HILL EXPECTS END OF TERMINAL FUSS

Says Harriman Talked Matter Over With Him.

CONFERENCE ON POINT ALONE

Division of Territory or New Lines Not Discussed.

NORTH BANK TO USE DEPOT

Harriman Wishes to Purchase Adjoining Property of S. P. & S. Terminals and Hill Gives Impression Sale Will Be Made.

SAN FRANCISCO, March H .- (Special.) ouls W. Hill, president of the Great Northern road, who is at present at Delmente, declared in an interview today that the only subject considered by him self and president El H. Harriman, of th Southern Pacific, at their recent con ference at Burlingame, was the question permitting the use by the Spokane Portland & Seattle Rallroad of the Port land terminals belonging to the Northern Pacific Terminal Company, the majority nterest in which is owned by the South

He declares that the published state ments that Harriman and himself con sidered at their conference any question of division of territory, or any agreement to build or not to build new track, are entirely without foundation. President till said:

'My attention has been called to certain articles relative to the scope and result of a conference recently held between El H. Harriman and myself a

Only One Question.

There was not considered at this con ference any question of division of ter-ritary, any agreements to build or not to build any branch lines, or any subject connected with the general policy or future action of any interest represented. The subject of the conference was of a purely local and not of general interest.

The simple facts are these: Mr. Harriman and myself met by accident in Southern California, while each of us was on a vacation. There existed a controversy regarding the use of the Portland terminals, belonging to the Northera Pacific Terminal Company, by the Spokane, Portland & Seattle Railroad Company, which has just recently con menced operation. The Spokane, Portland & Seattle desired an entrance the terminals at Portland, the majority nterest in which is owned by the South ern Pacific. The terminal company desired to purchase of the Spokane, Port-Seattle certain property which the latter owned, for the purpose of enlarging and extending terminals. The local representatives had been unable to agree upon the sale of this property, and the admission of the Spokane, Portland & Seattle to the terminal facilities.

Much Progress Made.

"With a view of providing some arrangement for co-operation in providing ecessary extensions and improvements to the facilities of the terminal company, the local representatives of the Southern Pacific, Spokane, Portland & Scattle, and Northern Pacific were summoned to Call fornia to attend a conference between Mr. Harriman and myself. This conference had for its purpose solely the settlement of the Portland terminal question. other subject was in contemplation and no other subject was discussed.

I may add that much progress was made toward a solution of the question under consideration, and it is confidently that an agreement will be reached which will be satisfactory to the and when such an agreement is reached the public will be fully advised as to its nature. I have been in telegraphic communication with Harriman, the agrees with me that these newsp reports should be corrected and the real purpose of our conference given to the

AGREEMENT IS NEAR-O'BRIEN Declares Portland Terminals Will Soon Be United.

That he expects the Portland terminal matter to be settled within the co week was the statement of J. P. Hill, of the Great rthern, will come to Portland about April 5, and it is expected then to end the existing terminal differences.

The impending settlement will, it is believed, result in a common terminal where all lines entering the city have ample facilities to carry on their The North Bank trains will be allowed access to the Union depot and the freight facilities in North Portland, unquestionably, will be made common prop-The Oregon & Washington, the Harriman line to Puget Sound, will play no part in the settlement, it is given This project, it is understood, is to go ahead as already started without reference to the local situation at Portland in regard to terminals.

The conference on the terminal situation was satisfactory in a general way." (Concluded on Page 14.)

Navy Department Puzzled as to How to Obtain Funds for Entertainment of Officers.

WASHINGTON, March 31 .- (Special.)-The Japanese cruisers Aso and Ijichi will risit San Francisco about April 25, ac ording to advices received at the Navy Department. The two Japanese cruiser are being ufflixed for training purposes and carry 180 cadets. The ships are under command of Admiral Ijicht. They were captured during the Russo-Japanese war, and were formerly called Bayan and

The entertainment of the Japanese visitors is a serious problem. The Navy Department has no special entertainment fund, and the only thing that can be done is to take a small amount from the contingent fund. A certain sum has beer set aside for the purpose by Secretary Meyer, but it is not enough to give th Japanese sallors nearly as claborate an entertainment as the Japanese gave to the sailors of the American fleet. After visiting San Francisco the two cruisers will go to Scattle.

Tariff Framers Change Provision for Wheat Drawback That Interior Mills May Not Be Hurt by Coast Mills.

WASHINGTON, March 31.-The situation with which the leaders of the House find themselves confronted in dealing with the Payne tariff bill continues to give the greatest concern at the White House. It was said today that President Taft had been directly appealed to by Speaker Cannon and Representatives Payne and Dalzell. The tactics of the insurgents are worrying the leaders more than they are willing to admit, and it is to bring these recalcitrants into line that the President's aid has

Break Faith With Taft.

It has been reported to Mr. Taft, according to current report, that the insurgents are not living up to the letter of the verbal agreement they made with him at the time of the fight against the House rules. It is said the insurgents pledged uselves not to oppose the tariff bill if the President would agree to keep his

To remedy the objections to the extended drawback provisions of the bill, Republican representatives from the wheat-growing states of the West have submitted to the ways and means committee an amendment in the nature of an additional provision to the drawback section. Their principal contention is that the Payne provision would result in the manufacture of flour for export at the cities along the Atlantic seaboard instead of at Western mills, as is the custom now. In order that the Western manufacturers may retain the export trade, it is proposed that any article manufactured of grain raised in the United States, in order to
