more than exceeded many full days of last month. The active issues made gains ranging from 1 to 2 points, and this advantage was increased in certain of the special issues, notably Consolidated Gas and National Lead.

The Harriman issues led the market. During the noon hour there was some letup in the activity of the early session, but prices held in spite of considerable realizing for profits.

Southern Pacific sold at 123, a new high record for that stock.

WALL FALLS; THREE DEAD

Two Others Perhaps Fatally Hurt in Los Angeles.

LOS ANGELES, Cal., March 29.—Three men were instantly killed, two others seriously, if not fatally, injured, and a half dozen more had narrow escapes from death at 10 o'clock this morning, when a brick wall of the old jail building adjacent to the courthouse at Broadway and Temple street collapsed while it was being razed, burying members of the gang of workmen beneath tons of brick.

Foreman Frank Rowe, in charge of the workmen, was among those killed. His body, with two others, was removed to Breese Brothers' morgue. The injured were taken to the receiving hospital. The names of the dead and injured workmen were not known at first, in consequence of the confusion resulting from the accident, Foreman Rowe being the only man who knew the names of the men in the gang. D. Hennessey is the contractor for the work.

The building, a three-story brick, was being torn down to provide a site for the new county hall of records. The walls were old and weak.

Rowe's mother arrived on the scene shortly after the accident and swooned when she saw the body of her son carried from the ruins.

M. Wanderen and John Beard were the names of the other two men killed. Beard leaves a widow and family.

Louis Lombard and C. Kane were the seriously injured men.

MANIA CAUSES MURDER

EX-GOVERNOR'S AUNT SHOT BY RELATIVE WHO KILLS SELF.

John Collins, Prey to Melancholy, Shoots Miss Nichols in Home of McDonald.

DENVER, March 29.—John Collins, father of Mrs. Jessie McDonald, wife of ex-Governor McDonald, this morning shot and fatally wounded his sister-in-law, Miss Sarah Nichols, and then killed himself at the McDonald home, 1151 Logan avenue. Miss Nichols was Mrs. McDonald's aunt on her mother's side.

Mrs. McDonald said she believed her father to have been mentally unbalanced from melancholia and could ascribe no motive for the shooting. She said also that there had been no trouble between Mr. Collins and his sister-in-law and that friendly relations had always existed between them.

Mr. Collins, who was 60 years of age, was heard yesterday by one of the maids in the McDonald residence, to say that he would not live long. He came to Denver about two months ago from Plattsburg, N. Y., his old home, and has been living at the McDonald residence, which has been his habit periodically for many years. He was sitting in a rear room of the house talking to Miss Nichols, when she arose and went into another room. Collins followed and, drawing a revolver, fired. Miss Nichols fell and Collins killed himself. Miss Nichols' condition is precarious.

Ex-Governor McDonald is on his way from Leadville, having been informed of the tragedy at his house.

DROVE OXTEAM ACROSS THE PLAINS IN 1847.

Mrs. Charlotte Thomas, Deceased.

ALBANY, Or., March 29.—(Special.)—Mrs. Charlotte Thomas, one of the oldest pioneers of Linn County, died Sunday morning at the home of her daughter, Mrs. Arilla Burkhart, near Lebanon. Mrs. Thomas was born in Tennessee in 1825, and crossed the plains to Oregon in 1847, herself driving one of the ox-teams of a long train nearly all the way. She was married in 1848 to John Thomas, and settled near the town of Lebanon, Linn County. Her husband died in 1904, since which time she had made her home with her daughter, Mrs. Burkhart. Mrs. Thomas is survived by six sons and three daughters, all of whom live in this state. Mrs. D. M. McLaughlin, of Portland, is a niece of the deceased.

GOVERNMENT WINS COAL LAND SUITS

Reacquires 1440 Acres in Utah and Also Gets $200-000 in Fines.

CASES BITTERLY FOUGHT

Utah Fuel Company Finally Enters Plea of Guilty and Admits Property Was Acquired Under Dummy Entries and Fraud.

SALT LAKE CITY, March 29.—A notable victory was won by the United States Government in the District Court today when the Utah Fuel Company paid into court $200,000, and pleaded guilty to the charge of having obtained coal land by fraud.

The company, a subsidiary corporation of the Rio Grande Railroad, together with Henry G. Williams, Robert Forrester, George A. Moore, W. D. Foster, B. N. Clark and Alexander H. Cowie, officers and employes, was indicted by a Federal grand jury in April, 1902, for having obtained title to 1440 acres of coal land in Sevier County, Utah, through dummy entrymen.

Big Legal Fight Made.

The validity of the indictment was attacked, as was the constitutionality of the law under which it was brought. Both law and indictment were sustained ultimately by the Supreme Court of the United States, and the defendants were on the verge of trial by jury when the surrender took place.

The plea of guilty was entered today by J. F. Vaile, general counsel for the fuel company. The court assessed a fine of $3000 and judgment for $192,000 in favor of the Government for coal taken from the ground. The land reverts to the public domain, and the company loses the $14,400 fee originally paid, as well as the further sums paid to the dummy entrymen through whom it was taken up.

Indictments Are Dismissed.

