Colonel Hoffman, in Command of Pursuit, Says Newspaper Notoriety Has Added to Uprising's Strength.

GUTHRIE, Okla., March 31.-Crazy Snake has been captured. He is being held under heavy guard at Thompson's farm, west of Checotah. This was confirmed by telephone message from Checotah at 1:30 this morning. He will be taken to jail in Muskogee at daybreak. Crazy Snake is badly wounded in the

Nine prisoners were taken to Muskogee tonight and placed in jail there, and seven to Checotah.

Frank Cocker, a Seminole, has been arrested charged with the killing of Mar-shal Baum and Deputy Odom during the fight at Crazy Snake's house Saturday.

Seminoles May Rise.

The people in that district are badly frightened over reports that the Semi-noles are arming to join Crazy Snake's Negro agitators are working among the Indians.

It is charged that efforts are being made to belittle the trouble on account of its unpleasant notoriety to the state. A dispatch from Henryetta said military officers had admitted unofficially that 13 negroes and Indians had been killed since Thursday.

Thomas Watson, a prominent citizen of Sapulpa, said today that the bodies of nearly 30 negroes had been found near the scene of the original disturbance, near Crazy Snake's home,

Death List Grows.

Deputy Sheriffs Frank Jones and William Clarke told a staff correspondent of the Daily Oklahoman that they had good reason to believe that more than Marshal Baum and Deputy Sheriff Odom were killed in Saturday's fight. While digging in the ashes of the razed home of Crazy Snake today, the correspondent found the charred bones of four men. Jones and Clarke investigated and were convinced that several Indians were urned. They say killed in the fight and their bodies cremated by their companions.

Trouble Over Year Old.

Trouble has been brewing in this secon for a year over the allotment of lands. Crazy Snake persuaded his clansmen, many of them negroes and halfbreeds, not to accept the allotment. The old chief stands for all the traditions of his race, especially that of the unrestricted hunting-grounds. Although many of his tribesmen secretly sent their al-letments, they dared not tell their leader, who would have expelled them from the munity.

For a year the redmen and negroes, refusing to remain on their farms, had lived as nomads, to the great detriment of chicken-roosts, clothealines and pas-

Deputy Sheriff Patee started a week ago for the Hickory Stanmping Grounds to arrest an Indian who had sold his farm too often. The warrior seized a and refused to inhabit the white man's jail. His comrades also armed themselves and the deputy retreated.

Outbreak Was Sudden.

The following day-Wednesday-Pates returned with a small posse, including farmers named Krops, Johnson and Fawler, whose homes, being near the Stamping Grounds, were in jeopardy. Fawle The others retreated and the Indians celebrated their victory by riddling with bullets the homes of Krops, Johnson and

Meanwhile Crazy Snake was at his home near Pierce, about 15 miles from here. He had passed some time in Washington, and the Creeks were gathering from far and near to hear his repor Sheriff Odom, regarding the old chieftain as at the bottom of the resistance which had been met, resolved upon his arrest. It was in this attempt that the Sheriff's son and Deputy Baum were killed by a volley fired from Crazy

This started the trouble. Governor Haskell ordered the First Regiment, Oklahoma National Guard, to the scene, and another and larger posse was formed. Before the militia arrived this posse encountered the Snake, and there was a lively exchange of shots, during Barnett was slain. With the arrival on Sunday of the guardsmen, 125 strong, the Indians took to the hills and scattered.

TAXES PAID SEVEN YEARS

American Smokers Have Lost \$45. 000,000 on War Charges.

WASHINGTON, March 30,-What is designated as a "joker" that cost the consumers of tobacco in this country nearly \$45,000,000 was found today in the existing revenue laws, by Representative Dawson of Lows, who at once introduced a bill to correct the error by restoring packages to their original sizes.

Under the Dingley tariff the two-ounc packages of tobacco sell to the consumer at 5 cents each, and the four-ounc packages for 10 cents. In 1898 a war revenue tax of 6 cents a pound additional was levied. At the same time, in order to serve the convenience of the trade, authorization was given for the redution of the size of packages from 2, 3 and 4 ounces to 31/2 and 31-3 ounces, thus enabling the smoker to procure a fivecent and a ten-cent package of tobacco

The war revenue tax was repealed, but he packages of tobacco remained the same size. Since 1902 the consumers of tobacco have been paying the equivalent of the war revenue tax to manufac-

Harriman Says That Is What He Would Do.

HIS REPLY TO ROOSEVELT

Told President Five Years Ago He Was Wrong and Events Have Proved It-Change of Sentiment in the West.

DENVER, March 30.-If E. H. Harrinan could have his way, he would bring all the railroads in America into one giant combination, under one head, and begin immediately the expenditure of \$250,000,000 or \$300,000,000 in improving the weaker roads, both physically and financially. In this way he says he believes he could do the greatest good to the Government, the people of the United States generally, to the shippers individually and finally to the owners of rallroad stock.

Throw Cloak Over All.

Mr. Harriman spent two hours in Denver today as the guest of the Chamber of Commerce, then departed on his eastward journey.

"If we could, we would throw our cloal over the weaker lines throughout the country and begin immediately the ex penditure of between \$250,000,000 and \$300,000,000 to improve them," said Mr. Harriman in an informal talk at the Chamber of Commerce. "It ought to be done immediately and I think I can qualify as an expert on these matters. WASHINGTON, March 30.-There is mminent danger that the Payne tariff bill will be seriously delayed in its construction by the House. President Taft conferred today with Speaker Cannon, Representatives Payne and Dalzell. It is understood that the House leaders impressed the Chief Executive with the unfavorable situation regarding the bill and the difficulty of getting the Republican

members in line to vote for a rule which would expedite the passage of the measure It was conceded tonight by several Republican leaders that it would be impossible to pass a rule restricting amendnents to the bill until some time next week, and then only by granting the denands made by a number of members that certain important schedules be open to amendment. Those members who oppose a caucus do so on the ground that would attract the attention of he country to the fact that the members of

the majority in the House are at odds regarding the bill. As a means of settling the differences that exist and securing general support to a rule restricting amendments entirely to those which the ways and means committee will offer, they propose that the committee should recommend changes that will take the countervailing duty on coffee out of the bill and strike out the tariff on tea.
