

VOLLEY OF WORDS HITS PAYNE BILL

Denounced as Pretext and Sham by All Democrats, Some Republicans.

DE ARMOND IS SARCASTIC

Says Problem Was How to Make the Least Change—Burnett Accuses Committee of Being Ungal-lant Towards Women.

WASHINGTON, April 1.—General debate on the tariff was continued in the House of Representatives today and tonight. The Payne bill came in for its usual condemnation as a pretext and sham. Gurnea of West Virginia and McCall of Massachusetts, both members of the ways and means committee, defended the measure, although the Massachusetts member wanted something specific in it regarding the course to be pursued toward the Philippines.

How to Make Least Change.

The method of preparation, consideration and probable passage of the bill was the basis of a speech by De Armond of Missouri. Good judgment and fairness and patriotism should be made the basis of the formation of a tariff law, he said, not mere partisanship. The Payne bill, he declared, should have been considered by the ways and means committee and not by the Republican members alone. The whole question now in the minds of those who have presumed to take charge of it in the House, he asserted, was not how to improve the bill, but how to get the bill through with the least change by the "dangerous commoners," the members of the House.

His sarcastic description of the methods by which the Republican leaders were trying to get the bill through brought great applause from the House. He declared it his right to vote on every part of the bill and protested against his district being deprived of a vote, as he said, was proposed by the Republican leaders.

De Armond charged, in supporting the proposition for free lumber, that the lumber schedule was drafted under special interests or the committee was deceived.

In the opinion of McCall, the bill should be amended by "declaring in ten years of drifting just what it means to do with the Philippine Islands.

It was the belief of most of the traders today that a bull market is on again with renewed vigor, and that the trend of July wheat will be irregularly higher. As regards the May option, there is no telling how high it will sell, as the bulls are still in control.

INDIAN REBELLION VIRTUALLY ENDED

Crazy Snake Still at Large, but Is Warned to Come in Before Reward Offered.

HUNDRED PRISONERS TAKEN

Oklahoma Papers View Uprising as Considerable of Joke and Expect No Further Trouble From Braves and Negroes.

GUTHRIE, Okla., April 1.—What a Muskogee newspaper calls the "smoked beef rebellion," alleging it to be considerable of a joke, is all but ended. In a day or two the militia, it is expected, will be withdrawn. McIntosh County will feed between 80 and 100 prisoners, not one of whom resisted arrest, and Chittl Harjo, otherwise Crazy Snake, will exercise due caution about appearing in public.

Crazy Snake was not captured today, nor did he respond to a widely-distributed invitation to surrender.

The picturesque posse quitted the hunt, leaving the field to the First Regiment, O. N. G. Colonel Hoffman sent squads through the river bottoms and previously unexplored gulches in this vicinity, while Major Barrett, spreading his men, numbering 100, into extremely open order, advanced through the Hickory Woods. Crazy Snake, however, was elsewhere.

Meanwhile Colonel Hoffman held an extended pow-wow with the fugitive's sister. The latter succeeded in convincing Hoffman that she knew nothing of her brothers' whereabouts.

"Very well, then," responded the Colonel, "it is up to him. He has 24 hours more in which to put himself under protection. He should do it, as the next step undoubtedly will be the offering of a reward for him, dead or alive."

It is believed likely that Crazy Snake will wait until the excitement has subsided completely and then emerge from his hiding place.

RAISE TARIFF ON HOPS

COMMERCIAL BODIES TRY TO PROTECT INDUSTRY.

Oregon and California Appealing to Congressional Delegates at Washington to Use Their Influence.

At the instance of Secretary Arthur R. Briggs, of the California tariff revision committee, the board of governors of the Commercial Club will take up the matter of forwarding a resolution to the Congressional representatives at Washington on the question of raising the tariff on hops.

As Oregon is the leading hop state of the country, the matter is one of vital interest. The resolutions proposed by Mr. Briggs will be brought before the next meeting of the board.

The Ways and Means committee on tariff revision is at present considering the matter, and it is thought that if strong moral pressure can be brought by the Pacific Coast Senators on the committee some appreciable action may result. The matter has already come before the Merchants' Exchange and Chamber of Commerce of San Francisco, and a motion similar to that adopted by the California tariff revision committee was forwarded to Washington.

SCIATICA LOSES ITS TERRORS

This Disease Is a Form of Neuralgia and Is Cured by the Remedy That Cures Other Forms.

Sciatica is neuralgia of the sciatic nerve and the treatment should be the same as for other forms of neuralgia. Lack of blood is almost always associated with neuralgia. Build up the blood, the impoverished nerves are fed and the neuralgia pains disappear. Absolute rest is the best aid to proper medical treatment.

So many severe cases of sciatica have been cured by Dr. Williams' Pink Pills that every sufferer is justified in giving the treatment a thorough trial. A recent cure is that of Mr. L. H. Smith, a farmer, of Bolivar, Ohio, who says:

"I think the sciatica in my case was caused by a heavy fall on my left side. I kept on working after the injury which had left my leg and hip very sore. The pains were severe and cutting and were worse whenever I climbed up and down stairs as I had to do every evening for I was employed as a night watchman at that time. The pains extended down to my foot and were constant unless I sat down and placed my leg out straight. Often I was forced to use crutches. The pains were so severe that I could not get more than two and one-half hours' sleep at a time.

"The doctor's medicine did not agree with my stomach and did not help me. I was under the care of different doctors for eight or ten months and then gave them up and started to use Dr. Williams' Pink Pills. I experienced relief sooner than I had hoped for and took several boxes of the pills. I am now in good health, the pains have entirely left me and I can use my leg without the slightest pain. I think Dr. Williams' Pink Pills have no equal and recommend them hoping I may be the cause of some sufferer getting relief."

If you have sciatica, or sciatic rheumatism, and the treatment you have taken proved of no benefit, it is time that you tried the remedy that has cured so many stubborn cases—Dr. Williams' Pink Pills.

These pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.