The indictments against the individual defendants were dismissed, as were five counts in equity involving many thousands of acres taken up by dummies as agricultural land and afterward turned over to the fuel company. Special Attorney Fred A. Maynard, who has prosecuted the coal cases for the Government, explains the dismissal of the equity cases by saying that the land involved had been bonded, and the bonds sold through the Morton Trust Company of New York to innocent purchasers. Rather than reimburse these purchasers to the amount of $2,000,000, it was deemed advisable to accept the plea of guilty in the criminal case and let the title to the bonded property remain undisturbed.

An indictment for perjury against Thomas A. Moore, which grew out of the testimony before the grand jury, was also dismissed.

In reacquiring the 1440 acres involved in today's action, the Government is enriched to the amount of $100,000, that being the appraised valuation of the Sevier County land at the present time.

ARCHDEACON STEPS DOWN

Bishop, However, Not Likely to Accept Emery's Resignation.

OAKLAND, Cal., March 29.—Archdeacon Emery, who for almost a decade has presided over the missionary field of this jurisdiction, has resigned. His formal resignation, together with a letter explaining his reasons for desiring to sever his connection with the diocese of California, has been placed in the hands of Bishop Nichols, who has, however, not yet seen fit to act upon it or to make the letter public.

The notoriety coming at this time through the marriage of his daughter, Helen Gladys Emery, to Gunjiro Aoki, has been a source of great worry to the clergyman, and because of the interest and criticism it has excited throughout the state, he thought it best to resign.

SAN FRANCISCO, March 29.—When asked regarding the reported resignation of Archdeacon Emery, Bishop Nichols would say no more than:

"I see no reason at all why his resignation should enter into this trouble."

GIRL NOW SUBJECT OF JAPAN

Wife of Aoki Renounces Citizenship by Marriage to Japanese.

SEATTLE, Wash., March 29.—Mrs. Gunjiro Aoki by her marriage renounced all rights as a native-born American woman when she stood before the altar of Trinity Episcopal Church. The laws of the United States provide that when an American woman marries a foreigner she becomes a subject of the governing power to which the husband owes allegiance. In this case Helen Aoki becomes a subject of the Emperor of Japan.

Rev. H. H. Gowen, of Trinity Episcopal Church, has been severely criticised for uniting the couple. He says he opposes Japanese, but with the consent of the girl's parents and a license to wed he considered it his duty to perform the ceremony.

Augustus Armstrong, the attorney, who sued Archdeacon John Emery for $4,999.99 for fees in connection with the marriage, this morning withdrew his suit. He announced that if he was not paid he would bring a similar action against Emery in the home county of the archdeacon.

JAPS DO NOT LIKE HAGUE

Arbitration Plan for Manchurian Troubles Fails to Appeal to Them.

CHICAGO, March 29.—America's reported support of China's proposal to submit the Chinese-Japanese-Manchurian differences to The Hague tribunal is not believed in Japan, where the deterrent effect of the arbitration of the house tax dispute is still felt, according to a special cablegram from Tokio to the Daily News, today.

Japan, it is declared, always is prepared to settle differences in the most conciliatory way, but the Chinese officials shrink from the responsibility, erroneously believing it to be safest to delay a settlement in Manchuria.

BAND OF INDIANS BEATEN

(Continued From First Page.)

morning in the North Canadian bottoms. We chased them for a mile and a half and they escaped into the Concharta Mountains. We returned to Pierce and stationed our pickets within 250 yards of Harjo's house.

"At 1:30 the Indians returned and fired on the pickets. During the battle the house of Harjo was fired. The smoke soon became so dense that we could not see where to fire, and we retreated. Then remembering that a detachment of militia had been reported in that part of the country, we feared that they might take us for Indians.

"We hid in a ditch and remained until the smoke had cleared away and then made another dash for the Indians. They had again escaped to the mountains, and we arrested two Indian women. They would not talk and we released them. None of our men was wounded.

"There is danger of the Indians returning to the houses of the whites. They can easily emerge from the mountains, fire the houses and retire before officers can get to them. Some of our men have gone to McAlester after bloodhounds and will meet us at Pierce before morning. We are going to clean up this bad set of Indians and negroes if it takes us three months."

NEW ARCHBISHOP ARRIVES

Rt. Rev. Dennis O'Connell Will Succeed Archbishop Riordan.

SAN FRANCISCO, March 29.—Right Rev. Dennis O'Connell, the newly-appointed auxiliary archbishop of the diocese, presided over by Archbishop Riordan, arrived in this city today from Los Angeles. His reception at the scene of his future labors was informal. He was met across the bay by Rev. Fathers John Cantwell and Charles A. Ramm, secretaries to Archbishop Riordan, to whose residence he was conducted.

On Friday he will be given an informal reception, when he will meet the clergy of the diocese. Several other receptions are planned for the near future. He expects soon to take up the work of visiting the different parishes and administering the sacrament of confirmation. Within a short time Archbishop Riordan will take a trip to Europe to secure muchneeded rest.

Bishop O'Connell was formerly rector of the American College at Rome, and later head of the Catholic University at Washington, and already is known to many Catholics on this Coast.
